Re: August 2018 Strategic Plan Update

This month's *Strategic Plan Update* seeks volunteers from the university community to serve on the President's Executive Institute (PEI). It also provides a status report on PEI goals, priorities, and accomplishments.

Formed to further the goals of *Higher Values in Higher Education*, the *Vision* and *Mission* of the PEI is to make Western Illinois University the partner of choice with external organizations for advancing social responsibility. The PEI has three goals to this end: To help stabilize enrollment, support community and economic development, and to engage external organizations.

Shown below are the priorities and accomplishments by Fiscal Year (FY) for the first two years of PEI implementation. Priorities 1.1, 2.1, 3.1, 3.7, and 3.8 have FY2019 goals. These priorities are direct responsibilities of the PEI.

All other priorities represent those actions are where PEI members work with faculty and staff members to advance institutional objectives. PEI members will consult with appropriate entities during the first quarter of FY19 to form goals for the remaining priorities. A future Strategic Plan Update will keep you apprised of this project.
