

Michael Wohlwend

Michael is a Trusted Advisor with a proven track record of helping companies improve their overall operations. His expertise includes facility analysis and Supply Chain Systems. An energetic and conscientious leader with a reputation for nurturing strong business relationships built on trust and mutual understanding.

Michael leverages his 30 years of Supply Chain Expertise whereas a Supply Chain Consultant he helped dozens of Fortune 500 Companies with their supply chain strategies. This combined with his top leadership positions with Global Software Companies and Private Equity firms allowed Michael to assist with due diligence, acquisitions, roll-ups, and divestitures for both on-premise, hybrid, and Cloud solutions.

Wohlwend has authored numerous articles for trade publications and has presented more than 70 seminars and speeches at key industry events. These events include Warehouse Education Research Council (WERC), Council of Supply Chain Management Professionals (CSCMP), ProMat, and Modex.

Michael invests his time by serving in non-profit organizations. Michael served as an Executive Board Member of WERC from 2008 – 2014. In addition, he serves on the Executive Board of Gigi's Playhouse Downs Syndrome Achievement Centers. His passion is to help Gigi's young adults get jobs!
