## Digital Library includes headlines/titles

- Supporting materials
- Transcripts of each programs
- Templates and samples
- A new featured program of the week
- Certificate of Completion for each program
- Points awarded by CITR if you go through the workshop program

## How will this benefit me?

- Learn what you need
- When you need it
- In the time you need it

## Specifically it will:

- Quickly & effectively tailor to your needs
- Give you professional development whenever and wherever you want
- save time, be inspired, be empowered & make a difference to your students

## **But Wait.....There's More!**

- **Increase participation for diversity, inclusion and equity**
- **Actionable ideas & proven strategies on current issues**
- **Topics affecting higher education**
- **Meet the challenges of higher education to do your best work**
- **Learn new trends & developments in Pedogogy**

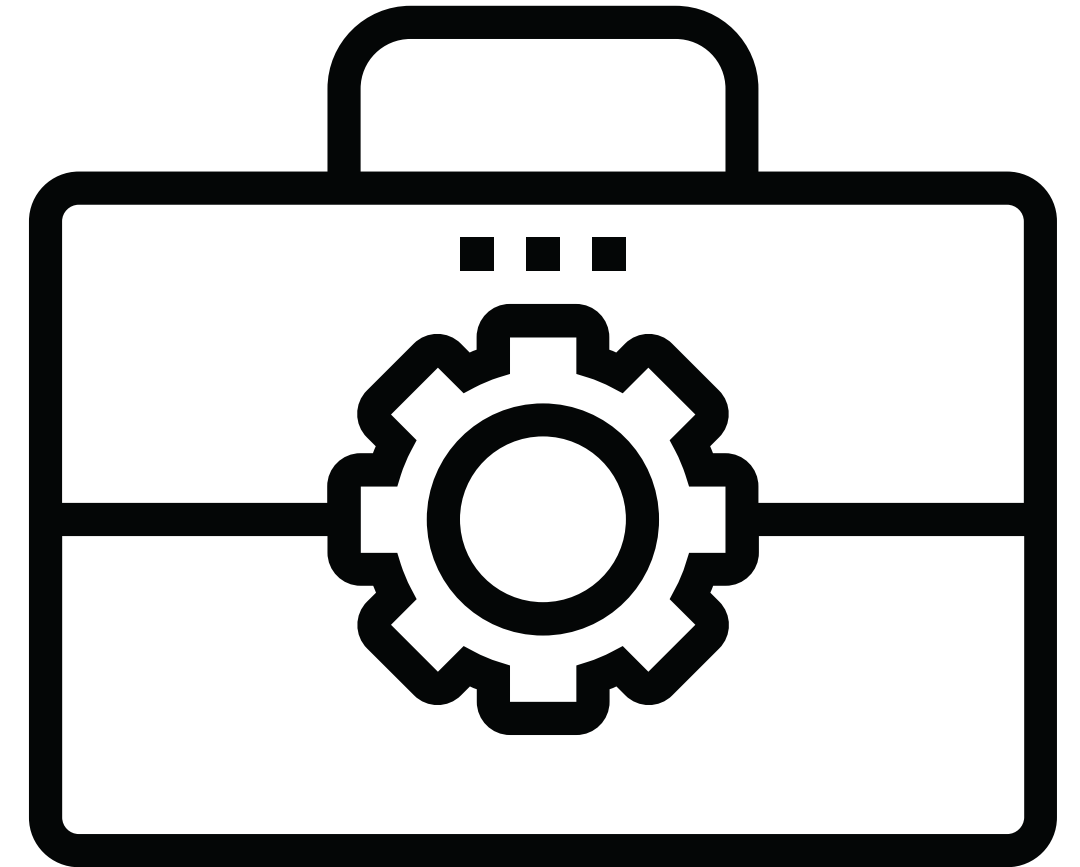

**Your students will thank you for finding new ways to get them to interact, and feel more connected**

**These short innovative programs will take higher education to the next level, for you & your students.**

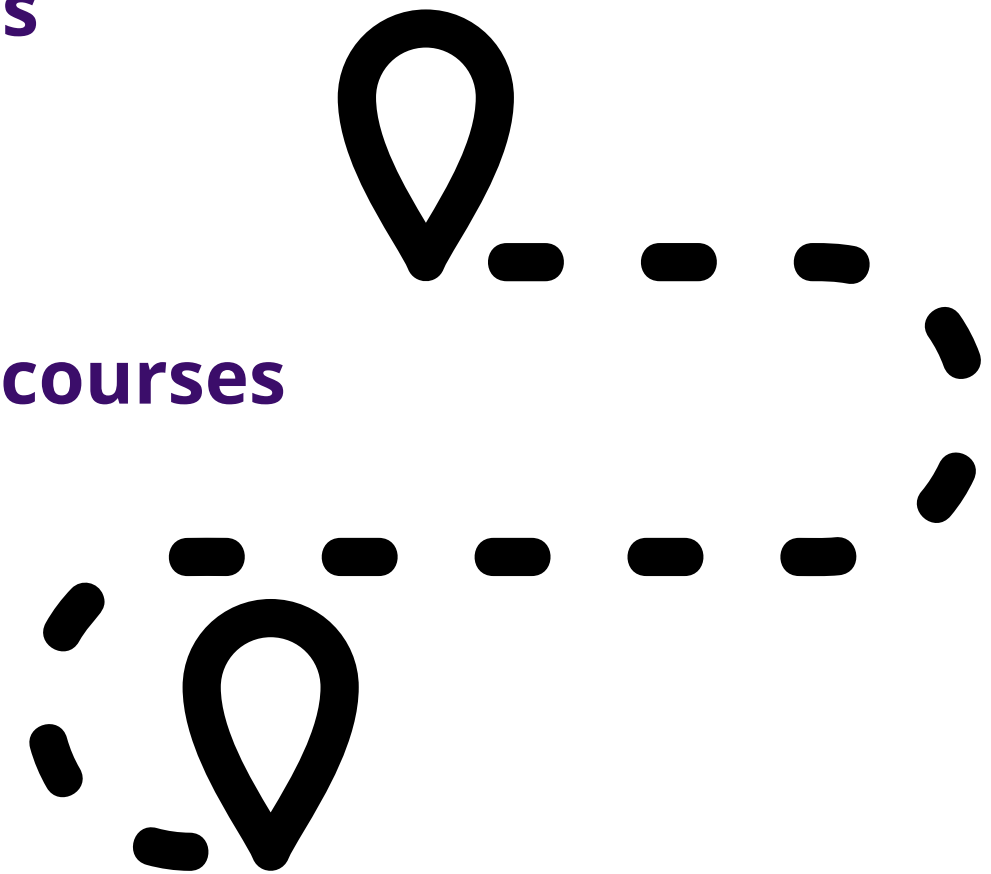

# Programs for Growing Concerns in Higher Education

- **Measuring faculty development impact**
- **Strategies for Open Education Resources**
- **Tool kit for evaluating online teaching**
- **Promoting enrollment & retention in challenging courses**
- **Designing spaces for student engagement**

## Programs for Leadership:

- Collaborative online introductory courses
- Tips navigating academic department relationships
- Building a mindset for assessment
- Promoting enrollment & retention in challenging courses
- Best leadership advice I ever received

**"Always professional  
and Always Current!"**

## **The Reviews are in!**

**"Great job reading the needs  
of teachers and students  
right now!"**

**"Great option for  
continous professional  
improvement for me."**

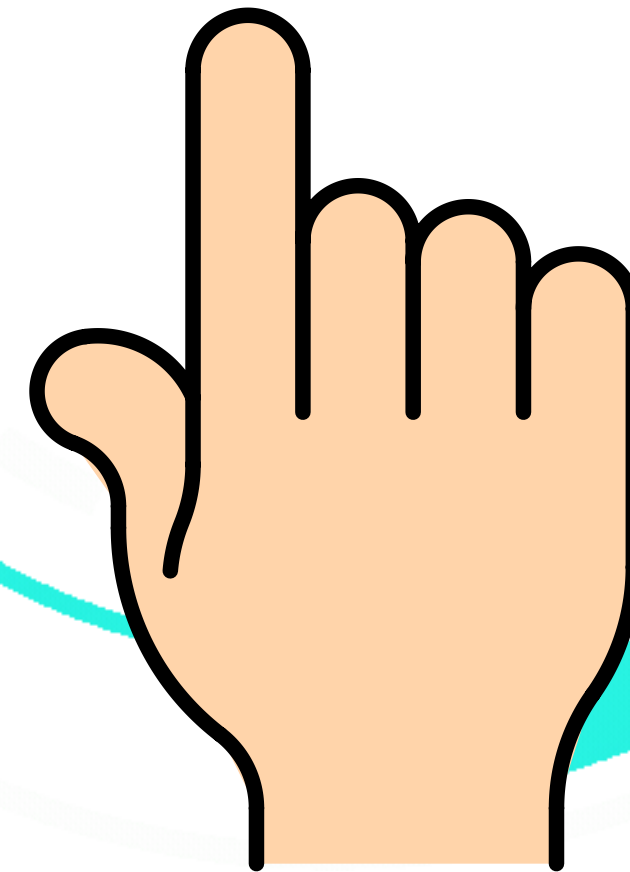

**"They have a broad  
range of topics;  
presenters are  
skilled in  
their areas..."**
