# Western Illinois University From the PFA President

Welcome to the Western Illinois University Family. We share with you the tremendous pride, sense of accomplishment, joy, and the twinge of sadness that comes with helping your student with the transition to college. University life can be both exciting and challenging to you and your student. These effects can influence the whole family.

We invite you to join the WIU Parents and Family Association because we realize how significant the transition to college can be. Parents continue to play a vital role in the lives of their college-aged children. The WIU Parents and Family Association is a great way of keeping you informed. We will update you about WIU and the happenings around the campus as well as the local community. You will learn about the resources available to your student to help with academic concerns, career assessment, personal obstacles, becoming involved, and increasing cultural experiences.

We hope that you will enjoy being members of the Western Illinois University Parents and Family Association.

*Bernie Dalcamo*, PFA President

## From the PFA Advisor

Welcome to the Western Illinois University family! Your students are embarking on a wonderful journey into adulthood. The experiences they have while at Western will mold who they will become in the future. With your support, we will work to make their campus experiences the best it can be. The Parents and Family Association is your link to the University!
