

WESTERN
ILLINOIS
UNIVERSITY
Quad Cities

Dear WIU-Quad Cities Student,

Western Illinois University - Quad Cities Riverfront Campus opens this Spring 2012 semester as part of Phase I expansion. Beginning January 17, 2012, doors will open and the first classes will be held at WIU-Quad Cities on the banks of the mighty Mississippi River.

Following precedent established and maintained at our 60th Street/John Deere Road location, the new state of the art location will feature high-tech classrooms, computing, and engineering laboratories, student services, the U.S. Bank Writing Center, and a Library annex. The new building also features a Grand Atrium where students, faculty, staff and visitors can collaborate, study, learn, and interact with a scenic vista of the Mississippi River. All undergraduate courses and MBA courses will be offered at the Riverfront Campus, located at 3300 River Drive, Moline.

WIU-Quad Cities will also host graduate classes, undergraduate Elementary Education and Early Childhood classes, and weekend classes at 3561 60th Street (John Deere Road) in Moline. Trinity MedXpress, WQPT Public Television, and the Quad Cities Graduate Center will also be housed at the John Deere Road location.

Students at both locations will enjoy proximity to community resources, services, restaurants, entertainment, and other amenities to compliment your WIU-Quad Cities experience.

We have worked hard to ensure that your classes are scheduled primarily at one location. Please read your class schedule to identify the location of your Spring 2012 classes.

- Classes at 3561 60th Street will display as “QC 60th ST 112”.
- Classes at 3300 River Drive will display as “QC RIVER A 118”.

If you have not already, please make an appointment with your academic adviser to plan and register for Spring 2012 classes.

WIU-Quad Cities aims to make the transition to Riverfront and John Deere Road as smooth as possible for students. If you have suggestions, ideas, or questions about how to make the most positive experience possible for students, please contact Kristi Mindrup, Assistant Vice President for Quad Cities and Planning at (309) 762-9481. Please also follow the WIU-Quad Cities web page at www.wiu.edu/qc for more information about campus expansion.

Dr. Joseph Rives
Vice President, Quad Cities, Planning & Technology
