

WESTERN ILLINOIS UNIVERSITY

COVID-19 RESPONSE

Campus Face Covering Distribution Locations

The intent of these locations is to provide back up distribution centers when an individual’s face covering is forgotten, breaks/rips/tears, or is found to be in violation of the University’s face covering policy. Supply is limited at each of these locations, so individuals should not plan on utilizing this resource for the purposes of day to day face covering acquisition.

If an individual is found to be abusing this resource, they may be subject to disciplinary action or the student conduct process.
