

Sustainable Entrepreneurship

A Community Commitment

Western Illinois University presents our 6th annual Summer Program for 2009. It will provide students the opportunity to expand their knowledge to develop new business models in the ever-changing marketplace of today.

New concepts, new strategic plans, and new models for economic development of communities will be the topics of seminar instruction. Also included is instruction in an intensive English language program (ESL).

Various cultural activities will introduce the program participants to the American way of life through leisure and business excursions.

The program* includes :

- Sustainable Entrepreneurship Seminars
- Intensive English Language Program (ESL)
- Housing/Lodging: WIU, St. Louis, Chicago
- Breakfast/Lunches
- WIU Medical Insurance
- All cultural activities
- Course Materials

*Program cost per participant: \$2,000 USD
Participants are responsible for their own airfare to and from their home country.
