Total........................................................................................................

Note: All points listed are “per year” and should be pro-rated for semester activity

• Every department, college, and university committee cannot be listed and so “equivalent service activity” allows the faculty member to request points for such service. It is expected that chairs of committees receive credit however members should only receive points if the service was time intensive (ex. service on a grade appeal committee that doesn’t meet or meets once or twice a year should not result in the awarding of points).
• With the exception of the CPC chair, Curriculum College Committee chair, and Grade Appeals College Committee Chair, service activities that overlap shall receive points in only one area.

Bonus Points

Points earned for activities listed in the Bonus Points category may be applied to meet the minimum number of points required in the appropriate area(s) of responsibility (teaching/primary duties, scholarly/professional activities, or service activities). So, bonus points for activities performed in the appropriate area (as determined by the faculty member, department chair, and DPC chair) may be used to meet or exceed the 8-point requirement in any of the three areas of responsibility listed above. These points may be awarded for an activity not listed under teaching/primary duties, scholarly/professional activities, or service activities, or they may be additional points given for extraordinary performance. Under Bonus Points a faculty member who receives ACEs may also receive points based on the level of responsibility or for a major contribution.

Bonus points can be earned for exceptional performance in the following areas:

• Additional points for the publication of major book or exceptional artistic recognition – 1-3 points
• Additional points for the recipient of a major grant – 1-3 points
• Distinguished Faculty Lecturer – 8 points
• University or College Excellence Award – 4 points
• Additional points for service wherein one receives ACEs (Chair, Faculty Senate; Chair, CAGAS; Chapter President, UPI; Chair, CCPI; Director, CITR; Associate Director, Honors) – 2 points
• Significant recognition, honor, award in any of the three areas -- .5-3 points
• Other activity of comparable value – 1-3 points

Total........................................................................................................

Overload Points

Faculty may choose to count ACEs over 22 as “points” rather than overload.

TEACHING ENHANCEMENT PLAN
Economics and Decision Sciences

The teaching enhancement plan is intended to provide a way to recognize and support innovation in teaching and learning. Approved and implemented teaching enhancement plans will be recognized within the PAA system.

Teaching enhancement plans will focus on one or more of the following goals:

1) To develop flexibility in high-quality teaching approaches and learning practices that increase active student engagement in learning.
2) To foster explicit links between teaching and research.
3) To foster critical reflection in the teaching and learning environment.

Teaching enhancement plans must be approved by the department chair and the DPC chair prior to their implementation.

The plan must include the following elements:

1) The plan must identify the instructional strategy.
2) The plan must identify the course (or courses) that will be affected by the plan.
3) The plan must include specific and measurable student learning outcomes.
4) The plan must include an evaluation/assessment plan that includes how student learning will be assessed.
