

**Illinois Department of Human Services
Payee Agreement for Authorization to Provide Early Intervention Services**

Note: The Payee shall type or print legibly all information except for the signature.

The Payee Agreement is for the sole use of an entity, which either employs or contracts with Early Intervention Providers, to provide Early Intervention Services **or** for the sole use of an entity that enrolls as an Independent with no employees, whichever is applicable.

This Early Intervention Payee Agreement is entered into by and between the Illinois Department of Human Services (DHS) as the Lead Agency for the Illinois Early Intervention Services System and funder of the Early Intervention Program, (EI), and:

(Payee Name)

Purpose of Agreement: The purpose of this Agreement is to establish the duties, expectations and relationship between DHS and the Payee who is certified by the State of Illinois Comptroller to receive payment from the DHSCBO and who makes service(s) available to eligible children and their families according to the Illinois Early Intervention Services System Act 325 ILCS 20/5 et. seq. (the Act); Part C of the Individuals with Disabilities Education Act (IDEA) (20 U.S.C. Section 1431 et seq.); the Health Insurance Portability and Accountability Act of 1996 (HIPAA); the Family Educational Rights to Privacy Act (FERPA) and its rules, 34 CFR 99; and EI administrative rules, 89 Illinois Administrative Code 500 (Rule 500).

Definition of Payee: The Payee is the entity identified on the W-9 page of the Central Billing Office Enrollment Application under Business Name and Taxpayer Identification Number. The Payee may be an entity who employs providers **or** an independent with no employees (Payee as named above).

Definition of Provider: A person that actually provides Early Intervention services to children and families. This includes Physicians, Optometrists, Audiologists, Therapists, Counselors, Parent Liaisons, Deaf Mentors, Interpreters, Nurses, Nutritionists, Transportation and Assistive Technology services.

Definition of Child and Family Connections (CFC): The CFC is the system point of entry in a designated geographic region that is responsible for providing access to the Illinois Part C Early Intervention Services System, for providing service coordination services, and for maintaining the child's permanent EI Record for referred and eligible children.

Definition of Department of Human Services Central Billing Office (DHSCBO): The DHSCBO is an entity designated by DHS for the processing of Early Intervention claims and for data collection.

In consideration of the Authorization to Bill DHS for the Provision of Services, the Payee Shall:

1. Not bill families directly for authorized early intervention services. (See #'s 6 and 7 for more information).
2. Provide only those services for which the Payee has a written authorization **in hand**. The exception to this rule is the IFSP meeting. Providers will receive authorization for this meeting based upon actual attendance.
3. Verify insurance company coverage of benefits and comply with insurance company requirements, including network enrollment and documentation requests as outlined in DHS policy, unless insurance use has been waived or exempted by the Department **or** is a service provided at public expense. (See #6 for services provided at public expense).

Bill private insurance before submitting claims to the DHSCBO for covered services for all Early Intervention (EI) children **unless** an insurance exemption or pre-billing waiver has been issued **or** the service is provided at public expense.

Within 90 days of receipt of the insurance Explanation of Benefits (EOB), submit claims to the DHSCBO with the EOB attached. The EOB and a completed claim shall be submitted to the DHSCBO for all EI children **even if the entire claim was paid by private insurance**.

Understand that a CFC cannot generate/backdate an insurance waiver or exemption that would apply toward dates of service that have been previously provided to the child/family. Accepting waivers or exemptions post service delivery is not allowed under EI policy.

4. Submit claims to the DHSCBO at the Payee's usual and customary rates.
5. Accept the EI rates as payment in full for covered services provided unless this rate is exceeded by the insurance payment. If the insurance payment is less than the EI rate, then the DHSCBO should be billed for the difference. An Explanation of Benefits from the insurance company shall be submitted with the claim to the DHSCBO.

Submit legible claims to the DHSCBO on the CMS 1500 form, UB04 form, and for transportation on the DHSCBO Billing Form, or an exact electronic facsimile of one of these forms. Claim information must be **typed or submitted through electronic transfer**.

Submit claims to the DHSCBO for IFSP Development only as defined in the Provider Handbook entitled *Early Intervention Service Descriptions, Billing Codes and Rates*.

Not bill or accept reimbursement from the DHSCBO for services in excess of what has been authorized and identified on the child's IFSP. The Payee shall be fully liable for the truth, accuracy and completeness of all claims submitted to the DHSCBO for payment. Any submittals of false or fraudulent claims or concealment of a material fact may be prosecuted under applicable Federal and State laws.

Submit to the DHSCBO an invoice of charges for services **no later than 90 days** following the service delivery date **or** the receipt of the insurance EOB. Claims **must** indicate the specific individual who actually provided the services or the associate who actually provided the services and his/her credentialed supervisor under whom the authorization was billed against.

Resubmit a claim no less than sixty (60) calendar days from the original submission date of the claim. The resubmitted claim shall be stamped or otherwise marked to delineate that it is a **"RESUBMISSION"** or **"STATEMENT OF ACCOUNT"** and shall include only services documented on the original claim.

6. Not bill the family directly or their insurance for screening, evaluation and assessment services, IFSP development, or implementation of procedural safeguards, as delineated in 34 CFR 303.170 et. seq., since these services **must be** provided at public expense. However, the Payee may bill the DHSCBO for evaluation and assessment and IFSP development services.
7. Not bill the family directly for direct services unless the insurance **payment was paid to the family versus the payee and the payee has a copy of the signed "Child and Family Connections Insurance Affidavit, Assignment and Release" form in hand**. Accept the insurance payment as payment in full unless the payment is less than the EI Rate. (See #5).
8. Participate in evaluation/assessment activities and the development, review and revision of each child's IFSP as set forth in 34 CFR Part 303, and current DHS directives as delineated in writing, including the "Principles of Early Intervention". Except for associate level speech language

pathologists who are completing a supervised professional experience, associate level providers do not participate in evaluation/assessment activities for review or revision of the IFSP.

9. Provide a report of findings to each child's service coordinator **in a format designated by DHS** that describes the tests/methods used in evaluation/assessment activities, the results of the test/method including a score and a typed narrative interpretation of the results.
10. Submit all evaluation/assessment reports to the service coordinator within 14 calendar days of receipt of the request to perform evaluation/assessment.
11. Provide a direct service report to each child's service coordinator **in a format designated by DHS** for each six (6) month IFSP review, or more often if the child's progress or lack of progress warrants a review.
12. Provide originals of evaluation/assessment reports and documents created on behalf of early intervention such as direct service reports required for the six-month review, discharge reports, written justification of need statements and letters of developmental necessity for Assistive Technology services to the child's assigned Service Coordinator. The Payee shall also keep copies as part of the child's record.
13. Provide appropriate service(s) as set forth in the IFSP, to eligible children and their families upon referral and in accordance with pertinent rules, DHS directives, and frequency, intensity and duration timelines identified in the IFSP and on the authorization.
14. Notify the child's Service Coordinator of any recommended changes in the delivery of services prior to implementation of changes, to ensure that modifications to an existing IFSP are made through the appropriate DHS procedure.
15. Not terminate services for an eligible child without written notification to the child's service coordinator and family at least 30 days prior to the anticipated date of service termination.
16. Meet and maintain all applicable standards and regulations for staff and Payee licensure, certification and credentialing. Hire staff to provide services to children and their families who meet the State's professional licensing standards and EI credentialing requirements and ensure that all staff performing services under this agreement has the skills to work with the children they serve and hold appropriate EI credentials prior to providing services.
17. Comply with all applicable laws and regulations for physical facilities in which services are made available.
18. Maintain accurate records, including daily documentation of services for each date of service billed, including IFSP development time, for a period of at least six years from the child's completion of EI services, and permit access to these records by the local CFC, DHS, or if they are Medicaid reimbursable services, the Illinois Department of Healthcare and Family Services (HFS) and the Centers for Medicare/Medicaid Services (CMS), or the United States Department of Education. In the absence of proper and complete documentation, no payments will be made and payments previously made will be recouped by DHS or HFS.

If there are outstanding audit exceptions, records shall be retained until such exceptions are closed out to the satisfaction of DHS. If there is active or pending legal action, records shall be retained until a final written resolution is achieved. The Payee/Provider shall also be available, as required, for mediation, impartial administrative proceedings and/or other legal proceedings.

19. Complete the Medicaid enrollment application and bill the DHSCBO for covered services provided to Medicaid eligible children.

20. Provide routine monitoring and supervision activities as set forth by state licensure requirements and delineated in writing by DHS, including self-assessment, on-site monitoring, data collection and reporting obligation, record or chart audits, financial audits, complaint investigation, and consumer satisfaction surveys. Understand that these are administrative functions that are not billable to the DHSCBO.
21. Follow Part C federal laws and regulations and state laws, policies, guidelines, directives and procedures regarding Early Intervention services and other laws and regulations applicable to Payee's and providers hereunder (Example: State licensure laws).
22. Provide services and communications to clients in a language or mode of communication understood by the child/family. If the Provider is unable to provide services and communications to the clients in a language or mode of communication understood by the child/family, the Payee shall notify the CFC.
23. Inform eligible families of their rights and procedural safeguards, including mediation and impartial administrative proceedings as delineated in 34 CFR 303.170 et. seq. and in Rule 500, and comply with those rights, and procedural safeguards.
24. Maintain liability insurance sufficient to cover any potential liability such as loss, damage, cost or expenses, including attorney's fees, arising from any act or negligence of the Payee or its employees/contractors.
25. Accept all children eligible for Early Intervention services without discrimination, including but not limited to children with public or private insurance.
26. Provide staff to participate in each EI IFSP Development meeting as a billable activity as specified in Illinois administrative rules for EI and 34 CFR Part 303.343 et. seq. Participation in IFSP meetings and periodic reviews is required.
27. Have access to the Internet, and monitor the Early Intervention/Provider Connections websites on a **weekly** basis for changes and/or updates that affect the functions of the Early Intervention system.
28. Comply with all applicable Federal and State laws, including the American Recovery and Reinvestment Act of 2009 and its reporting requirements.
29. Comply with HIPAA Standards 45 CFR Parts 160, 162 and 164 and any additional parts that may be finalized in the future, where applicable.
30. Not use or disclose protected health information except as allowed by the HIPAA Standard 45 CFR Parts 160 and 164 and not use or disclose EI records except as allowed by FERPA.
31. By signing this agreement, the Payee certifies that each employee providing EI services has:
 1. not been delinquent in paying a child support order as specified in Section 10-65 of the Illinois Administrative Procedure Act [5 ILCS 100/10-65];
 2. not been in default of an educational loan in accordance with Section 2 of the Education Loan Default Act [5 ILCS 385/2];
 3. not served or completed a sentence for a conviction of any of the felonies set forth in 225 ILCS 46/25(a) and (b) within the preceding five years (see 30 ILCS 500/50-10);
 4. not been indicated as a perpetrator of child abuse or neglect in an investigation by Illinois or another state for at least the previous five years; and
 5. been in compliance with pertinent laws, rules, and government directives regarding the delivery of services for which they seek credentialing.

In consideration of the performance of this Agreement, DHS shall:

1. Produce authorizations in the name of the Payee only and not in the name of any individual staff employed or contracted by the Payee for services to be performed by the Payee.
2. Notify the Payee, a reasonable time in advance of implementation of any changes in rules regulations, procedures, policies, directives and any other program guidelines that affect the Payee's performance of this Agreement. This notification may be via the DHS Early Intervention/Provider Connections Websites. Copies of DHS rules, policies, guidelines, directives, etc., can be obtained from the DHS Early Intervention Website (www.dhs.state.il.us/ei) or the Provider Connections Website (www.wiu.edu/providerconnections).
3. Reimburse the Payee for services rendered under this Agreement pursuant to the rates established for the covered services provided and only for those services pre-authorized in the IFSP. DHS shall adjust future payment to a Payee that has been underpaid or offset payment to a Payee that has been overpaid.
4. Comply with HIPAA Standards 45 CFR Parts 160, 162 and 164 and any additional parts that may be finalized in the future, where applicable.

Termination of this Agreement: This agreement may be terminated by either party, in writing, without cause, with at least thirty (30) calendar days' prior written notice. This Agreement may be terminated by DHS at any time for failure by the Payee to perform any of the obligations and provisions set forth in this Agreement. This termination will be in writing, by DHS, and will specify the termination date.

Confidentiality: All records and other information obtained by the Payee concerning persons served under this Agreement are confidential pursuant to State and Federal statutes, Federal regulations and DHS administrative rules and shall be protected by the Payee and employee's of the Payee from unauthorized disclosure.

Liability: DHS assumes no liability for actions of the Payee or its employee's under this Agreement. The Payee agrees to indemnify, hold harmless and defend DHS against any and all liability, loss, damage, costs or expenses including attorney's fees arising from intentional torts or any act or negligence of the Payee or its employees, with the exception of acts performed in conformance with an explicit, written directive of DHS. The Payee agrees to maintain liability insurance sufficient to cover any potential liability.

Right of Audit and Monitoring: DHS maintains the right to inspect and audit any or all information or records in possession of the Payee/Provider that pertain to this Agreement. This right to audit extends to pertinent State and Federal officials, including the Department of Human Services, the Department of Healthcare and Family Services, federal auditors and the Office of the Auditor General of Illinois.

Void: This Agreement shall become null and void on the date that the Payee/Provider ceases to participate in the Department of Healthcare and Family Services Medicaid vendor program or provides at least a thirty (30) calendar days' prior written notice to terminate.

Miscellaneous: This Agreement may be executed in any number of counterparts, each of which shall be deemed an original. All paragraph headings are for referral purposes only and shall not in any way affect the meaning or interpretation of this Agreement. Failure of DHS to enforce any provision of this Agreement shall not constitute a waiver of that provision by DHS.

Entire Agreement: DHS and the Payee understand and agree that this Agreement constitutes the entire agreement between them and that no promises, terms, or conditions not recited herein or incorporated herein or referenced herein, including prior agreements or oral discussions, shall be binding upon either the Payee or DHS.

Laws of Illinois: This Agreement shall be governed and construed in accordance with the laws of the State of Illinois and all subsequent amendments.

Notice: Notices under this Agreement regarding termination will be in writing and will be deemed to have been given when delivered by hand, U.S. Postal Service, messenger service, or overnight delivery service to the address listed on the following page or such other address as DHS shall specify in a written notice to the Payee or post on the DHS Website (www.dhs.state.il.us/ei).

DEPARTMENT OF HUMAN SERVICES:

Name: Janet D. Gully
Title: Chief, Bureau of Early Intervention
Address: 222 S. College, 2nd Floor
Springfield, IL 62704
