a. An "adult student" is a student who is eighteen or more years of age.

b. A "minor student" is a student who is less than eighteen years of age.

c. An "emancipated minor student" is a completely self-supporting student who is less than eighteen years of age. Marriage or active military service shall be regarded as effecting the emancipation of minors, for the purposes of this regulation.

d. "Residence" means legal domicile. Voter registration, filing of tax returns, proper license and registration for driving or ownership of a vehicle, and other such transactions may verify intent of residence in a state. Neither length of university attendance nor continued presence in the university community during vacation periods shall be construed to be proof of Illinois residence. Except as otherwise provided in this regulation, no parent or legal or natural guardian will be considered a resident unless the parent or guardian maintains a bona fide and permanent residence in Illinois, except when temporarily absent from Illinois, with no intention of changing his or her legal residence to some other state or country.

2. Residency Determination

The University shall determine the residency status of each student enrolled in the University for the purpose of determining whether the student is assessed in-state or out-of-state tuition. Each applicant for admission shall submit at the time of application evidence for determination of residency in accordance with this regulation. The office responsible for admissions shall make a determination of residency status.

a. If a non-resident is classified by error as a resident, a change in tuition charges shall be applicable beginning with the term following reclassification. If the erroneous resident classification is caused by false information submitted by the student, a change in tuition charges shall be applicable for each term in which tuition charges were based on such false information. In addition, the student who has submitted false information may be subject to appropriate disciplinary action.

b. If a resident is classified by error as a non-resident, a change in tuition charges shall be applicable during the term in which the reclassification occurs, provided that the student has proven residency in accordance with this regulation.

The Board of Trustees will approve the appropriate counties which will be listed in the cost section of the official Western Illinois University catalog.

The minor children of persons who have resided in Illinois immediately prior to a transfer by their employers to some location outside of the State of Illinois shall be considered residents. If the student is dissatisfied with the ruling in response to the appeal made within said period, the student may file a written appeal within thirty (30) calendar days of receipt of the decision of the Administrative Hearing Committee, which shall consider all evidence submitted in connection with the case and render a decision which shall be final.

J. Intercollegiate Athletics Policy

An intercollegiate athletics program is an important and worthwhile activity. A properly administered program can make a significant contribution to the quality of campus and student life.

The primary responsibility for management of an intercollegiate athletics program rests with the President. The President's exercise of that responsibility is subject to applicable law and Board policies, including the following:

1. The President shall inform the Board in advance of any action or proposal which significantly affects the intercollegiate athletics program, including proposals to change conferences, athletic associations or divisions, or to add or drop sports.

2. State appropriations may be used to support the intercollegiate athletics program, but no more than 1.5 percent of the university's annual state appropriation may be expended for intercollegiate athletics. The University will advise the Board at the next scheduled Board meeting when expenditures exceed the 1.5 percent limit.

3. Student athletic fees may be used to support the intercollegiate athletics program, but increases in such fees should normally not exceed the projected rate of inflation for the year in which the increase is to take effect. Proposals to increase student athletic fees should not be presented for Board approval without prior consultation with appropriate student advisory bodies.

4. Every effort should be made to minimize reliance on state appropriations and student fees as revenue sources for intercollegiate athletics.

5. The President shall prepare an annual report for the Board on intercollegiate athletics which shall include appropriate financial and program information.
