

WIU FINANCIAL RESPONSIBILITY AGREEMENT

STUDENT'S NAME: _____

WIU ID: _____

I confirm that the documents submitted as proof of my financial capacity are a true and genuine indication of the actual funds available for my education. I attest that the funds are unencumbered; that the cash is liquid, in my possession, and will be free for use without equivocation for my expenses on arrival in the USA. I also understand the amount stated on the WIU Affidavit of Support will be listed on my I-20.

I acknowledge the information that there should be no expectation of obtaining a job, or an assistantship, or any financial help beyond that stated on my I-20, for at least the first year of studies. I understand that due to the high enrollment levels, campus employment is saturated and unlikely to be available during the first semester. I am aware that there is no charitable help available. I am also aware that I may not seek employment off campus.

Therefore, I freely attest that I am financially ready for this undertaking and understand that my tuition, fees, and insurance payments are due on arrival. I further attest that if I enter the USA on a WIU I-20 it will be for the sole purpose of school attendance, full time, at WIU.

I firmly acknowledge that I have the language skills required, and will not need to seek language training at any other institution.

Finally, I acknowledge that failure to live up to this agreement may result in the cancelation of my active F-1 status and reporting to DHS via SEVIS.
