

# Preschool Parents

## Free Computer Workshops

**What?** Computer Workshops – Come have FUN while you explore preschool software programs; surf the Internet; and learn about technology devices to enhance computer use.

Workshops are very informal and require no previous computer experience.

**Where?** Prairie City Elementary School – we will meet in the computer lab.

**When?** Five sessions, every Thursday, starting February 12 and running through March 12<sup>th</sup>. The first three sessions will be parents only; the last two sessions, parents and preschoolers will work together on the computer.

**How Long?** Sessions will run from 4 PM until 6 PM. Free babysitting will be provided in the preschool room.

**How to sign-up:** PLEASE CALL THE SCHOOL (772-7777) and ask for **Shirley** if you are interested in these workshops. OR a sign-up form will be posted inside the classroom door. You can sign up there.

**You must have a preschooler currently enrolled in school.**

Workshop Instructors:

**Carol and Linda**
