September 1, 2009

Dear Colleagues,

Frequently, we receive positive comments related to the relationship between Western Illinois University and the school administrators in this region. The University is committed to maintaining a supportive role for area administrators. Over time, the Administrators' Round Table of Western Illinois has remained a vital link between the university and practicing administrators. We want to continue to sustain this strong link and even strengthen our relationship.

We believe that the activities of the Administrators' Round Table of Western Illinois enhance your district resources by providing an opportunity to receive and discuss information related to significant issues in the state and region. The Round Table also provides a forum in which to share your views with colleagues from the area.

This is an invitation for your district administrative team to join the Administrators' Round Table of Western Illinois. Please consider the value of membership. We believe we have planned an exciting schedule for the upcoming year and we encourage you to join.

Enclosed you will find:

- a membership form
- a schedule of meeting dates for the 2009-2010 year
- a tentative agenda for the October 9, 2009 meeting
- minutes from the April 17, 2009 meeting

If you are interested in presenting a program for the Administrators' Round Table or would like to see a program presented in a particular area of interest, please contact the Educational Administration Office of Western Illinois University at 309-298-1070. We welcome your continued support. Thank you for participating in the Administrators' Round Table of Western Illinois.

Sincerely,

John Closen, Secretary
