

Part C – Early Intervention Credentialing and Enrollment  
Funded by the Illinois Department of Human Services

March 26, 2020

Due to the COVID-19 pandemic, the Illinois Department of Human Services Bureau of Early Intervention and Provider Connections will be extending by 3 months any EI credential with expiration dates of March 2020, April 2020, and May 2020, unless the provider is able to submit their necessary information in a timely manner. Providers with credentialing expiration dates for March 2020, April 2020 and May 2020 will receive an email from Provider Connections giving the extension within the next few days. Any provider who can successfully submit their credential renewal, is encouraged to do so.

Please also remember that, if possible, to take this time to use the Illinois Early Intervention Training Program's online continuing professional development opportunities located at <https://blogs.illinois.edu/view/6039/119776>.

Provider Connections staff are working remotely but continue to process new credential applications and credential renewals. We remind everyone to continue to consistently monitor the EI Provider Connections website for any further updates. If assistance is needed we can be reached at [providerconnections@wiu.edu](mailto:providerconnections@wiu.edu). Stay healthy and safe!

Rob Derry, MEd, Director  
Provider Connections
