

FYE Common Reading Book Vote Results – Spring 2007

Assigning a score of 6 to a 1st place vote, 5 to a 2nd place vote, and so on, down to 1 for a 6th place vote generates the mean scores shown in the table below. I have highlighted the top choice for each group in **red**. Also, following the table are graphic representations of the vote.

As you can see, the vote is not as clear cut as it was last year. Last Child was preferred overall, and by faculty and staff, but was second to Garbage Land among students from all class levels. Among faculty, COEHS and CFAC faculty preferred Last Child, but CAS and CBT faculty preferred Field Notes. All staff positions preferred Last Child.
