Recognition of Fraternities/Sororities

- Western Illinois University (WIU) defines fraternity/sorority as national, international, regional, or local fraternities/sororities which attain and maintain University recognition.

- Fraternities/Sororities must meet three requirements below as part of the annual University student organization recognition process (scholastic, professional, or academic Greek letter organization are exempt of these requirements, however, must comply with the University’s annual recognition process for clubs and organizations):
  - Student Organization Recognition: All fraternities/sororities and governing councils must comply with the University’s annual recognition process and all its attending policies in order to maintain official University recognition.
  - Fraternity/Sorority Registration: Each organization is expected to remain in good standing with its national, international, regional, or local organization headquarters to maintain official University recognition.
  - Council Affiliation: The fraternity/sorority community at WIU is officially represented by three governing councils which are advised by the Office of Student Activities (OSA). All chartered national, international, regional or local fraternities/sororities that have entered into a mutual relationship with the OSA must be affiliated with and maintain membership in an established governing council (Interfraternity Council, Panhellenic Council, or United Greek Council).

- The OSA will only grant recognition to fraternities/sororities who are affiliated with a(n) international organization and/or is a current member of one of the following umbrella organizations: the National Panhellenic Conference (NPC), National Panhellenic Council (NPHC), National Multicultural Greek Council (NMGC), National Association of Latino Fraternal Organizations (NALFO), National Asian Pacific Panhellenic Association (NAPA), or North American Interfraternity Conference (NIC).

Requirements of Fraternities/Sororities to Remain in Good Standing

- Adhere to the principles and ideals contained in your RITUAL, CREED, and CONSTITUTION (a weekly reading to your members at chapter is one way to reinforce this idea).
- Comply with your national policies: hazing, risk management, attendance at regional/national mandated programs and convention.
- Register your chapter with the Office of Student Activities each year.
- Complete all required forms/paperwork as requested.
- Delegates attend weekly council meetings.
- Comply with the State of Illinois and Western Illinois University Anti-Hazing Policy.
- United Greek Council organizations must inform the Office of Student Activities, prior to intake, of the dates of intake activities and interest group members.
- Chapter is represented at mandatory meetings, training sessions, or educational workshops.
- Chapters have an active chapter advisor (WIU faculty or staff status) who:
  - Serves as a mentor and resource for individual members and chapter.
  - Ensures the chapter is focusing on their academic endeavors.
  - Ensures the chapter is working toward the standards and requirements of fraternities and sororities.
- Chapter President meets with the Greek Life Programs Staff a minimum of once per month while school is in session for a Check In Meeting.
- Chapter continually meets academic standards.
Chapter Facilities

Fraternity and sorority facilities at Western Illinois University are independently owned and operated by local or national housing corporations. The maintenance and upkeep of the facilities is the responsibility of the housing corps and the residents of the facility. WIU, the Office of Student Activities, and the Greek Life Programs unit work with the organizations to help facilitate needs and safety measures in accordance with local ordinances and inter/national organization policies.

Recognition of Chapter Facilities

WIU defines a fraternity/sorority chapter facility as one recognized location, leased or owned within the City of Macomb that is properly zoned for fraternal use. The facility must be recognized by the Inter/National Headquarters, the City of Macomb, and the Office of Student Activities to be considered for Fraternity/Sorority Housing Releases and to host events. As of Spring 2010, all newly recognized chapter facilities must have a live in House Director. All efforts must be made to fill the House Director position through the College Student Personnel (CSP) program.

Fraternity/Sorority Housing Release Policy

The Fraternity/Sorority Housing Release program allows for eligible students to break their University Housing and Dining Services (UHDS) housing contract and move into a recognized fraternity/sorority chapter facility during their sophomore year without penalty. Each year, UHDS in collaboration with the Fraternity/Sorority Advisor determine how many housing releases will be available.

Housing Release Requests must be submitted prior to the start of the semester the applicant is wishing to be released.

For chapters to be eligible for Fraternity/Sorority Housing Releases the following criteria must be met:
- The organization must be fully recognized
- The organization's facility must be a recognized facility
- The organization must be in good judicial standing with the Greek Review Board, Office of Student Judicial Programs, and Office of Student Activities
- The organization must have achieved a semester GPA of 2.750 or higher the semester prior to the desired release (i.e. for a Fall 2012 release, the organization must have had a semester of 2.750 for the Spring 2012 semester)
- The organization must have submitted all required paperwork to the Office of Student Activities

For the individual member to be eligible for a Fraternity/Sorority Housing Release the following criteria must be met:
- The individual must appear on the organization’s roster
- The individual must complete the Fraternity/Sorority Housing Release application
- The individual must have between 30 and 59 credit hours completed the semester prior to the desired release
  - Individuals who have completed a pass/fail course can be considered for a housing release if they have completed at least 26 credit hours
- The individual must have a cumulative GPA 2.500 or higher the semester prior to the desired release
- The individual must not be enrolled in the Residential Scholar Initiative Program

Individuals who apply for Fraternity/Sorority Housing Releases are encouraged not to break their UHDS housing contract without being notified by the Fraternity/Sorority Advisor if their application has been approved or denied. Additionally, individuals are encouraged to consult with any scholarship providers regarding the impact of moving out of housing and the status of their scholarship.

Organizations who are willing to transfer remaining housing releases to other organizations in need must complete a Housing Release Transfer Form.
Active Status

All chapters are required to register their membership at the beginning of each semester. This is done by updating the roster provided by Greek Life Programs (GLP) with the affiliation/removal forms and status codes for each member. Each member is considered an active member unless one of the following conditions applies:

- The member has taken EARLY ALUMNI STATUS and the appropriate documentation from the National Headquarters has been filed with GLP.
- The member has taken INACTIVE STATUS and the appropriate documentation from the National Headquarters has been filed with GLP.
- The member has graduated or left school. This requires no supporting paperwork.

*If no supporting paperwork is provided for those members who have gone inactive or have taken early alumni status, GLP will consider them in ACTIVE STATUS.*

All members who are in “Active Status,” “Early Alumni Status”, or “Inactive Status”, will be considered when determining chapter total for PHC organizations. Only those members who are in “Active Status” or “New Member Status” will be considered when determining percentage requirements for events and chapter grades.

Academic Standards

The Office of Student Activities (OSA)/Greek Life Programs (GLP) has five agreed upon core values chapters agree to adhere to which conclude scholarship/academic excellence and accountability. The following outlines the minimum expectations of council (IFC, PHC, UGC) executive board positions, chapter members, new members and interested/potential members affiliated or seeking membership in a recognized fraternity/sorority.

**Grade Point Average (GPA)**

- While the OSA/GLP does not require a minimum grade point average to join a fraternity/sorority, the member organizations of the governing councils have agreed to use a 2.500 cumulative GPA as the minimum to join.
- It is the expectation of the OSA/GLP that council leadership is a role model to the member organizations. Therefore, it is strongly encouraged that councils require their leaders to maintain at least the minimum standard GPA in order to hold office.
- All chapters are to maintain a 2.700 semester composite GPA in order to retain event privileges.

**Chapters Below the Standard for Consecutive Semesters**

- Chapters receiving a composite semester GPA in consecutive semesters in the same probationary status will automatically be placed on the next lowest probationary status.
- Chapters on Cease and Desist for two consecutive semesters will result in a review with the Director of Student Activities or the Associate Director of Student Activities and the Fraternity/Sorority Advisor to determine an appropriate course of action. Consequences may result in loss of student organization recognition.

Recruitment Policies (cont.)

Approval of New Member Activities

The Office of Student Activities/Greek Life Programs recognizes that while the University policy regarding hazing attempts to set appropriate standards for new member activities that support the state’s laws against hazing and the University’s standard of conduct, it is impossible to list every possible new member activity. Thus, it is recognized the list of prohibited activities in the policy by no means covers all activities and actions which can be considered hazing. Furthermore, certain activities that technically fall within the above prohibited categories may be permissible if carried out within certain guidelines.

Therefore, in order to prevent organizations from engaging in hazing activities, while not overly restricting organizations from engaging in new member activities (which would not violate the principles of the institutional policy on hazing), the Office of Student Activities/Greek Life Programs has established the following approval process.

1. If a fraternity or sorority is unsure whether a certain activity is permissible or if it believes a planned activity technically violates the policy list of prohibited activities but should not be banned as a violation of this policy, it should be submitted as a written request for approval of the proposed activity to the Office of Student Activities. Requests must be submitted prior to the submission of the New Member Program to the Office of Student Activities.

2. The written request for approval shall set forth a full description of the nature of the proposed new member activity.

3. The Office of Student Activities will quickly review each written request and inform the organization in writing whether its request has been approved. The Office of Student Activities shall have authority to request further information or clarification and to place any appropriate conditions it believes necessary upon any such approvals.

4. If the request is approved, the organization and its members will not be charged with hazing for such new member activity so long as the new member activities conform to the description set forth in the written request and any conditions imposed by the Office of Student Activities. This protection will not apply for any activity that takes place prior to the receipt of approval from the Office of Student Activities or for any activity that falls outside the scope of the written request for approval or any conditions imposed thereon.
Anti Hazing Policies

Rationale

Hazing is illegal in the State of Illinois. In addition to this, Western Illinois University, and the governing body of all organizations represented at WIU, including the North American Interfraternity Conference (NIC), National Panhellenic Conference (NPC), National Pan-Hellenic Conference (NPHC), and the National Association of Latino Fraternal Organizations (NALFO) stand firm in their conviction and refusal to tolerate hazing in any form.

Hazing is a recurrent blight that can attack any organization whenever a few persons attempt to substitute force for reason and expediency for understanding. Such persons seem to believe that subjecting members to a series of ordeals will make them fit in and fear will somehow make them more disciplined and mature. Even though such methods may seem efficient in the short run, there can be no justification whatsoever for hazing. The principles and values of Western Illinois University as well as each and every fraternity and sorority at WIU are in stark contrast to any act of hazing and these values must be evident in the words and actions of all members. Therefore, the university retains the right to sanction organizations as well as individuals who are involved in or permit hazing.

Each fraternity and sorority and all three governing councils at Western Illinois University (IFC, MGC, and PHC) join the University and the aforementioned organizations in their refusal to accept or tolerate hazing activities in any form, included practices by new members, active members, alumni, or any recognized university organization. Whatever form it takes, hazing subverts and corrupts the true fraternal experience. In its more extreme forms, hazing risks human lives, brutalizes everyone involved, and jeopardizes the very existence of the entire fraternity/sorority community.

While each organization has its own hazing policy, the Western Illinois University hazing policy reads as follows:

FIPG Policy on Hazing

No chapter, colony, or student or alumnus shall conduct nor condone hazing activities. Hazing activities are defined as:

“Any action taken or situation created, intentionally, whether on or off fraternity premises, to produce mental or physical discomfort, embarrassment, harassment, or ridicule. Such activities may include but are not limited to the following: use of alcohol; paddling in any form; creation of excessive fatigue; physical and psychological shocks; quests, treasure hunts, scavenger hunts, road trips or any other such activities carried on outside or inside the confines of the chapter house; wearing of public apparel which is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities; and any other activities which are not consistent with academic achievement, fraternal law, ritual or policy or the regulations and policies of the educational institution, or applicable state law.”

WIU Policy on Hazing

Hazing of any type whether committed or arranged by individual students or members of recognized student organizations is an unacceptable practice at Western Illinois University.

Activities prohibited under this Policy shall include, but not be limited to, any of the following:

- extended deprivation of sleep or rest;
- forced consumption of food, liquor, beverage or drugs;
- beatings;
- brandings;
- tests of endurance;
- OR
- Submission of members or prospective members to potentially hazardous or dangerous circumstances.

It shall not be an acceptable defense to a charge of hazing to claim that the participants took part voluntarily, that they voluntarily assumed the risks or hardship of the activity, or that no injury in fact was suffered.
Anti Hazing Policies (continued)

State of Illinois Anti Hazing Laws

§ 720 ILCS 120/0.01. Short title
Sec. 0.01. Short title. This Act may be cited as the Hazing Act.

§ 720 ILCS 120/5. Hazing
Sec. 5. Hazing. A person commits hazing who knowingly requires the performance of any act by a student or other person in a school, college, university, or other educational institution of this State, for the purpose of induction or admission into any group, organization, or society associated or connected with that institution if:
(a) the act is not sanctioned or authorized by that educational institution; and
(b) the act results in bodily harm to any person.

§ 720 ILCS 120/10. Sentence
Sec. 10. Sentence. Hazing is a Class A misdemeanor, except hazing that results in death or great bodily harm is a Class 4 felony.

Informal Inquiry Process

Occasionally, the University is presented with information calling into questions a fraternal organization’s compliance with university policies. The University may respond to this information in a number of ways, including but not limited to the conduct of an informal inquiry. An informal inquiry is a useful tool, enabling the University to determine the veracity of the information received and whether a situation warrants further investigation. This informal process also allows the University to quickly dispense with frivolous complaints or accusations.

During the conduct of an informal inquiry, a representative of Student Services may ask to speak with various members of the University community, including, but not limited to current or prospective members of the fraternity/sorority community. The following protocol shall be observed when a current or prospective member of the fraternity/sorority community is asked to speak with a representative of Student Services.

As it is the duty of the University to review any and all allegations, the purpose of an informal inquiry is to seek information relevant to an allegation. The inquiry will be conducted informally and as discreetly as possible. Inquiries may be conducted by any area within Student Services, including Student Activities and Student Judicial Programs, and/or the Greek Review Board. All parties involved will conduct themselves in a civilized manner. The alleged organization may bring an advisor to the meeting, so long as that advisor is not an attorney. The role of this advisor is to serve as a neutral witness.

Organizations are obligated to cooperate with the inquiry. The Student Services representative may draw appropriate inference from an organization’s failure to respond to an inquiry, and organizations are reminded they remain subject to the policies and sanctions described in the Student Code of Conduct. At all times the University reserves the right to proceed with a formal investigation.
Fraternity and Sorority Expansion Process

The fraternity/sorority community at Western Illinois University (WIU) is a community of fraternal organizations that represent various backgrounds, principles, and values. WIU recognizes that fraternal organizations can be a valuable component of the undergraduate experience. As their primary purpose, fraternal organizations support the enhancement of student learning through activities encouraging leadership development, organizational management, interpersonal and group dynamics, social development, philanthropic spirit, career development, academic achievement, and loyalty to the University. Demonstrating these qualities help them to earn the privilege of recognition at WIU.

Starting a fraternity/sorority requires hard work and effort and may take several years to accomplish. Organizations begin as an interest group, move to colony status, and then finally to a status as a chartered organization. The recognition process will culminate with the organization and its membership adopting pre-established standards in the areas of scholarship, philanthropy and community services, leadership, diversity, organizational management, professional development, personal development, and new/associate member and intake education programs.

WIU operates with an assumption of non-expansion unless a need has been determined to change this assumption. Students and/or inter/national organizations must contact the Office Student Activities to determine the institution’s current status regarding when expansion will be allowed and for which of the particular Governing Councils before initiating any expansion efforts.

Western Illinois University requires a minimum of four (4) students to establish a new organization on campus and to maintain an active fraternity/sorority. However, this number may be higher depending on the organization’s national affiliation with umbrella groups. Should this number be higher than four, the University will abide by the higher number. Some procedures may vary depending on the council. Any additional procedures will be communicated to the organization wishing to expand.

Benefits of University Recognition

Recognition by the University provides fraternities and sororities with certain privileges including but not limited to:

● The right to utilize the University name;
● Use of the official mail and publication system;
● Use of campus facilities, administration services, and advisor support from professional and graduate staff members within the Office of Student Activities (OSA) who serve as liaisons to the University and advocates for fraternity and sorority chapters and the various governing councils;
● Compilation and provision of grade reports;
● Access to leadership development, scholarship, and educational opportunities and programs;
● Facility maintenance services;
● Recognition as a WIU student organization and all the privileges afforded therein.

The OSA will only grant recognition to fraternities/sororities who are affiliated with a(n) inter/national organization and/or is a current member of one of the following umbrella organizations National Panhellenic Conference (NPC), National Pan-Hellenic Council (NPHC), National Multicultural Greek Council (NMGC), National Association of Latino Fraternal Organizations (NALFO), National Asian Pacific Panhellenic Association (NAPA), or the North American Interfraternity Conference (NIC).
Relationship between University and Inter/national Headquarters

Western Illinois University recognizes the value and benefit of fraternities and sororities. The University’s relationship to fraternities and sororities is based upon mutual interests and reciprocal support. The foundation for the relationship between the university and the fraternity/sorority community consists of the following:

- Communication: Chapter leadership will communicate regularly with the University and submit all requested paperwork.
- Engagement: All chapters will be actively involved in their appropriate governing council as well as engage in the campus community.
- Leadership: As recognized student leaders, fraternities/sororities will strive to leverage their leadership to serve the campus and local community.
- Membership: Membership in fraternities/sororities shall consist only of those students who are currently enrolled at Western Illinois University on the Macomb campus.
- University Policy: It is expected that all fraternity/sorority leaders and members understand University policy (including federal, state, and local laws therein) promulgated in the current Student Code of Conduct and they assume personal and organizational responsibility and accountability for adherence to those policies.

Process/Procedures

The fraternity/sorority expansion procedure applies to:

- WIU students requesting to bring an inter/national fraternity or sorority to WIU.
- Inter/national fraternity or sorority headquarters who seek recognition at WIU.
- A fraternal governing council who believes expansion is desired and the University determines expansion is viable.

Recognition by the University includes the following expectations:

1. Each fraternity and sorority must fulfill its own purpose.
2. Chapter leaders must know, understand, and provide reasonable methods of communicating and enforcing compliance with all Western Illinois University, local, state, and federal policies, and laws.
3. Each fraternity and sorority must be an approved member of one of our three fraternal governing councils.
4. The fraternity sorority community must be able to effectively support each incoming chapter which includes reviewing University demographics.

General expansion approval steps.

1. Council votes (following appropriate national umbrella guidelines if applicable) whether or not to open for expansion.
2. If council votes yes, a request will then be made to the Director of Student Activities.
3. If approved by the Director of the Office of Student Activities a final approval request will be submitted to the Vice President of Student Services.

16 | GLP Handbook (Revised Summer 2017)
Recognition for new inter/national organizations or organizations that have been absent from campus for five (5) or more years or have never been recognized:

Any interested students or organization must adhere to the council (IFC, PHC, or UGC) specific procedures. Each council has the right to determine if expansion is viable at any given time. Despite a desire to create a new fraternity or sorority at WIU, expansion of the fraternity/sorority community is not guaranteed.
4. Once expansion consideration has been granted, all expansion materials will be submitted to an Expansion Committee and appropriate governing council.
5. The Expansion Committee will review expansion applications and extend invitations for campus presentations.
   a. Should the Expansion Committee and/or the governing council wish to see presentations from multiple organizations, the Expansion Committee will determine the appropriate number of organizations to invite.

7. Decisions made by the governing council will then be submitted to the Director of Student Activities and Vice President for Student Services for final approval.

Social Event Management Policy

Purpose

The purpose of the guidelines set forth in this document are to guide and establish accountability for the fraternities and sororities of Western Illinois University in managing risks for their organizations. This policy applies to all social events hosted by fraternities/sororities.

Introduction

The fraternities and sororities of Western Illinois University are aware of the increasing need for self-regulation and risk management within the chapters and the fraternity/sorority system. This document is in response to fraternity and sorority leaders and University officials across the nation demanding that fraternity/sorority systems provide guidance and guidelines to ensure the safety of members and visitors to chapter property and social events. All fraternities/sororities are to be in compliance with their Inter/National and Western Illinois University (WIU) policies regarding alcohol and risk management. In the event Inter/National and WIU policies are in conflict, Greek Life Programs (GLP) will defer to the stricter of the guidelines.

It is important to remember even “unofficial” organization events can be construed as chapter events if an outside observer can reasonably associate the activity with the chapter. Therefore, sound risk management practices should be considered and implemented any time members come together – whether on or off chapter or University premises.

Statement of Student Welfare and Responsibility

The safety and welfare of our students is of the highest importance to Western Illinois University (WIU) and the fraternity/sorority community. There will be times when individual students, both on and off campus, may be in critical need of assistance from medical or other professional personnel. WIU and the fraternity/sorority community hope these students will seek help and other students or individual fraternities/sororities will respond to obtain the help their fellow student needs. To that end, Western Illinois University wants to minimize any hesitation students might have in obtaining help due to concern that their own behavior or chapter behavior might be a violation of University policy.

While policy violations cannot be overlooked, WIU staff members may take into consideration the positive impact of reporting an incident on the welfare of students when determining the appropriate response for policy violations by the reporter of the incident. Any possible negative consequences for the organization or individual reporting the problem may be weighed in the overall assessment of possible negative consequences for the student who needs intervention. At a minimum WIU hopes a student would make an anonymous report that would put the student in need in touch with professional help.

Risk Management Committee (RMC)

The RMC will consist of one representative from each fraternal governing council (Interfraternity, Panhellenic, and United) and a graduate advisor appointed by the Assistant Director of Student Activities for Greek Life Programs. This committee will meet on a weekly basis to review submissions of fraternity and sorority social events.

Before hosting a social event, each organization President, Risk Management Chair, and Social Chair(s) must attend a meeting hosted by the RMC to review this policy. This meeting will be hosted the first Wednesday of each semester. Should an organization not attend this informational meeting, the organization will not be eligible to host any social events until they have completed the necessary training with the RMC.

Greek Review Board

Philosophy and Purpose

To align with the mission of Greek Life Programs, the GRB exists to assist in the personal growth and development of our fraternity/sorority community by further promoting self governance, accountability, and responsible citizenship. The GRB seeks to promote, using both educational and punitive sanctions, actions that align with the values of Western Illinois University and Inter/National fraternities/sororities. Additionally, to promote the welfare of the individual members and chapters of the fraternity/sorority community. An individual who assumes voluntary membership in a social fraternity/sorority does not surrender his/her rights or escape his/her fundamental responsibilities as a citizen, but acquires additional rights and responsibilities to the University fraternity/sorority community voluntarily and thus assumes obligations of performance and behavior reasonably imposed by all members of the fraternity/sorority community as well as Western Illinois University.

The purpose of the GRB is to review allegations of misconduct involving social fraternities/sororities and mediate or adjudicate a resolution to said allegations. Under the Code of Student Conduct, the GRB has been authorized to review allegations of misconduct involving social fraternities/sororities. Behavioral prescriptions which social fraternities/sororities will be held accountable have been enunciated in the Code of Student Conduct, IFC/UGC/PHC constitutions, and fraternity/sorority community standards. As stated in the GRB’s philosophy, members of the fraternity/sorority community acquire additional rights and responsibilities. Consequently, social fraternities/sororities are held to high standards in all regards – including social endeavors.

Jurisdiction

The GRB has been designed with the intent to review chapter conflicts and conduct, but reserved the right to address individual member actions. Generally, jurisdiction and discipline shall be limited to conduct, which occurs on University or chapter premises, at chapter activities, or activities that can reasonably be assumed to be associated with a fraternal organization. Violations of council constitutions, bylaws, or policies shall be reviewed by the governing council. Appeals may be made to the Greek Review Board.

Although not all acts of individual chapter members can or should be attributable to the chapter, any chapter, or its members should be held responsible for its actions as described herein. The GRB, through collaboration with the Office of Student Activities, Student Judicial Programs, and the Greek Life Risk Management Committee (RMC), has the right to determine whether or not an action is attributable to the chapter or is considered an individual offence. Evidence of chapter conduct exists where:

- Members of the chapter act in concert, or the chapter provides the impetus for members to violate University policy;
- A violation arises out of a chapter sponsored, financed, or endorsed event;
- A chapter officer has knowledge of the incident before it occurs and fails to take corrective action;
- The incident occurs on the premises owned, operated, or leased by the chapter;
- A pattern of individual violations is found to have existed without proper and appropriate chapter control, remedy, or sanction.

In determining whether a chapter may be held collectively responsible for the individual’s acts of it’s members, all of the factors and circumstances surrounding the specific incident will be reviewed and evaluated, including chapter specific attempts at mediation and resolution.

The GRB will hear all cases that violate Social Event Management Policy (SEMP). The RMC reserves the right to delegate a case to the councils if they feel the case would be better handled by the governing council. If an incident should occur that does not fall under the SEMP, the RMC reserves the right to decide where the case will be heard. For severe cases, the Office of Student Activities may claim jurisdiction. For all other cases, the RMC will decide whether the governing council or the GRB will have jurisdiction.
Greek Review Board (cont.)

Structure

There are three types of review conducted by the GRB: check ups, mediations, and review hearings. A check up or mediation is not necessary prior to an official hearing. If the RMC or GLP Staff believes a hearing is necessary, they do not need to hold either of the types of reviews before the situation can proceed to a review hearing. The RMC, in coordination with the GLP staff, will decide whether a chapter will have the opportunity for mediation or will immediately be assigned a GRB hearing. This decision will be based on the criteria described later in the document.

Check ups
- Can occur at the discretion of the GRB or any of the GLP Staff. If the RMC feels it is acceptable, they can call in the identified chapter to check in.
- The check up team will consist of two (2) representatives. The representatives will be one member of the RMC and one member of the GLP Staff.
- The check up team will talk to the chapter representatives about the potential risk situation the chapter could be in.
- This action should be utilized if the chapter actions do not warrant a mediation or review, but an intervention is necessary.

Mediation
- Mediation exists to facilitate a discussion to reach a mutually binding agreement between chapters or between a chapter and the OSA. Can occur at the discretion of the GRB or at the request of a Chapter.
- The mediation team will assist one or more chapters assess their actions and achieve a solution agreeable to both the involved chapters and the mediation team. All parties must agree on any decisions for them to be valid.
- The mediation team will consist of three (3) representatives. These representatives will be one (1) member of the RMC, one (1) member of the GLP staff, and one member from the GRB pool.
- The mediation team will assist chapters as they assess their own actions and, when violations have occurred, hold themselves accountable.
- Any organization violating a mediation agreement will be forwarded to a hearing board for failure to comply.
- If a reasonable decision cannot be made based on the mediation, a GRB Hearing will be conducted.
- A mediation should not be treated as a judicial hearing.

GRB Hearing
- Each hearing will consist of three (3) representatives. These representatives will be one (1) member of the RMC who will serve as the chairperson and two (2) members of the GRB pool. A member of the GLP staff will serve as the board advisor and be present at all hearings conducted by the board.
- There must be at least one (1) representative from a fraternity and at least one (1) representative from a sorority. A reasonable attempt should be made to include one representative from each council.
- No more than one (1) representative from any chapter may serve on a board at a GRB hearing.
- No member of any of the chapters involved in the hearing can serve as a representative. This includes the chairperson.
- If one board member does not show, the accused chapter may make the decision whether or not to continue with the hearing. If two or more board members are not present, the hearing will be rescheduled.
Greek Review Board (cont.)

Structure (cont.)

Advisor(s)
- An advisor to the Risk Management Committee will serve as the advisor to the Greek Review Board during a hearing.
- The role of the advisor is to provide the relevant information to board members prior to a mediation/hearing, assist the board in following the procedures during a mediation/hearing, provide relevant information to the board for sanctioning purposes.
- It shall not be the role of the advisor to ask questions during a mediation/hearing or to lead board members toward a decision.
- The advisor must fulfill the following duties:
  - Notify the chapter(s) of potential violation(s) in writing.
  - Coordinate the scheduling of mediations and review hearings.
  - After each meeting, a chairperson will notify the Fraternity/Sorority Advisor of the outcomes of all mediations/hearings.
  - Oversee the enforcement of sanctions, ensuring the completion of sanctions.

Chairpersons
- The Risk Management Committee members will serve as the chairpersons of the GRB.
- One chair must be present at all hearings.
- Chairs must fulfill the following duties:
  - Coordinates representatives to fill the board for each hearing.
  - Serve as a member of a mediation team.
  - During a hearing, serve as moderator, supervise board members, and monitor the behavior/conduct of all individuals in attendance.
  - Submit a report to the Assistant Director of Student Activities for Greek Life of the GRB’s activities at the end of the term of office. That report will include, but is not limited to, the following:
    - Number of cases heard
    - Types of cases heard
    - Decisions reached
    - Areas that need improvement or clarification and suggestions for improving the overall operation of the Board.
  - Organize and application and interview process for new members to add to the GRB pool, in conjunction with the GLP Staff.

Board Members

The GRB shall be composed of a pool of fraternity and sorority members. Each semester, an application and interview process will open for those interested in serving as a board member.

To be eligible for the board, a student must meet the following criteria:
- Be a full time undergraduate student at Western Illinois University.
- Be an initiated member of a fully chartered and officially recognized IFC/PHC/UGC organization.
- Be in good judicial standing with the University, Office of Student Activities and their individual chapter.
- Maintain a 2.500 cumulative grade point average.
- Not be serving as an Executive Board member of any of the councils.
- Not be serving as the President of an IFC/PHC/UGC organization.
- Maintain confidentiality of all GRB related proceedings.

If selected to serve as a member of the board, new members must attend one training session a semester, prior to serving for a hearing. Returning/continuing members must also attend one “refresher” session each year after their first training session before they can serve during a hearing.
If a returning/continuing member misses two “refresher” trainings in a row, without a valid excuse, they will be removed from their duty on the board. If a member no longer fulfills the requirements stated above or does not fulfill the duties expected of a member, the representative will be removed from the pool of eligible representatives.

Investigation

Investigations will be conducted by professional staff members within the University Community. The assigned Chair, in association with the GLP Staff, will collect information related to reported incidents. All evidence procured from their investigation must be documented and provided to the mediation team or GRB prior to meeting with the accused chapter(s).

Outcomes and Resolutions

It should be understood by all participants in the judicial process there is a fundamental difference between the nature of student discipline and criminal or civil law. The aim of these outcomes and resolutions imposed in the disciplinary process is to educate students, and the types of potential outcomes are not all equivalent to those of a criminal or civil proceedings.

In each case when the GRB determines an organization has violated policy, the outcome(s) and/or resolutions must be approved and imposed by the OSA. The OSA is not limited to outcomes and/or resolutions recommended by the GRB. Following a mediation and/or hearing, the Board Advisor shall advise the chapter president, chapter advisor, and Inter/National Headquarters in writing of the outcome(s) and/or resolutions imposed. If appropriate, chapters may submit recommended outcomes and/or resolutions for themselves to all meetings with the GRB.

More than one of the outcomes and/or resolutions listed below may be imposed for any single violation:

- **Tier one**
  - Tier one warning may involve, but are not limited to, unintentional and/or accidental infractions.
  - When a time frame is necessary for an outcome and/or resolution, it cannot exceed eight (8) weeks (not including University breaks).

- **Tier two**
  - Tier two infractions may involve but are not limited to unintentional and/or non-accidental infractions. May also include repeat policy violation offenders.
  - Can serve as both a second chance and possible final warning to the organization.
  - When a time frame is necessary for an outcome and/or resolution, it cannot exceed sixteen (16) weeks (not including University breaks).

- **Tier three**
  - Tier three infractions may involve but are not limited to multiple intentional and/or non-accidental infractions. May also include multiple repeat policy violation offenders and/or deliberately jeopardizing the safety of chapter members, guests, the fraternity/sorority community, and/or the University.
  - When a time frame is necessary for an outcome and/or resolution, it cannot exceed one calendar year (not including University breaks).
  - Tier three infractions can affect the chapter’s good standing with these respective governing council and/or the University.
  - Tier three infractions can be sent to the Office of Student Judicial Programs for organizational review.

The GRB will work diligently to assure that any outcome(s) and/or resolution(s) will be tailored to match the infraction. Chapters can use the following outcomes and resolutions as a guide for suggesting disciplinary action during a mediation or review hearing. Chapters are not limited to this list and may recommend any other outcome and/or resolution they deem appropriate.
Outcomes and Resolutions (cont.)

One or more of the following outcomes and resolutions may be imposed or agreed upon any chapter though the GRB, Director, and OSA:

- **Warning**: a notice in writing to the organization that the chapter is violating or has violated institutional policy.
- **Substance probation**: chapters subject to substance probation may not be permitted to have alcohol at any chapter events including, but not limited to, formals, parties, or exchanges.

- **Suggested revision to policy to be presented to GLP Stand, GRB, or Council.**

Being found responsible for violating any institutional regulation(s) during a probationary period may result in more severe disciplinary sanctions. All disciplinary records concerning fraternities and sorority are maintained permanently for archival purposes in the Office of Student Activities.

Emergency Policies/Procedures

There are times when unfortunate events occur in or to our chapters. It is during these times when we must seize an opportunity to show one of the most incredible aspects of being a member of a fraternity or sorority; pulling together as a group and community to support one another. It is important to remember that proper decision-making skills need to be utilized when in an emergency. The safety and health of individuals is more important and valuable than the potential discipline the individual and/or organization may face as a result of the incident/event.

The following procedures are recommended in the event a tragedy or crisis occurs, whether on or off chapter property. Examples of such situations include, but are not limited to, the death or serious injury of a member, or fire in a chapter facility. These recommendations are designed primarily for chapters with houses; however most of the provisions are applicable to any organized group.

Some organizations may already have similar emergency procedures that have been developed by their Inter/National headquarters. This information will complement those procedures by providing names and telephone numbers of local contact people who can be of assistance.

Member Education

1. Be certain each member of the chapter understands the Chapter President is the officer in charge of every emergency situation. The President may consult with other members depending on the situation, however, final decision making authority rests with the President.

2. Determine a succession order of chapter officers who are responsible in the Chapter President’s absence and communicate the order to the entire chapter membership. Each officer should know where to locate a copy of this list of emergency procedures. The On Campus Advisor, Off Campus Advisor, and House Corporation Board President should also possess a copy of and be familiar with the procedures.

3. All members must know who is in charge and be prepared to follow instructions. Include a review of both the general fraternity/sorority emergency procedures and these procedures in your new member education program. Highlight these procedures at the beginning of each semester with the entire chapter membership.
Emergency Procedures (cont.)

Death, Serious Injury, Threat to Individual Lives

1. Restrict access to the chapter facility at once. Assign competent individuals to answer the telephone and the front door. The Chapter President cannot give instructions and maintain order if members are leaving and strangers are entering.

2. Permit only your members and appropriate officials to enter. Try to keep members off their personal phones to avoid the passing of incomplete information prior to a statement being issued by the Chapter President. If you chapter does not provide housing, identify a common meeting place.

3. If emergency assistance is necessary, dial 911 and provide the dispatcher with complete information on the situation. Be calm and concise. The dispatcher will contact the support and response teams required notification (i.e. ambulance, fire department, police department, etc.)

4. Before you leave the telephone, contact the Office of Student Activities (309-298-3232) and/or the Office of Public Safety (309-298-1949), your Chapter Advisor(s). If there is any doubt whether or not the situation is serious enough to warrant calling, PLEASE CALL!

5. Assemble your members in a group. Explain there is an emergency situation and the chapter facility is closed. Ask the members to cooperate in controlling outgoing phone calls until the situation is under control. The Chapter President will be the official spokesperson for the chapter. Do not discuss the situation with anyone outside the chapter membership until the policy, University officials, and your Advisor have arrived. At that time it will be discussed exactly what has happened and determine jointly what steps will be taken to manage the situation.

6. If there are members of the chapter who are not present for this meeting, a member of the chapter should be assigned to inform each of them as to the situation upon their return.

7. Your Inter/National headquarters will need to be notified at the earliest opportunity. Specific information to be shared, as well as questions, which they may be able to answer, can be formulated prior to the call through discussion with University officials and your chapter Faculty/Staff Advisor.

8. If the press should contact the chapter, only the Chapter President or Chapter Advisor should speak on behalf of the chapter. With the help of your Advisor and University officials, an official written statement can be prepared. Decline comment until such a statement has been complete. Do not release any name until it has been determined it is appropriate.

9. If the situation is a death outside the chapter living space, do not announce it until University and your Chapter Advisor(s) have arrived to help.

10. In the event of a serious injury or death, it is the role of the University personnel and/or medical/law enforcement personnel to notify the parents. You should, however, have parent/guardian information on file and available to the proper authorities. When you know the family has been notified, it is appropriate for a chapter representative to call and share sympathies and concern.

11. In the event of a death, you will want to make arrangements for any roommates to temporarily relocate to another living space. Restrict access to the deceased member’s room until his/her personal possessions are removed.

12. If a member dies, do not move any of the deceased student’s personal possessions. When proper time has passed, you will call the family to ask what their wishes are regarding his/her personal possessions. You may offer to pack them in boxes or offer to assist the parent/guardians if they choose to pack the belongings themselves. Before they arrive, be sure all borrowed items are returned to the deceased student’s room. If the parents/guardians do choose to pack the belongings themselves, you can make packing materials available and offer to help. Respect the family’s wishes no matter how difficult they may become.

13. The University official involved will initiate the notifications within the University of those offices, which would interact with the injured or deceased student (i.e. departmental offices and professors).

14. University officials are always available to council and to provide general assistance to chapter members. Do not hesitate to call for help. Individual and group counseling are strongly recommended following any crisis situation. No matter how well things may appear on the surface, counseling and other support services are often necessary.

15. If the funeral is in state, it will mean a great deal to the family for members of the chapter to attend. If the funeral is too great a distance for the general membership to attend, arrangements can be made for a local memorial service. Most fraternities and sororities have ritual ceremony to be conducted in the event of a member’s death. Arrangement may be made by the Chapter President to hold this ceremony at the appropriate time.

16. In the case of serious injury or illness, inquire about the visitation wishes of the family and communicate this to and coordinate this with members of the chapter.

17. In any emergency use tact and caution in your statements to members, media/press officials, and others. Avoid speculation and hearsay. Remember to issue only the prepared official statement to the media/press.
Emergency Procedures (cont.)

Fire

1. Create a rooming chart resembling the house floor plan. List the residents of each room directly on the floor plan. Note any information next to the individual’s name, which might become important to the fire department (i.e. physical limitations). Note the placement of beds and identify the occupant of each on the floor plan.

2. Make two copies of these documents. Give one to each of your next-door neighbors (even if they are not a fraternity/sorority). Keep the original in a publicized place (i.e. chapter room, desk drawer in common room, etc.).

3. Develop escape routes for each room. Permanently affix the room’s escape route to the back of the room’s door.

4. Should a fire break out, dial 911. When the fire department arrives, you will need to assist them in determining if anyone was left in the house, and if so, where they might be found. The floor plan can be of great benefit at a point when chapter officers may not have the time to try to recall numerous name and rooming situations.

5. Identify a common meeting place outside the house for members to gather in the event of a fire. This can be a tree a nearby fraternity/sorority front lawn, or any predetermined location. Ensure the location is a safe distance from the house and out of the way where emergency vehicles will enter the property. At that point, get a neighbor’s copy of the rooming list and take roll. Make a note of any individuals who are missing and the probability of their remaining inside the house. This step must be taken as quickly and efficiently as possible.

6. The Chapter President or highest-ranking officer present will communicate this information to the fire department. The fire department Incident Commander will be identified either by wearing an orange vest with Incident Command on it, or by being in a fire department vehicle with a green flashing light on top. Another designated officer should be calling those individuals identified in the general emergency procedures listed previously (i.e. University officials, Chapter Advisor(s)). It is suggested that a listing of all necessary phone numbers be kept with the copies of the floor plan.

7. Keep chapter members together. Under no circumstances should any member of the chapter return to the burning building.

8. Upon their arrival, University officials and the Chapter Advisor(s) will begin to make temporary living arrangements as necessary.

9. The Chapter President should organize a timed fire drill each semester. The Macomb Fire Department is willing to assist in the education components of a fire drill.

10. The chapter should sponsor a program/presentation by the Macomb Fire Department on fire safety.

Statement of Student Welfare and Responsibility

The safety and welfare of our students is of the highest importance to Western Illinois University (WIU) and the fraternity/sorority community. There will be times when individual students, both on and off campus, may be in critical need of assistance from medical or other professional personnel. WIU and the fraternity/sorority community hope these students will seek help and other students or individual organizations will respond to obtain the help their fellow student needs. To that end, Western Illinois University wants to minimize any hesitation students might have in obtaining help due to concern that their own behavior or chapter behavior might be a violation of University policy.

While policy violation cannot be overlooked, WIU staff members may take into consideration the positive impact of reporting an incident on the welfare of students when determining the appropriate response for policy violations by the reporter of the incident. Any possible negative consequences for the organization or individual reporting the problem may be weighed in the overall assessment of possible negative consequences for the student who needs intervention. At a minimum, WIU hopes a student would make an anonymous report that would put the student in need in touch with professional help.
Appendix A
Social Event Theme Guidelines

It is easy to get entrenched in our own community and individual fraternities/sororities. Sometimes it is hard to see outside the box. Hurtful themes can affect an entire community. We are individuals but we are a community and the individual’s actions reflect on the greater whole. Many of the more typical themes are not promoting moral, intellectual, and social growth. These can often mask people’s identities and encourage them to act in a hurtful and disrespectful ways, even if that was not the intention. Even if the intention isn’t there it is still wrong. It will be tempting to trust that all members will act or frees in an appropriate manner but remember that if ONE person acts in an unacceptable manner it reflects on the entire chapter and community.

Themes should not be reinforcing stereotypes that many have been fighting to change for years. Specifically this means themes regarding race, gender, or religion are unacceptable.

Consider the following list for possible theme ideas:
- Black and white semi-formal
- Favorite TV show
- All-star athlete (dress like a soccer, baseball, football, etc. player)
- Zoolander
- This used to be cool
- When I was growing up/Throwback
- Brand logos (Jolly Green Giant, Tony the Tiger, etc.)
- Superheroes
- Graffiti (wear a plain white t-shirt, bring markers and write on each other’s shirts)
- Jimmy Buffet (beach attire, floral shirts, shorts, sandals)
- Rescue Me (any helping professional: doctor, police officer, crossing guard, etc.)
- 80s/90s TV
- Nickelodeon/Disney
- Cocktail semi-formal (cocktail dresses, pants, shirts, ties)
- My Tie (semi-formal dress attire where men put all ties in a basket and women find the owner of a tie)
- What the heck are you wearing?! (What person can wear the most clothing that makes the least amount of sense)
- Starts with the letter… (Pick a letter and wear something associated with words that starts with it)
- What you want to be when you grow up/Occupations
- Cartoons and Cartoon Characters
- Sweatpants and Polos (fancy and comfy)
- WIU Spirit
- $5 Prom (go to a thrift store with $5 and try to find something fancy to wear)
- Masquerade Ball
- A Star Studded Night! (celebrities)
- High School Reunion (wear old high school t-shirt and uniforms)

Remember, themes are meant to be fun, but not fun at the expense of other. Make sure members understand the idea of the theme and do not construe it in a negative way. An idea of how to minimize poor choices is to have a fashion show of what the theme is.
