- Students following the Associate of Arts degree program outlined below may transfer to WIU and complete their Bachelor of Business degree in one of the following business disciplines with an additional two years: **Accounting, Economics, Finance, Human Resource Management, Management, Marketing and Supply Chain Management** (additional summer internship required for SCM). Students will fill out applications for both schools and consult the advisors and the catalogs for both schools for specifics. This guide assumes students have met all course prerequisites required by SRC and admissions requirements for WIU.
- Students will be required to complete business core and major course requirements at WIU. In general, a minimum of 64 semester hours (s.h.) will be taken at SRC at SRC rates and 60 s.h. from WIU at WIU rates.
- Under this agreement, acceptance as a declared business major requires the completion of a minimum of 60 s.h. with a cumulative grade point average (GPA) of 2.50. The student must have also completed ACCT 201 and 202, ECON 231 and 232, MATH 137, and STAT 171. Transfer students not eligible to declare will be limited to 29 hours of business coursework as noted (**Note 8.**) below until these requirements have been met. Enrollment in a Pre-Business Program does not guarantee acceptance into one of the major areas as a candidate for the Bachelor of Business degree.
