

## **Minutes, McDonough County GIS Committee**

The **June 2004** meeting of the McDonough County GIS Committee was held on Friday, June 11 at 3:00 PM at the McDonough County GIS Center. The following persons attended the meeting:

Dr. Charles Ehlschlaeger, Western Illinois University  
Dr. Chris Sutton, Western Illinois University  
Dr. Charles Gilbert, City of Macomb  
Dr. Dan Wise, Western Illinois University  
Brock Terry, McDonough County Assessor's Office  
Noel Oliver, 911/Macomb-McDonough County Communications Center  
Gary Ziegler, Western Illinois Regional Planning Council  
Susan DiGrino, McDonough County Health Department  
Tad Wesley, Key Agricultural Services, Inc.  
Dean Wesley, Key Agricultural Services, Inc.  
Claude Hanhart, Western Illinois University

Agenda items discussed at the meeting included the following:

Various problems with the 911 road layer were encountered when trying to geocode: many road segments have their address ranges on the wrong side of the road. Some roads were not digitized. Road names need to be checked, including alias names. The GIS Center is developing a quality assurance procedure addressing all problems. This work will be based on the MSAG provided by 911.

The GIS Center still has to wait for ordering the survey grade GPS equipment. A project outline for the McDonough County Highway Department Bridge Project was distributed at the meeting.

Both the McDonough County GIS Center Data Products/License Agreement and the McDonough County GIS Center Data Products documents have been approved at the meeting and need to be revised by an attorney.

The GIS Center is willing to support the U.S. Census Bureau towards a more accurate 2010 census by providing various data layers.

The next GIS Committee meeting is scheduled for **Friday, July 9, 2004 at 2:00 PM**, to be held at the McDonough County GIS Center, Western Illinois University, 203 Tillman Hall.

The meeting was adjourned at 4:10 PM.
