Welcome Back!

Friday, September 4th, 2015

We have had a wonderful week! We found 4 little caterpillars outside on the playground. We put them in our aquarium. We have been feeding them milkweed so they will grow big and fat. They are starting to make their chrysalises. We are patiently waiting for them to turn into beautiful monarch butterflies! We also enjoyed playing in our new water table during this week of hot weather, as well as jumping through the sprinkler to cool off!

We are learning through play!
Important Dates:
Monday, September 7th – Labor Day, Center Closed.

Our favorite book this week:

Reminders:
Please make sure your child has a change of clothes appropriate for the season.

If your child borrows school clothes, please wash and return them as soon as possible.

Thank you for your help!

We have lots of fun activities planned this year! We will be working on our motor development with college students from a kinesiology class. We will also be looking forward to monthly visits from our Agriculture in the Classroom teacher this year.
