

Alumni Success Stories: Learn, Ask, Connect

Live Zoom Session with Alumni

Friday, September 25, 2026 | 3:30 PM – 5:00 PM

Currens 202

Alumni Success Stories: Learn, Ask, Connect is an annual interactive event on the fourth Friday of September connecting participants with alumni who have built impactful careers in crime labs, pharmaceutical labs, and other scientific fields. Attendees will gain insight into real-world career paths, learn from the experiences of professionals who started in the same programs, and engage directly through questions & discussion.

The event highlights the value of the Chemistry and Forensic Chemistry programs, fostering community, professional growth, and lasting connections between current students, alumni, and faculty. It encourages meaningful dialogue, showcases program outcomes, and strengthens the culture of mentorship and engagement within the department.

Key Features:

- Interactive session to promote active participation
- Alumni share their career journeys and practical advice
- Recurring annual series featuring different alumni each fall
- Structured to encourage conversation, networking, & insight
- Ice cream social following the session
