

# New Provider Enrollment System for the Illinois Medical Assistance Program Illinois Medicaid Program Advanced Cloud Technology (IMPACT)

## Key Points about IMPACT

- Online System
- Convenient
- User-friendly
- Two-phase implementation

## Important Dates

**May 29, 2015** HFS (Healthcare and Family Services) no longer accepts paper forms and HFS forms are removed from Provider Connections CBO Application

**July 2015** IMPACT goes live with Phase I

## IMPACT will

- create a web portal for submissions and updates
- reduce paperwork

Early Intervention providers have 2 classifications: typical and atypical. Typical providers will be enrolled in IMPACT beginning in July 2015. Atypical providers will be enrolled in Phase II, beginning in 2016.

## Typical Providers

- Assistive Technology
- Board Certified Behavior Analyst Developmental Therapist
- Developmental Therapist Hearing
- Developmental Therapist Vision
- Licensed Clinical Professional Counselor
- Licensed Clinical Psychologist
- Licensed Clinical Social Worker
- Licensed Dietitian Nutritionist
- Licensed Marriage and Family Therapist
- Licensed Professional Counselor
- Licensed Social Worker
- Licensed Speech/Language Pathologist
- Occupational Therapist
- Physician
- Physical Therapist
- Registered Nurse
- Transportation

## What this means for you

**May 29, 2015** No new EI Credentials will be issued after this date until the IMPACT system is available and providers have enrolled in the IMPACT system.

**Current Credentialed Providers** listed in the Typical category above, will be required to revalidate their enrollment with HFS through the new IMPACT system once it becomes available in July.

This memo is related to Early Intervention only. If you are enrolled with HFS for other services/entities you may need to revalidate for them also.
