1. OVERVIEW OF PROCUREMENT CARD PROGRAM

1.1 PURPOSE

This program is designed to improve efficiency in purchasing low dollar (under $5,000) goods and services.

NOTE: The procurement card cannot be used for personal purchases under any circumstances.

1.2 BENEFITS

The use of the procurement card will

1.2.1 Provide improved customer relations by allowing employees to obtain certain goods and services faster and easier.

1.2.2 Enable employees to be more efficient and to focus on the primary aspects of their jobs.

1.2.3 Reduce paperwork and processing time at the department level as well as in Purchasing and Accounts Payable.

1.2.4 Provide cost savings through consolidated payment. The University will issue a monthly payment to the credit card provider instead of multiple supplier payments.

1.3 THE CREDIT CARD COMPANY

The program is provided by JP Morgan Chase which offers a web based software solution called PaymentNet 4 that simplifies and accelerates the reconciliation process.

2. WHERE TO GET HELP

1.1 DISPUTES

Before a transaction is disputed, you must first attempt to resolve the issue directly with the merchant. If the merchant fails to resolve the issue, an online dispute can be initiated in PaymentNet 4. Sales tax is not a valid reason to dispute a transaction. Do not dispute a charge if it has already been reported as fraudulent. Instructions are listed on the Cardholder Quick Reference Card.

A Cardholder's Agreement must be completed, signed and returned to Purchasing before the procurement card will be issued.

The procurement card will include the Cardholder's, Institution's and Department's name.

3.2.4  VP Approvals
Transactions that need VP approval must include in the transaction notes when VP approval was received. This is required before the transaction can be marked as audited. Documentation showing VP approval is required to be submitted with the cardholder’s monthly statement and receipts.

3.3  HOW TO ACTUALLY BUY SOMETHING WITH YOUR PROCUREMENT CARD

Consider if the procurement card is the best method to make the purchase. Departments should determine that the price quoted is the best price and includes the shipping costs. Tax is not to be charged. It is the responsibility of the purchaser to ensure that tax is not charged, the cardholder is responsible for the payment of taxes if they have failed to do so. Prime vendor contracts are to be utilized whenever possible (ex: IPHEC, CMS, MHEC, etc.).

3.3.1  In Person
Take the card with you to the supplier and verify that the supplier accepts MasterCard. Make your selection (nothing on the excluded list) and present the card and the goldenrod tax exempt card to the cashier for payment. You will be asked to sign a card authorization slip (same as personal purchases). The supplier will give you a copy of the authorization slip and the cash register tape or paid invoice. Please be sure to get an itemized receipt, verify that no tax has been charged, and get your card back! Retain the receipt until the monthly statement is received. Attach all receipts for the month to the statement and forward to Business Services for scanning.

3.3.2  Via Phone or Fax
Place your order with the supplier. The supplier will need your card number, expiration date, and tax exempt number. Give the supplier your name, department, building name, room number and zip code so that they can make delivery to you. Ask the supplier to include an itemized invoice/receipt. It may be a good idea to keep a record of these orders so that you can be sure your order is received. Attach all receipts for the month to the statement and forward to the Business Services for scanning.

3.3.3 Over the Web
Please only utilize web based ordering with suppliers who encrypt data transmission for security. Ask the supplier to include an invoice/receipt. Make a copy of the order page; many companies provide an on-line invoice that may be printed at the time the order is placed. Remember an itemized receipt is required. Attach all receipts for the month to the statement and forward to Business Services for scanning.

3.4 Travel

The procurement card may be used for transportation and lodging expenses while employees are in travel status. Cardholders are responsible for ensuring that the charges are within the allowable rates set by the State of Illinois and the University. Include in the designated fields the name of the person traveling, destination and dates. List the purpose of travel in the transaction notes.

All original receipts are to be attached to the employee’s travel voucher. Copies of the receipts should be attached to the monthly credit card statement. The Business Office will calculate the travel voucher amount. Indicate on the travel voucher what was paid on the procurement card. If the charges made on the procurement card exceed the allowable rates, then the traveler’s per diem will be reduced accordingly. If the per diem will not cover the overage then the employee is responsible to refund to the University any amount overspent.

3.5 What if my Card is Declined?

Cardholders can review their transactions in real time, under the Transactions drop down and selecting Authorizations/Declines. You may also contact JPMorgan’s customer service at 1-800-270-7760. Their customer service representatives are available 24 hours per day.

The most common reasons for decline are: the merchant entered a wrong expiration date; dollar amount of the transaction exceeds the single transaction limit on the card; or the MCC has been blocked from your card.

3.6 Tax Exemption

The University is tax exempt and will not pay for sales tax. The Cardholder is responsible for insuring that sales tax is not charged at the time of purchase. If sales tax is charged, the cardholder is responsible for getting a credit issued back to the P-Card or reimbursing the University for the tax. A copy of the current tax exempt letter is included on page 21 of this manual. A copy is also available on the Purchasing Office website (www.wiu.edu/vpas/purchasing). Amazon began collecting sales tax in Illinois on February 1, 2015. As a State agency, Western Illinois University is exempt from sales tax. The University must ensure that personal and business purchases are not made on the same Amazon account.

3.7 Receipts

An original itemized receipt from the vendor must support each and every purchase. Copies or facsimiles are acceptable when the original is not available. The receipt must include:
Vendor information (names, locations, etc.)
Amount (itemized)
Date of transaction

If the receipt only includes the total purchase amount, attach the detailed receipt, packing slip with detail information or invoice to the receipt.

Purchases for unusual items which do not have an obvious University purpose must include an explanation in the Notes section on the Transaction screen in PaymentNet 4.

3.7.1 **Lost Receipts** - Cardholders must contact the vendor to request a copy of the receipt. If the cardholder is unable to obtain the copy, then contact Cindy Baxter (CA-Baxter@wiu.edu or 298-1819) in Purchasing for assistance.

3.7.2 **Retention of Receipts** - Departments are responsible for documentation for procurement card purchases. Receipts are to be attached to the monthly statement and forwarded to the Business Office for scanning. The Business Office is not responsible to ensure that all receipts are forwarded. However, the Business Office verifies that a receipt is included for every transaction. Failure to submit statements and/or itemized receipts may result in loss of use of the credit card. Auditors will use the scanned images. Missing receipts are the responsibility of the cardholder’s department. Failure to submit statements will result in p-card suspension or non-issuance of renewal card.

3.7.3 **Unacceptable Receipts** - the following are examples of types of receipts that should NOT be submitted with the monthly statement:
- Receipts without itemized detail
- Receipts reduced down in size so much they are no longer legible
- Multiple receipts copied to one page but facing in all different directions
- Receipts for transactions that are not included on the monthly statement (unless they are related to another charge or credit)
- Receipts unrelated to PCard charges (such as Visa receipts)
- Receipts with the edges cut off so not all the detail is viewable

Highlighting on statements and receipts is to be avoided. It does not scan well and makes it difficult to read the image. When taping a receipt to a page, avoid putting tape over any of the print. Over time the tape causes the print to fade and eventually disappear.

3.8 **Reconciling the Statement**

All transactions are posted to PaymentNet 4. The transactions are to be reviewed for accuracy. If a transaction appears that you do not recognize or the amount is incorrect, contact the supplier first. Also notify the Procurement Card Administrator (298-1819) who will assist in the dispute.

You will receive a monthly statement from JPMorgan. Match the transaction documents (receipts/invoices/approvals/etc.) to the transactions listed on the statement. All disputes should have been discovered during the review process in PaymentNet 4, but if you find a transaction on the statement that you do not recognize, or if the amount is different than shown on the documents you received then first contact the supplier and notify the Procurement Card Administrator to assist in disputing the transaction.

Payment will automatically be made by the University. Your University account will be charged daily based on the PaymentNet 4 transactions that have all the approval levels completed.
Attach all of the month’s receipts/invoices/approvals/etc. to the statement and forward them to the Business Office for scanning. If statements are received after the 20th of the following month, they are subject to 100% review.

In order to reduce fraud, cardholders should black out all but the last four digits of their card number, expiration date and/or security code on any of their receipts before submitting them to the Business Office.

3.9 **Returns, Damaged Goods, Credits**

The Cardholder is responsible for making any necessary returns. The Cardholder should work directly with the supplier. Here are some guidelines:

3.9.1 Always retain boxes, containers, special packaging, packing slips, etc., until certain the goods will be kept. Some items such as software or fragile pieces cannot be returned without the original packing materials.

3.9.2 Read all enclosed instructions carefully. Often a phone number and other instructions for returning goods are included in the packing slip and/or receipt.

3.9.3 Many companies require a "Return Merchandise Authorization" (RMA) number before they will accept a return. If the number is not obtained, the package may be refused and no credit issued.

3.9.4 In some cases there may be a restocking fee (usually a percent of the purchase cost). This should only be charged if the vendor is not responsible for the return.

Always make sure the return is properly credited to your account. The credit must be credited to the same account number and detail object code as the original charge.

3.10 **Reimbursements to the University**

Individual cardholders must reimburse the University for unapproved or improper expenditures placed on their Pcard, including the payment of taxes from which the University is exempt. A copy of the check deposited and the deposit slip must be included with the statement along with a written statement of why the deposit was necessary.

4. **Financial Accounting System (FRS)**

Transactions from PaymentNet 4 will be charged against your University account on a weekly basis. Only transactions that have been reviewed and approved by the Card Approver will be entered into FRS. Credit card transactions appear with the transaction ID number followed by the vendor name. Details of the transaction can be traced to PaymentNet 4 using the transaction number.

5. **What Is an MCC Code?**

An MCC or Merchant Commodity Code is a four-digit code assigned to every supplier that accepts MasterCard. The bank that processes the supplier’s charges assigns the MCC to that supplier. WIU has no control over what MCCs are assigned to suppliers. Each vendor is assigned only one MCC.

For every purchase transaction, the supplier's MCC is compared to the list of authorized MCCs for the procurement card being used. If a supplier has an MCC that is not included as an authorized code, the transaction will be refused. The MCC and the card limits provide the University and the Cardholder with additional security that the procurement card will not be misused.

Procurement card users are assigned the MCC Group that best relates to their needs as a purchaser.
6. **REPORTING LOST OR STOLEN CARDS**

Immediately call JPMorgan and report the lost or stolen procurement card. JPMorgan representatives are available 24 hours per day, seven days per week. Advise them that the card is a WIU procurement card. This notification must be made immediately as the University is responsible for all charges until the notification is made. The JPMorgan number is:

**Lost or Stolen Card: (800) 270-7760**

Also, notify the Procurement Card Administrator at 298-1819 or by e-mail to Lora Lidaywa at LJ-Lidaywa@wiu.edu, Cindy Baxter at CA-Baxter@wiu.edu, or Pcard@wiu.edu.

7. **SPLITTING OR STRINGING PURCHASES**

Splitting or stringing purchases is the practice of making multiple charges to obtain like items or services, with the willful intent to circumvent the purchasing policy of soliciting bids. Splitting or stringing is prohibited. Repeated occurrences may result in cancellation of the card.

8. **PAYMENTNET 4 RECONCILIATION**

8.1 Procurement card transactions are available for review and approval by Cardholders and Approvers on a daily basis as they are received from the bank, through PaymentNet 4 at [https://www.paymentnet.jpmorgan.com](https://www.paymentnet.jpmorgan.com). Cardholders should review the transactions on a daily basis as charges will not be deducted from the University Account (FRS) until approved. All transactions must be reviewed and approved within 30 days to avoid P-Card suspension. A reminder will be e-mailed daily to Cardholders who have transactions available for review. Approvers will get a daily e-mail if they have transactions awaiting their approval. The e-mail comes from noreplies@paymentnet.jpmorgan.com and the subject line states PaymentNet: New transactions for Review (or Approval depending on the case).

8.2 Card Approvers must reconcile the individual receipts to the on-line transaction view in PaymentNet 4. Do not wait for your statement to arrive, but review and approve as they post to PaymentNet4.

8.3 Any discrepancies in billing must be marked as disputed charges using the on-line system. Departments should initially dispute with the supplier then if unresolved follow the dispute procedure in PaymentNet 4. Information is automatically forwarded to JPMorgan through PaymentNet 4.

8.4 Cardholder Statement of Account will be available either by mail or downloaded through PaymentNet 4. Statements are issued to each Cardholder. Billing cycles run from the 20th of one month to the 19th of the next. The exception is if the 20th falls on a weekend or holiday. Statements are available for download for up to 24 months.

8.5 Cardholder Statement of Account along with all itemized receipts and backup documentation must be forwarded by the Cardholder or Card Manager to the University's Business Office **no later than the twentieth (20th) of each month**. Failure to submit statements could result in P-Card suspension or non-issuance of renewal cards.

8.6 The Statement of Account along with all receipts will be scanned by the Business Office for record retention purposes. It is the cardholder's responsibility to forward all itemized receipts to the Business Office. The Business Office verifies that a receipt is included for every transaction. Statements that are not complete are subject to a review by the Purchasing Office. Failure to properly account for expenditures may result in loss of credit card privileges. Cardholders remain responsible for receipts and are subject to audit.
8.6.1 Any backup paperwork (VP Approvals) must be attached to statement.
8.6.2 Receipts must be submitted with statement; otherwise, do not submit the statement.
8.6.3 Receipts must be in order as listed on the statement.
8.6.4 White-out all but the last 4 digits of account number.
8.6.5 Must submit statement within 30 days to avoid card suspension.

8.7 Missing receipts. Cardholders must contact the vendor to request a copy of the receipt. If the cardholder
is unable to obtain the copy, then contact Cindy Baxter (CA-Baxter@wiu.edu or 298-1819) in Purchasing
for assistance.

9. REVIEW OF TRANSACTIONS

The Procurement Card Administrators will periodically review transactions made by departments. They will
review expenditures for the following:
9.1 Purchase of restricted items
9.2 Split ordering
9.3 Personal purchases
9.4 Spending in excess of transaction limit
9.5 Appropriateness of items purchased
9.6 Appropriate use of non-prime vendor suppliers
9.7 Forwarding of documents to the Business Office
9.8 Return authorization for returned goods
9.9 Credit receipts for returned goods
9.10 Accuracy of transaction records
9.11 Timely reconciliation in PaymentNet 4
9.12 Funds available to cover charges
9.13 Verification of tax exemption on purchases
9.14 Disputes identified and settled in a timely manner

The Business Office/Foundation staff will audit transactions on a daily basis. Transaction notes must include
enough information to be audited. If additional information is needed to audit transactions the following
procedures will be followed:
• 1st contact – may be by email or phone
• 2nd contact – if information is not completed within one week of first contact a second contact is made.
The second contact may be a phone call but must also have an email. The email should be sent to
the cardholder, reviewer and approver.
• If information is not completed by the date given in the email (2nd notice), it will be forwarded to P-card
Administrator (Cindy Baxter).

Travel transactions must have the following information added to the transaction custom fields: traveler last
name, traveler first name, destination, travel begin date (mmdyyyy), and travel end date (mmdyyyy). The
purpose of the travel must be added to the transaction notes. Expenditures will be checked for
appropriateness, correct object codes, appropriate approvals and appropriateness of the expense to the account
charged. They will then check the Audit box in PaymentNet 4.

CARDHOLDER INFORMATION

*Cardholder Signature: ______________________________________ Date: __________

*By signing this request, the cardholder is agreeing to the following terms and conditions. Cardholder further agrees to use the Amazon Prime account to obtain free shipping on University purchases only. The Amazon.com account used for university purchases cannot be the same as the account used for personal purchases. If a personal purchase is accidentally made on the account used for university purchases, the University must be reimbursed and Amazon must be contacted to add sales tax to the purchase. Personal purchases using the University account will be documented as a P-Card violation. After the 3rd violation, P-Card privileges will be suspended and the P-Card may be cancelled. The creation of a separate account is important to ensure only business related transactions receive tax exemption. Once a tax exempt certificate is loaded to an account, there is no way to differentiate between non-taxable purchases (university related) and taxable purchases (personal purchases). All merchandise must be shipped to the employee work address. Using the tax exempt account for personal use may cause the university to lose its tax exempt status and you may be held liable for tax evasion or fraud. Sales Tax Refunds - Even though you are registered in the Amazon Tax Exemption Program, sales tax may still be charged on items you order from any seller who lists products for sale via the Amazon.com website. If cardholder transfers the department or leaves the University, Amazon Prime will be canceled for the cardholder.
