

## Western Illinois University Windows Update 2010-2012 Schedule

### Notes

- With the exception of December and January, Windows updates are delivered to the campus community on the 3<sup>rd</sup> Friday of each month.
- Updates are not delivered the week before finals week, the week of finals week, or the Monday or Tuesday following finals week in both Fall and Spring semesters.
- Updates are not delivered the first week of classes in Fall, Spring, or Summer semesters.
- Because four week summer sessions are compressed, only one week is allotted for finals week, so updates are deployed during the 3<sup>rd</sup> week in both June and July of all years.
- Because of finals week and the December holiday, December updates are delivered on the first Friday in January. If this date is a holiday, updates will be delivered the following Monday.
- Because classes resume in the 3<sup>rd</sup> week of January, January updates are delivered on the last Friday of January.
- Because out-of-cycle patches happen infrequently and represent solutions to critical issues, out-of-cycle patches will be communicated and delivered as soon as possible to the campus community.

### Fall Semester, 2010

- August 20, Fri
- September 24, Fri
- October 22, Fri
- November 19, Fri
