OVERVIEW

Western Illinois University’s online Master of Business Administration (MBA) program is designed for those who prefer an online experience. Choose from many concentrations including Accounting, Analytics, Economics, Health Services Administration, Management, and Supply Chain Management. There are no face-to-face requirements for any of the online MBA courses.

BENEFITS

- Earn the same degree online as you would in a classroom
- Learn from the same full-time faculty with doctoral degrees and real-world experience who teach our on-campus courses
- Affordable Tuition - details available at www.wiu.edu/CostEstimate
- Accreditation by AACSBI (The Association to Advance Collegiate Schools of Business) ensures a quality worldwide degree recognition
- Internship and independent research opportunities allow students to leverage the synergies of work and education
- Personal connection with faculty who are focused on your success
- Gain a strong network of MBA alumni to expand your career opportunities and grow your professional network

“Every aspect of the program offered me the flexibility I needed for my lifestyle. I am a full time employee and mother to three very active boys. I knew I needed to find a university that offered flexibility. I am able to complete coursework in the evening or on the weekends as my schedule allows.”

— Jenny Malloy, MBA, 2019
MBA COURSES - 33 SEMESTER HOURS

WIU's MBA program is available to students with both business and nonbusiness backgrounds. Depending upon academic performance, students with business degrees from AACSB International accredited schools may progress directly into the MBA courses. Students without business degrees or with degrees from non-AACSB International accredited schools may be required to take one or more background courses to assure adequate preparation for advanced study.
