*One-hundred seventy-four days out of the year, students live within the walls of Western Lab School. Six-hundred fifty different ideas, goals, and attitudes all contribute to the spirit of Western.*

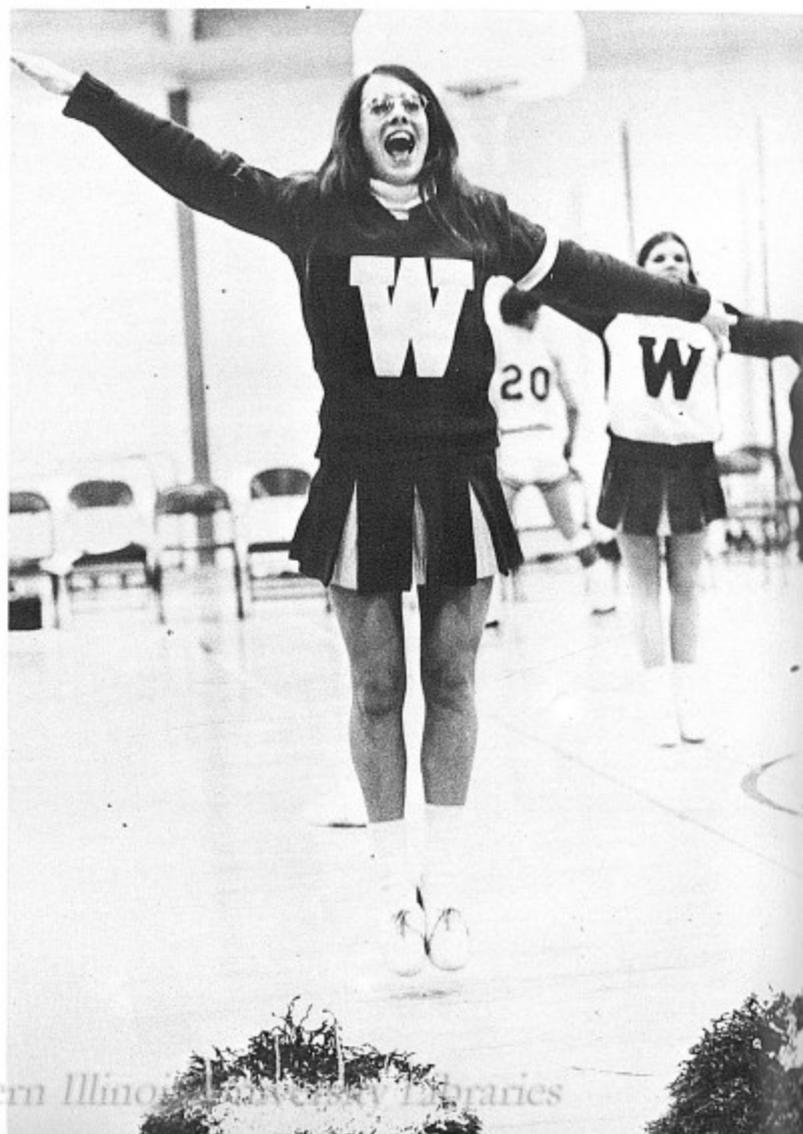

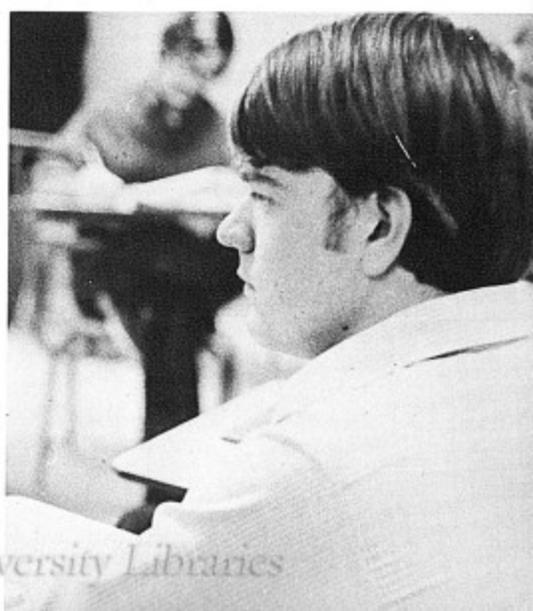

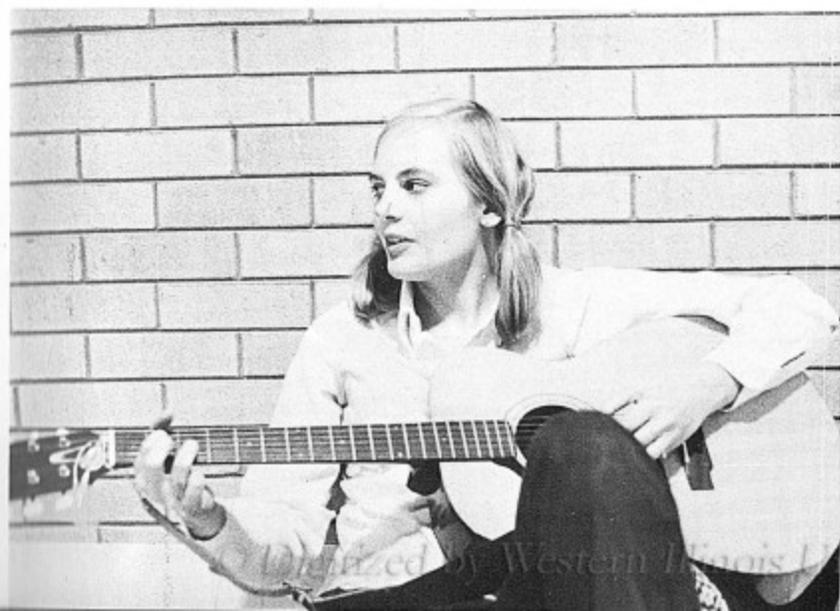

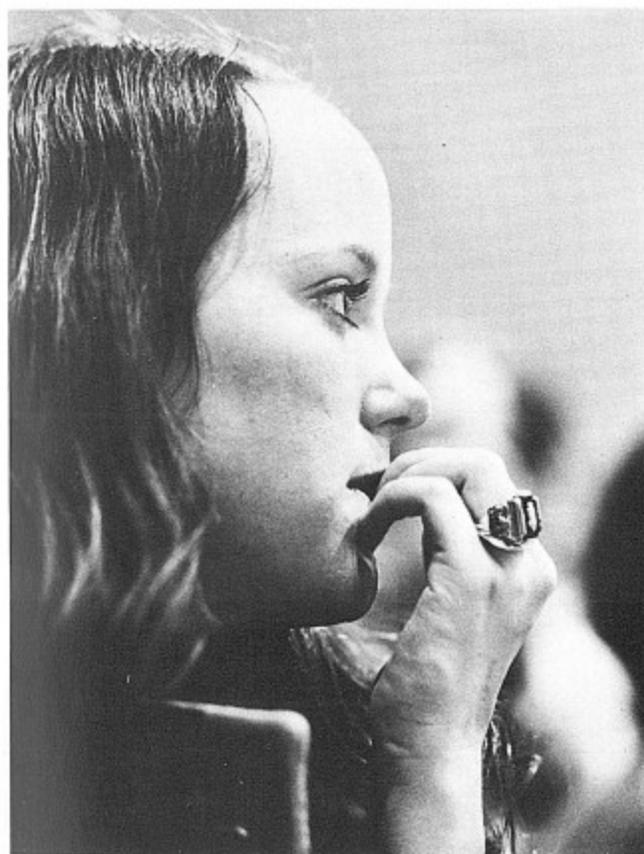

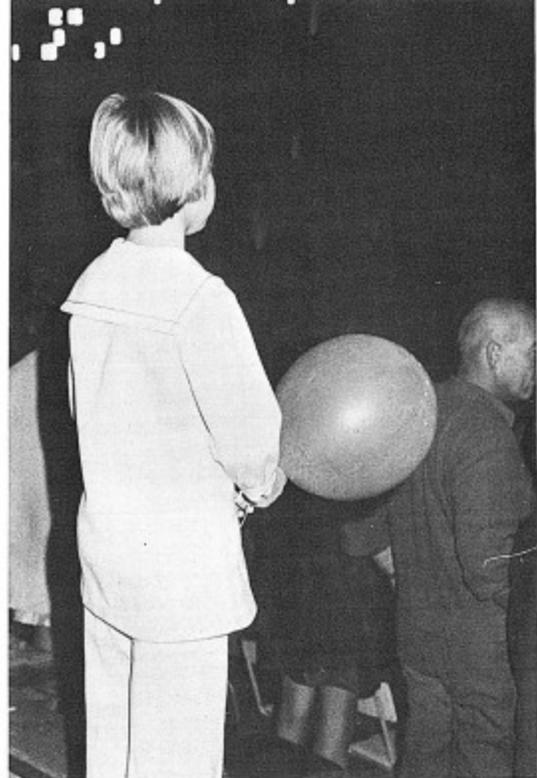

*For some, the spirit is found in dances, games, clubs and activities. For others, it is in a quiet study carrel, shooting the bull on top of the hill or passing out underground newspapers.*

*Differences do not deteriorate a school's unity, but give each person a chance to be anything he wants to be.*

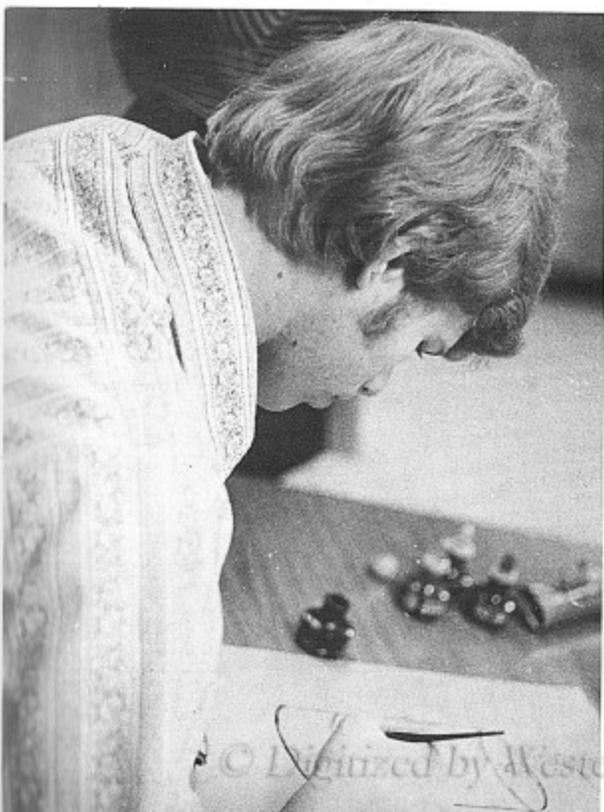

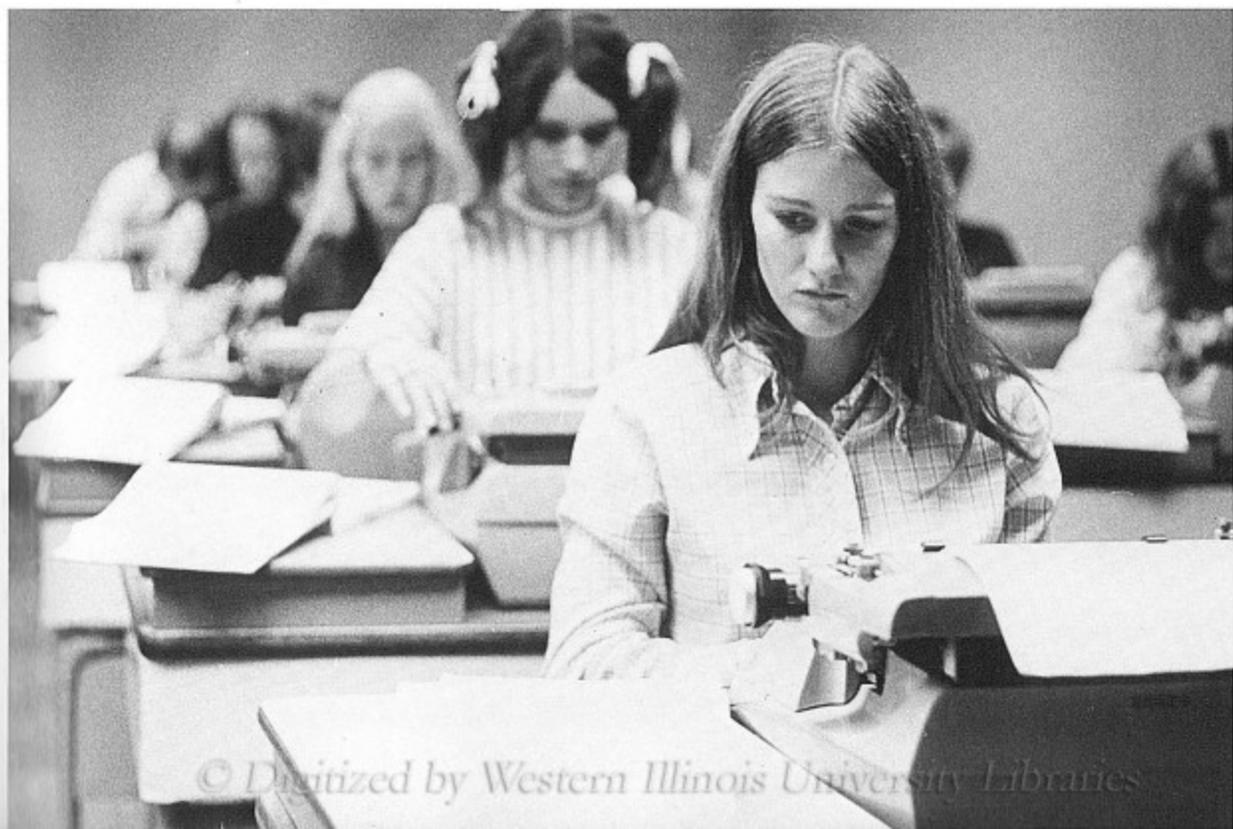

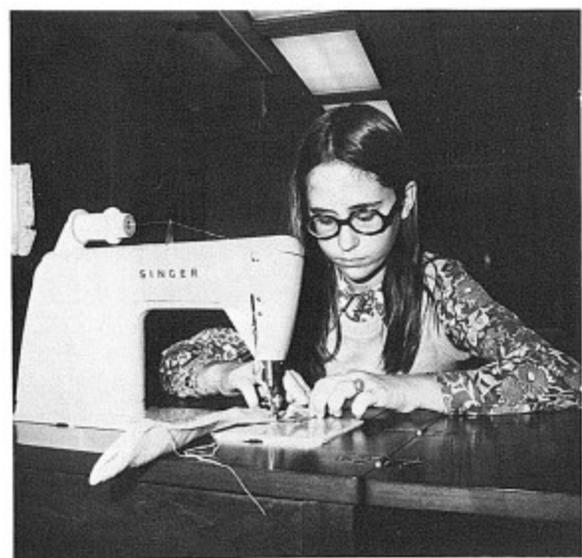

The art of creativity is not learned but discovered.

Business classes teach not only shorthand, typing, and business techniques, but practical skills as well, like complete erasure.

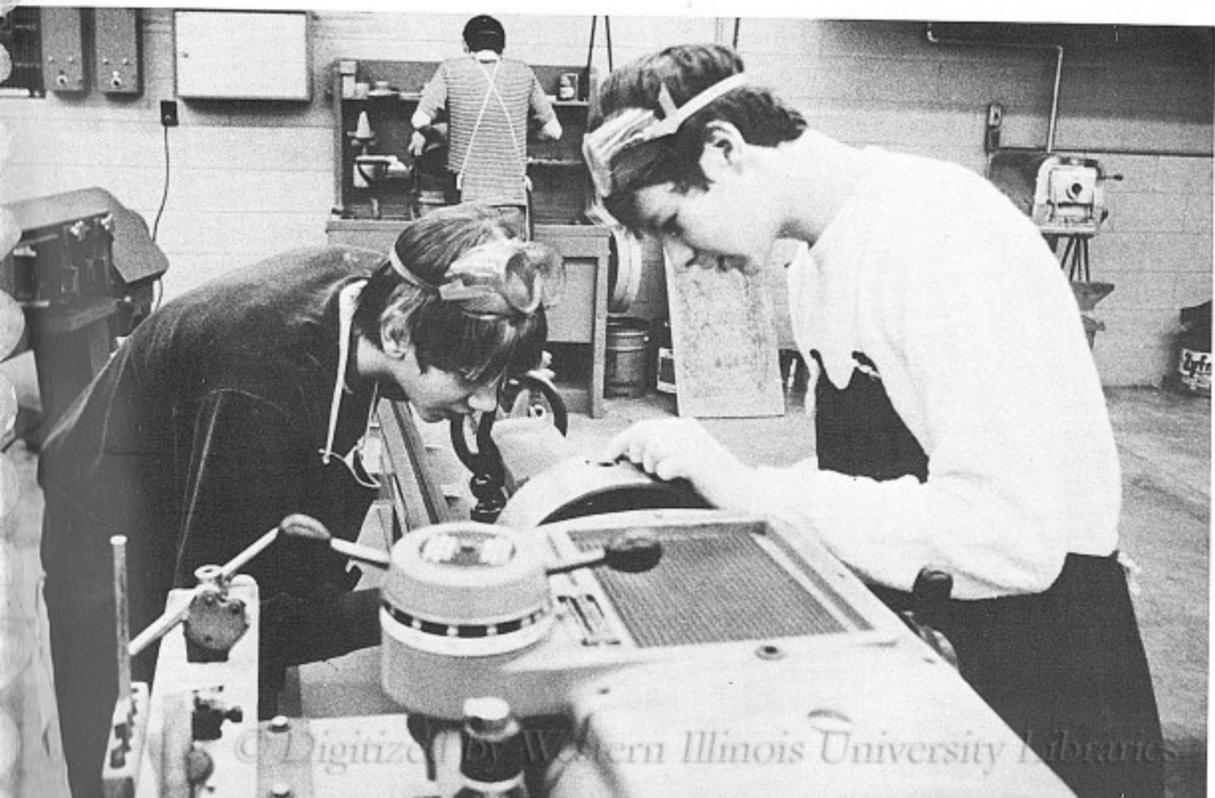

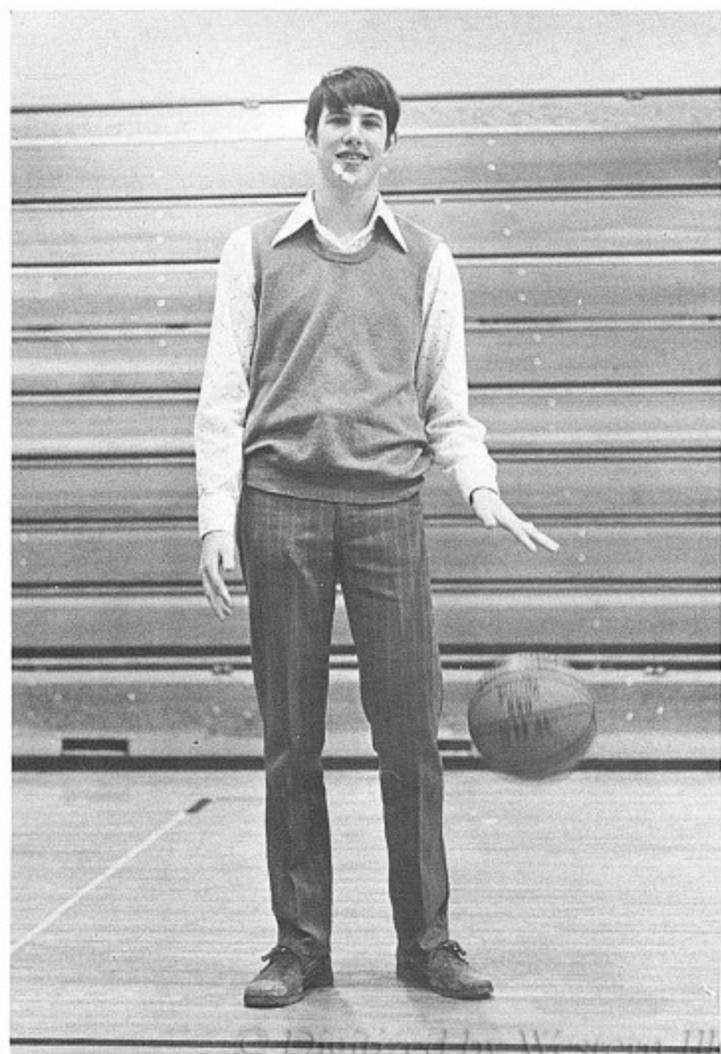

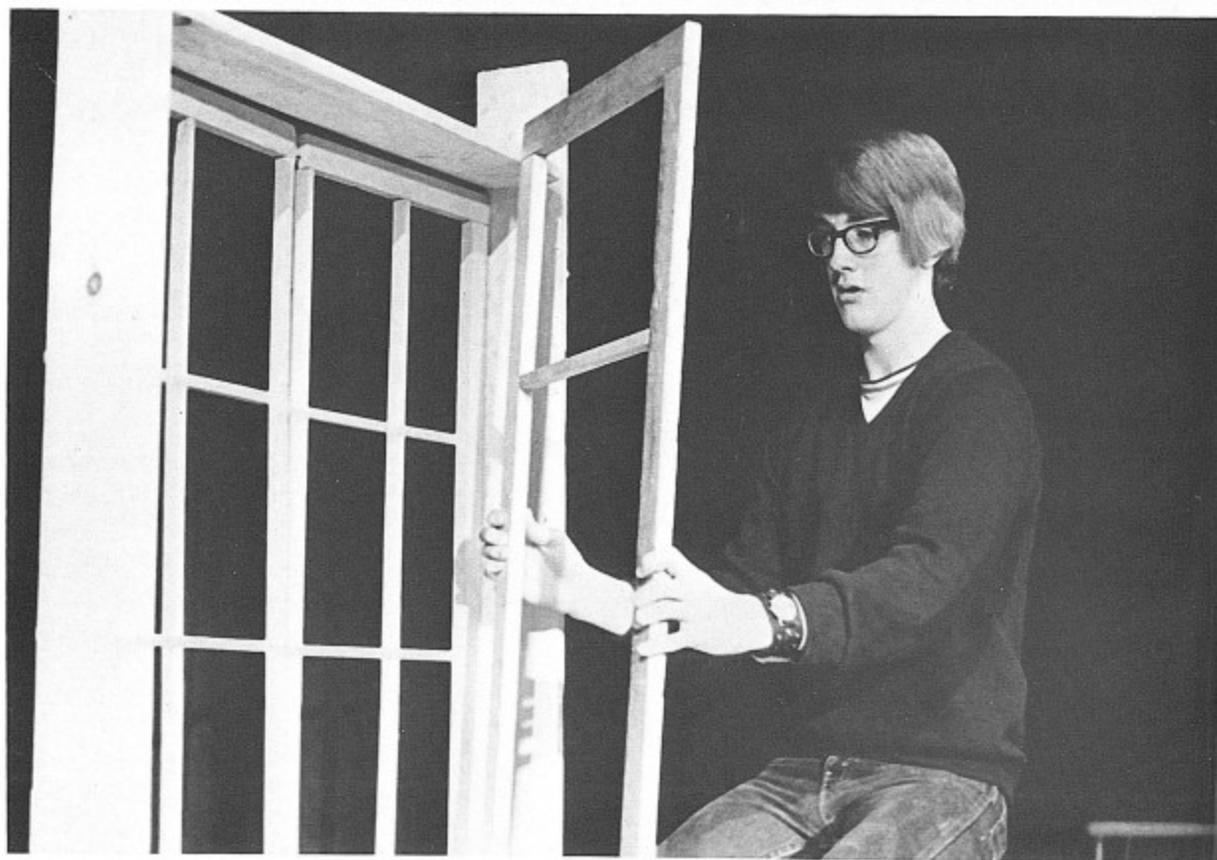

Home Ec: 1 cup guesswork, 1 cup frustration, and 1 cup pure skill. Mix well and the victim will never know the difference.

**Industrial Arts is a chance to be  
both creative and experimental.**

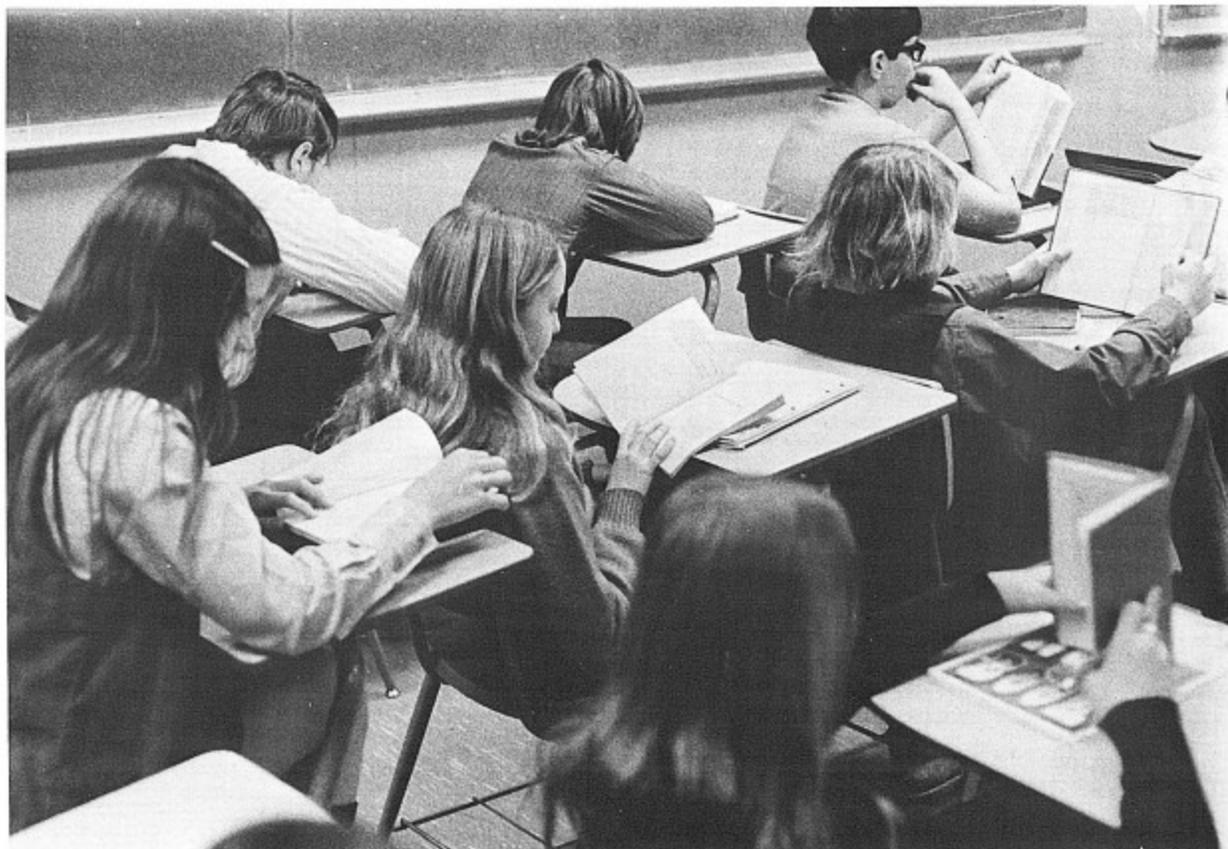

From set building to photography, students study their specialized fields independently.

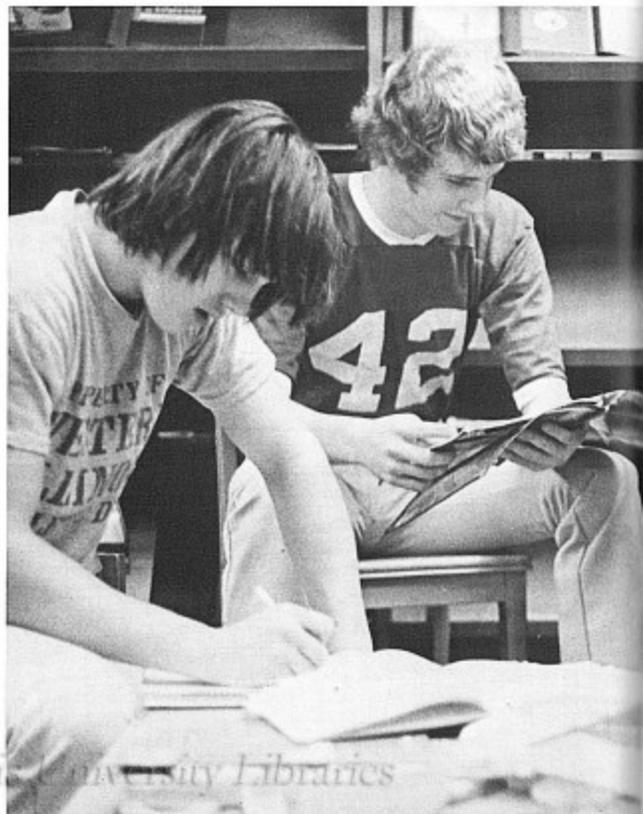

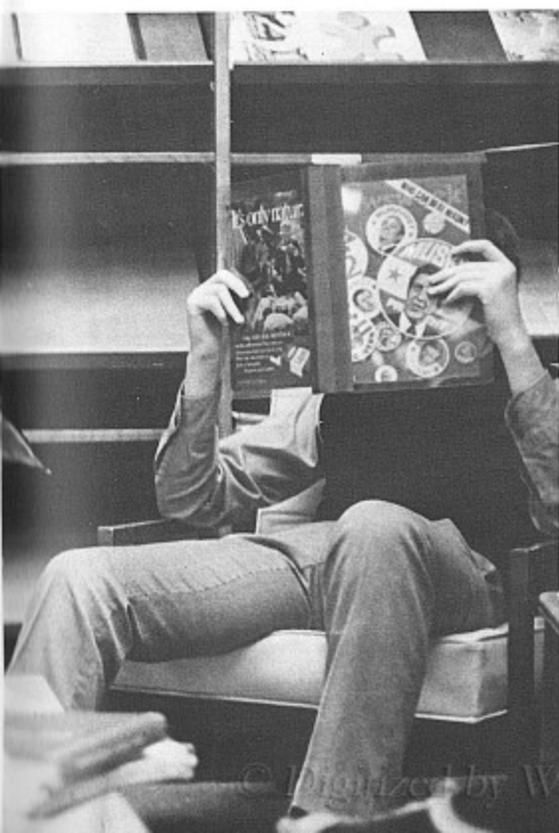

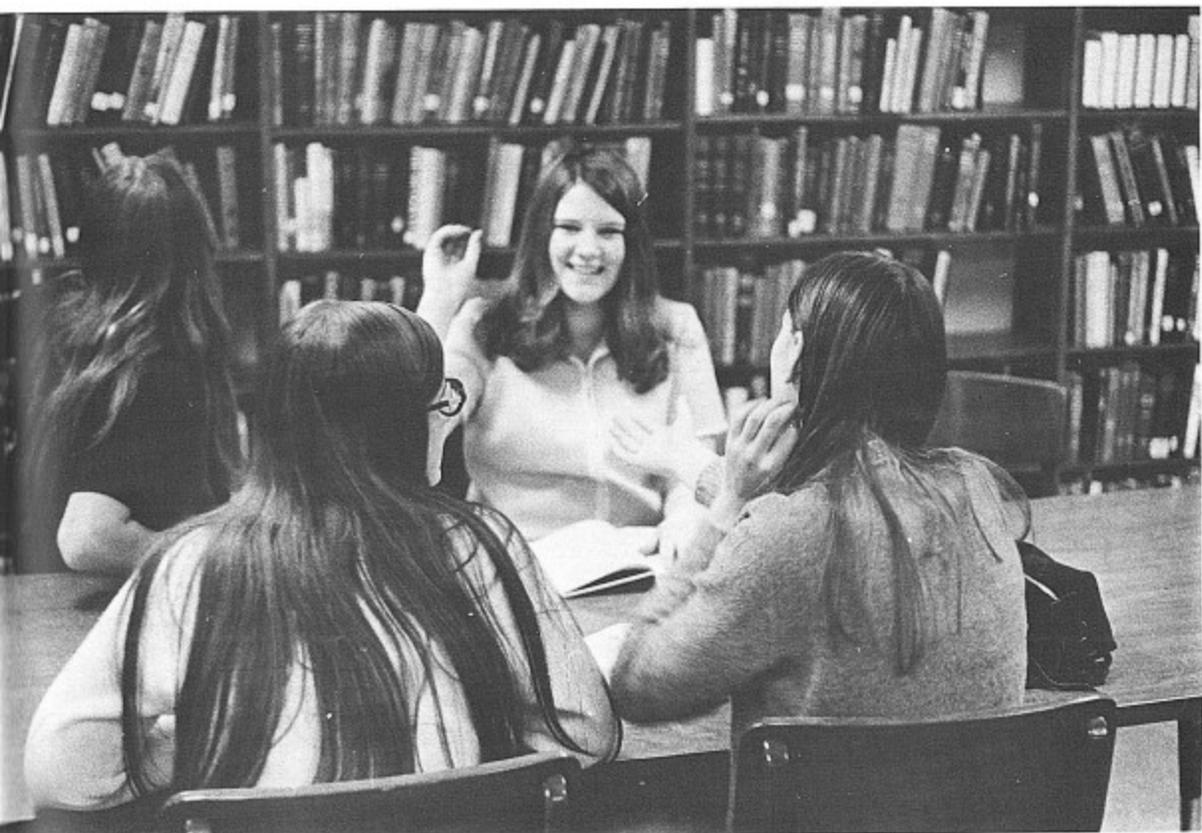

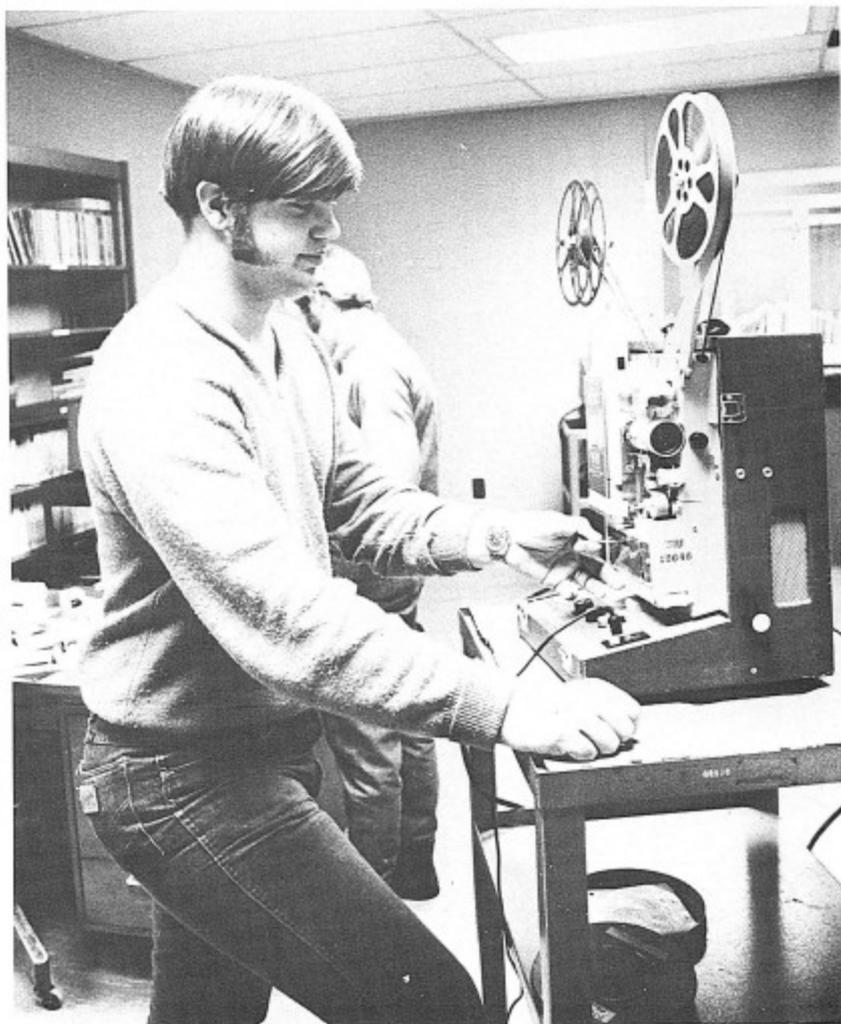

Our language department offers both English and Spanish as second languages.

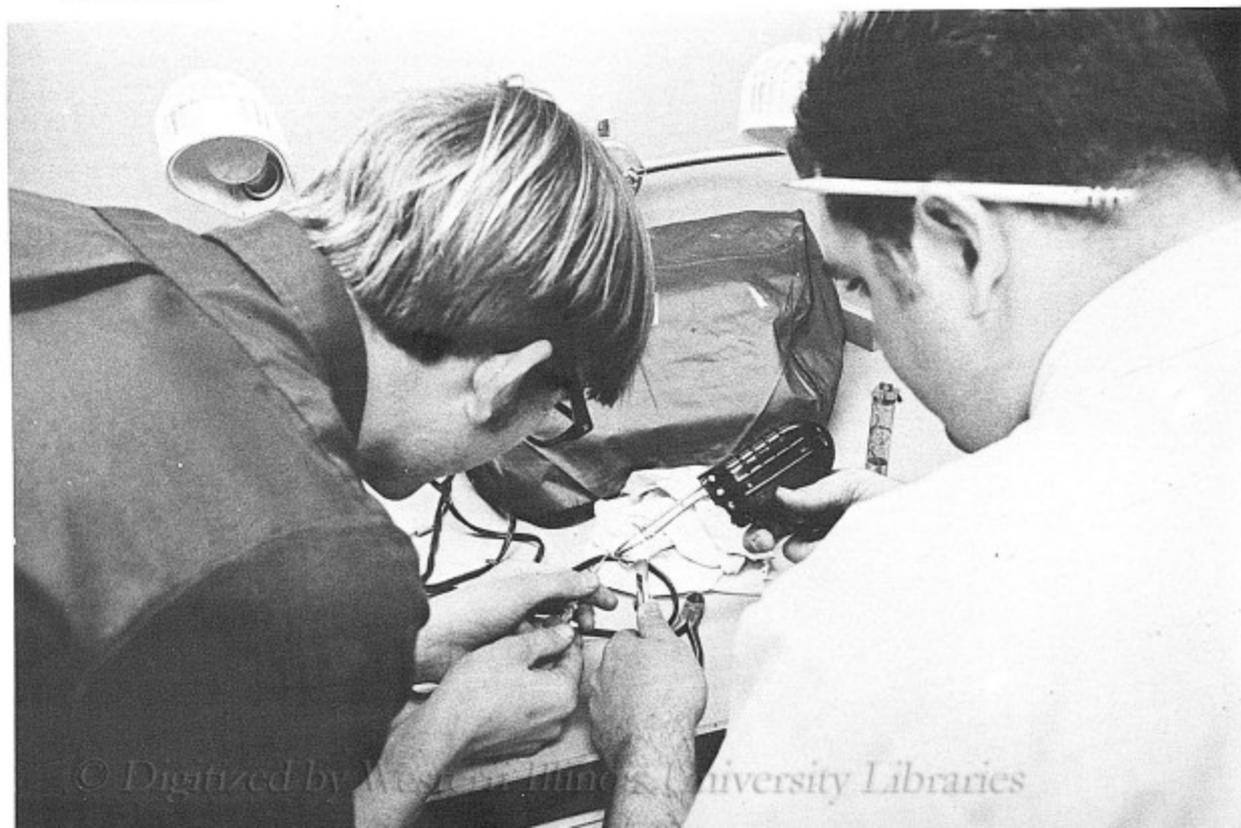

"Please use this area for quiet study. Cafeteria and lounge can be used for visiting and playing chess."

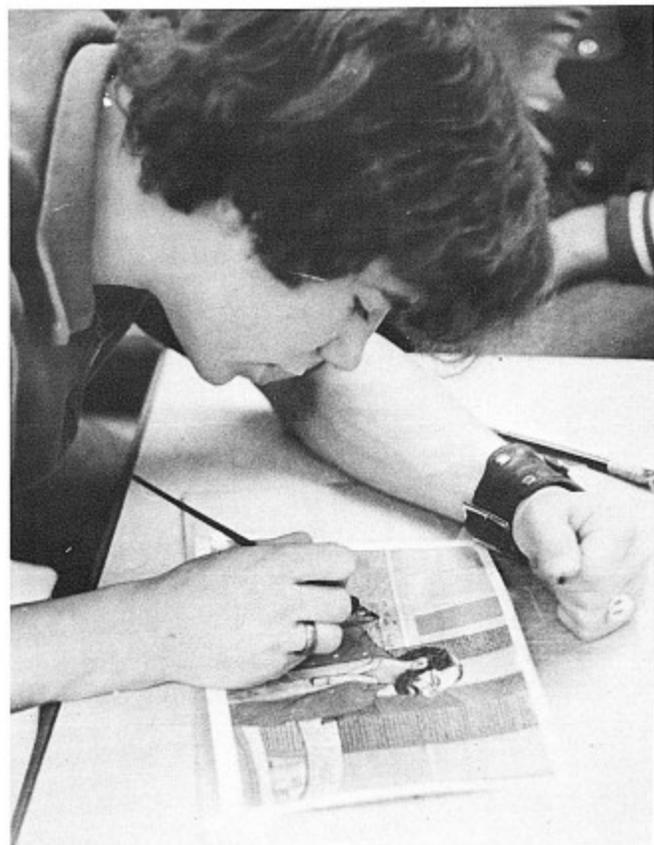

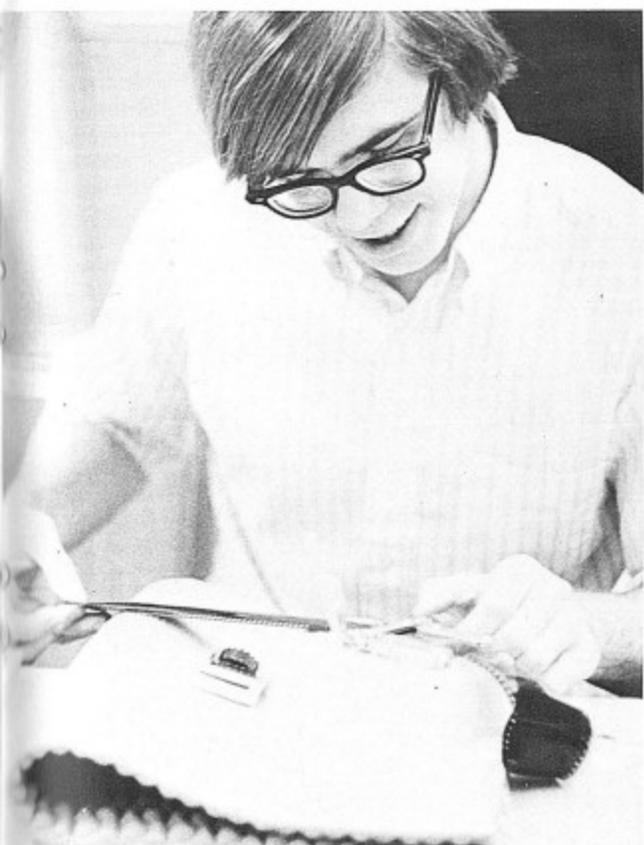

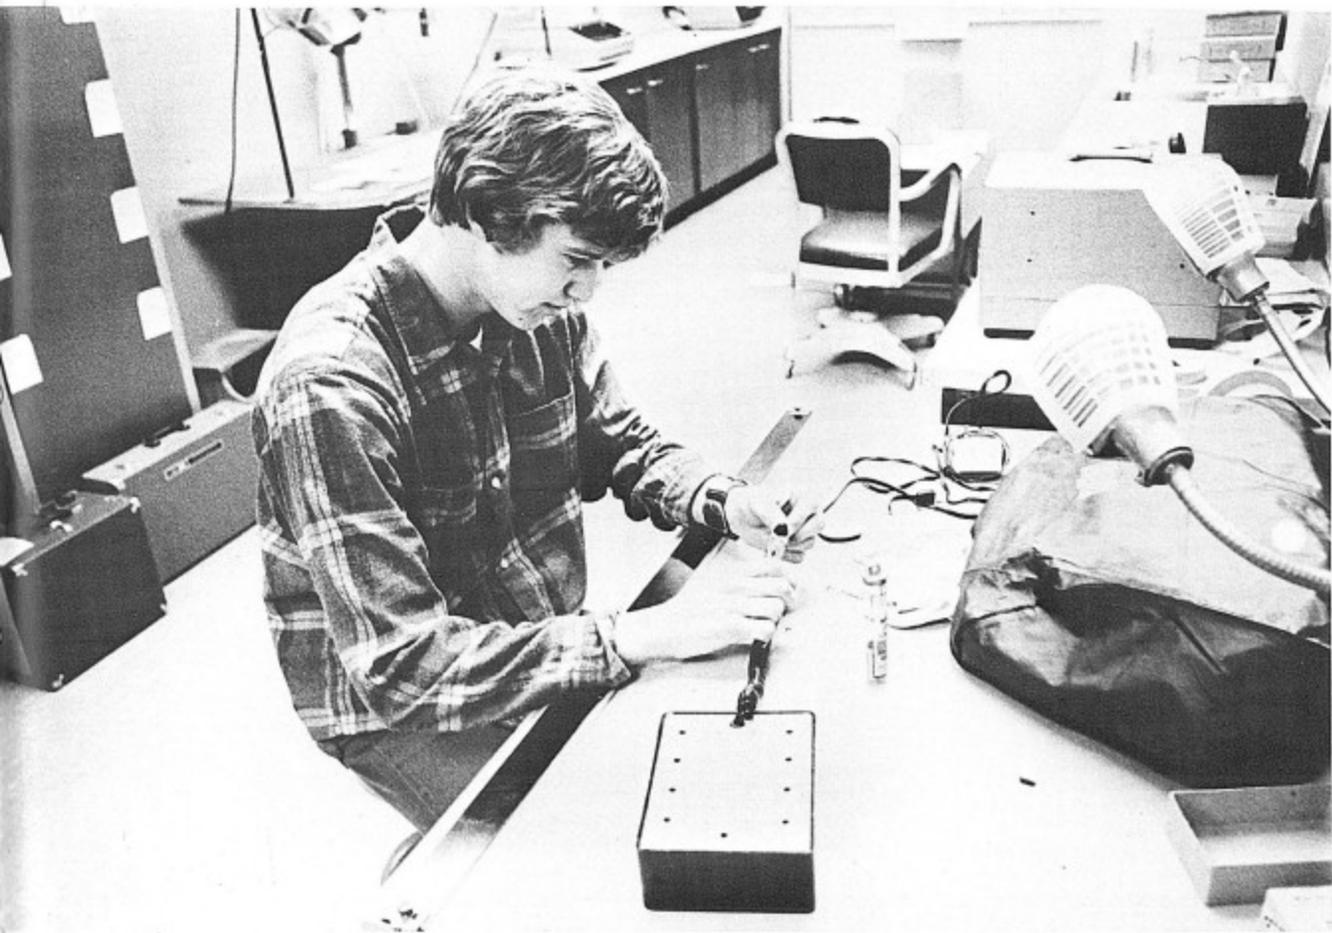

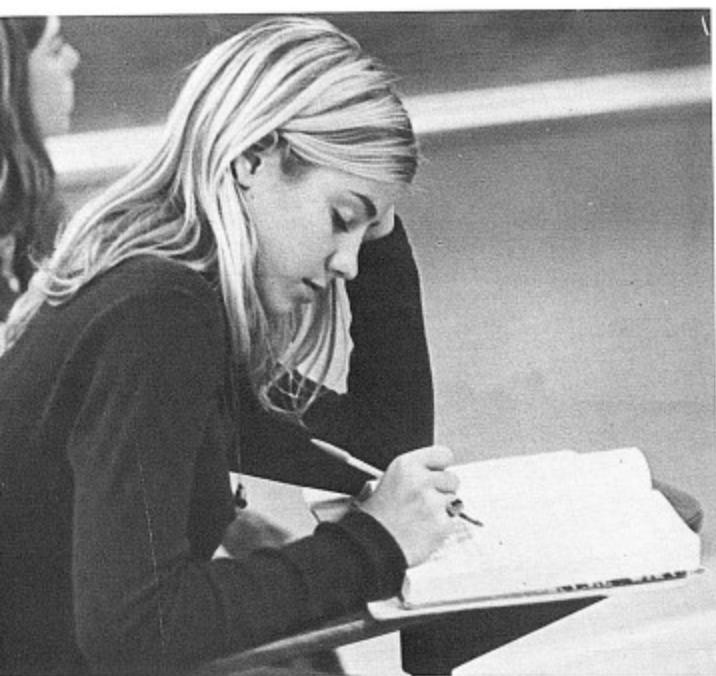

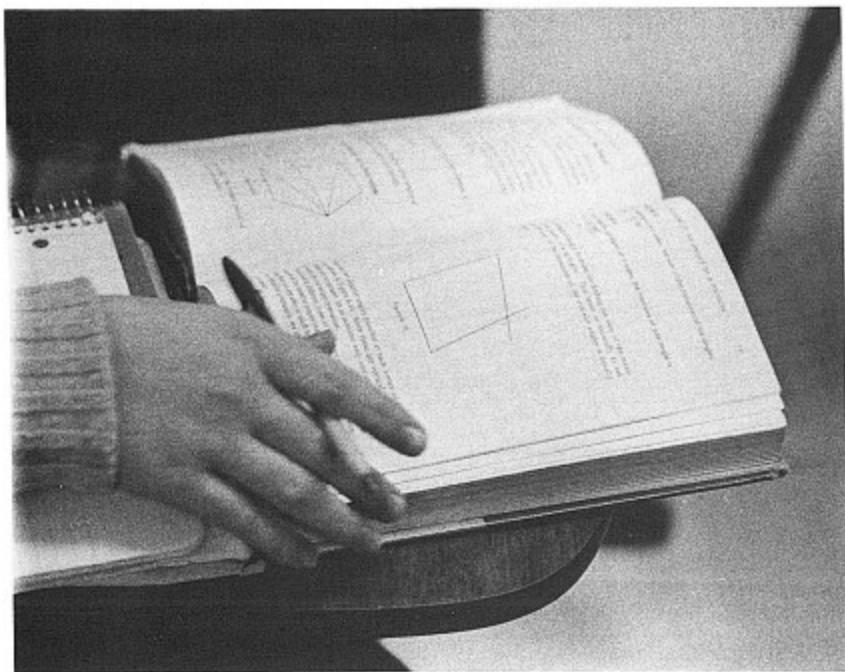

**A. V. stands for Advanced Victimization--or how to make your school completely dependent on your media skills.**

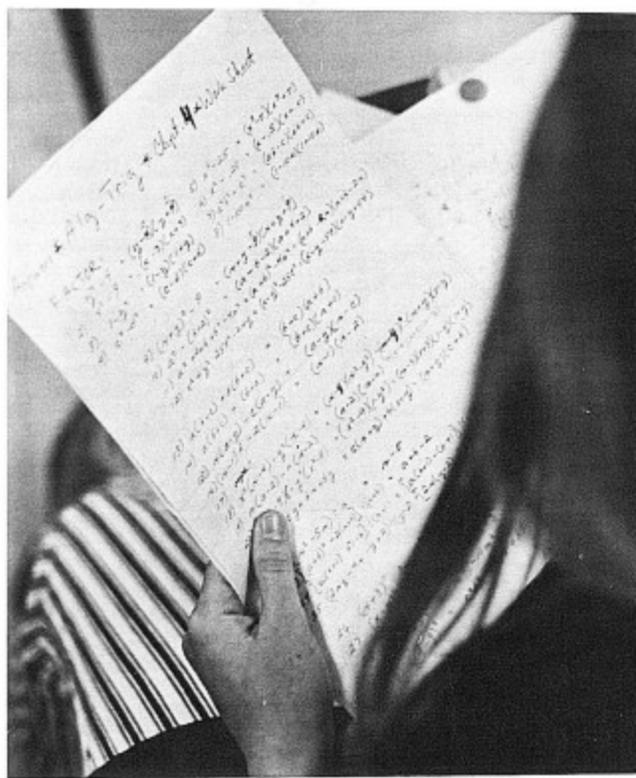

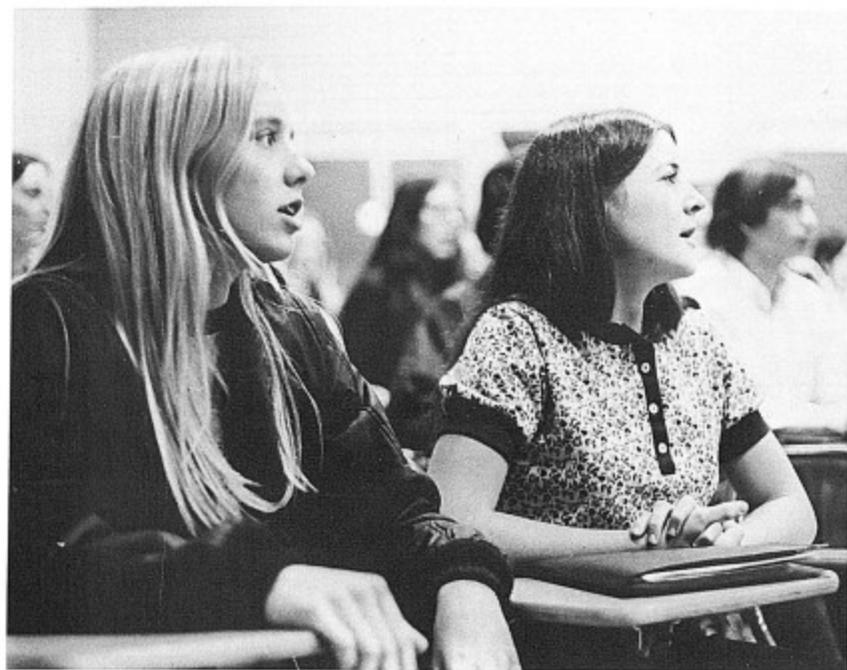

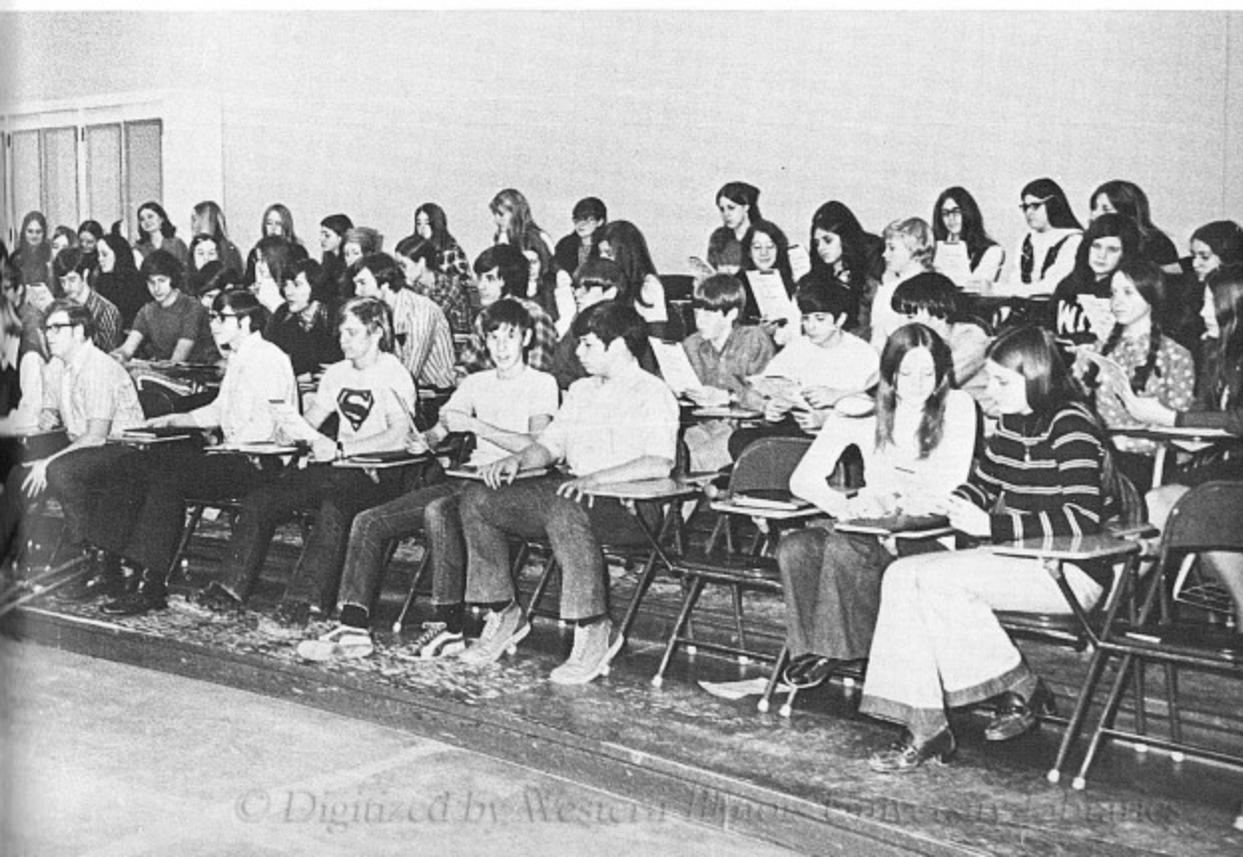

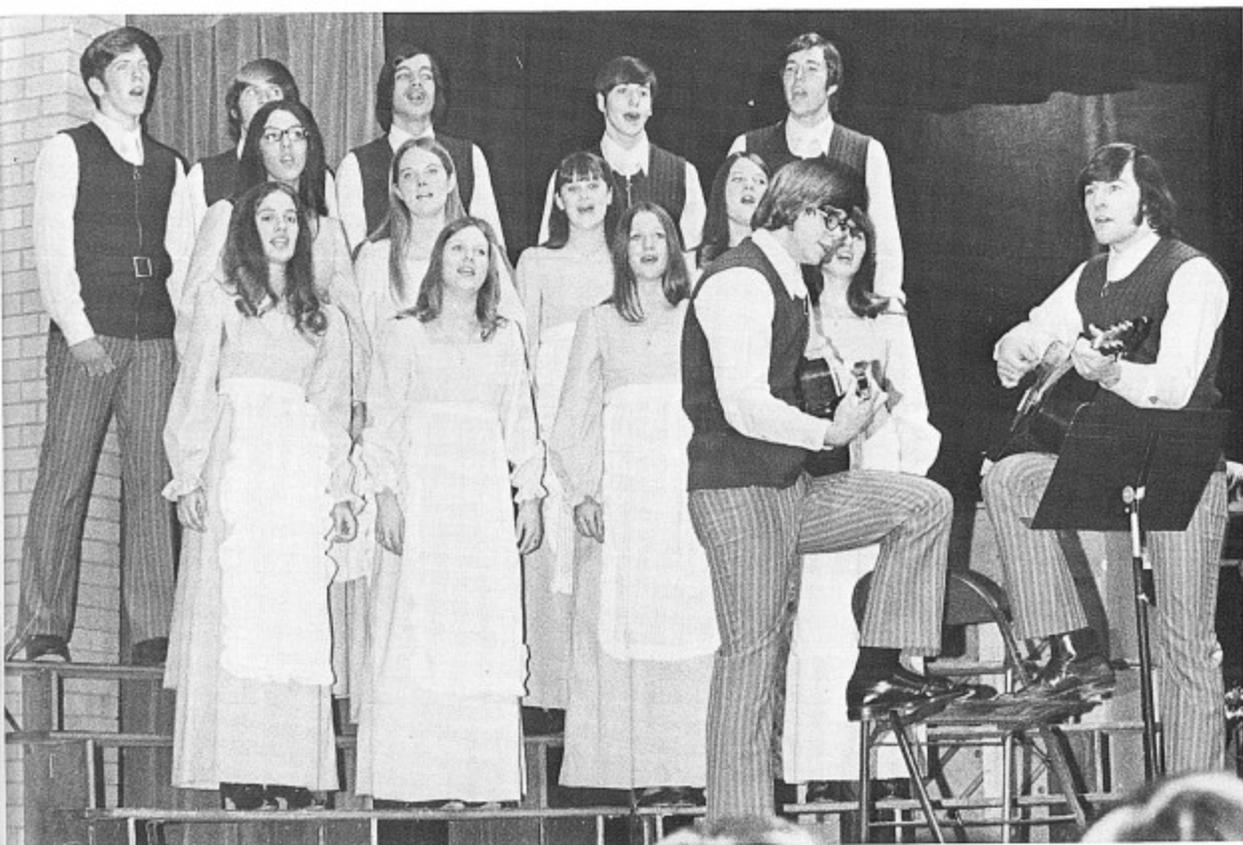

Experience is the best math teacher when you're learning independently.

Chorus, girls' chorus, and Westernaires are comprised of over half the high school. They produce two major concerts a year and 99 strong diaphragms.

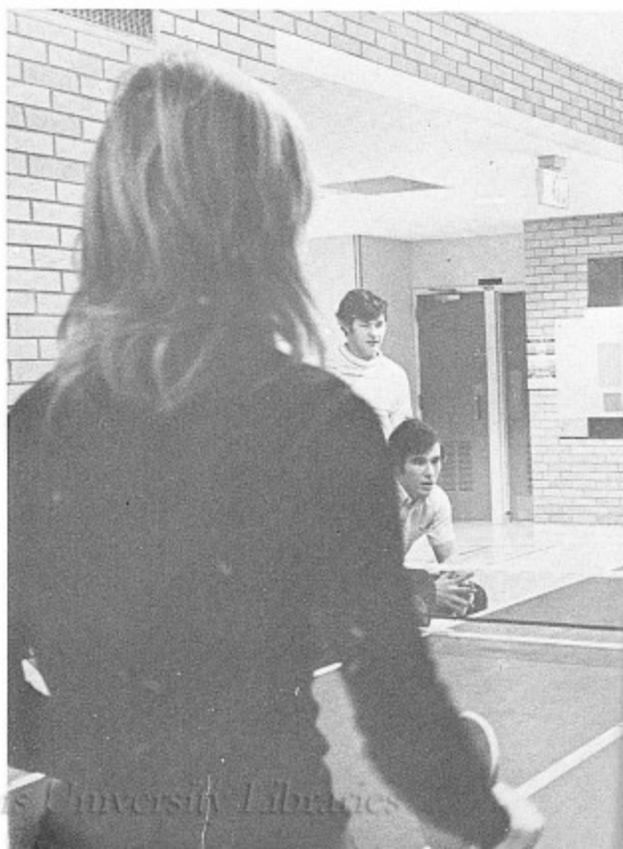

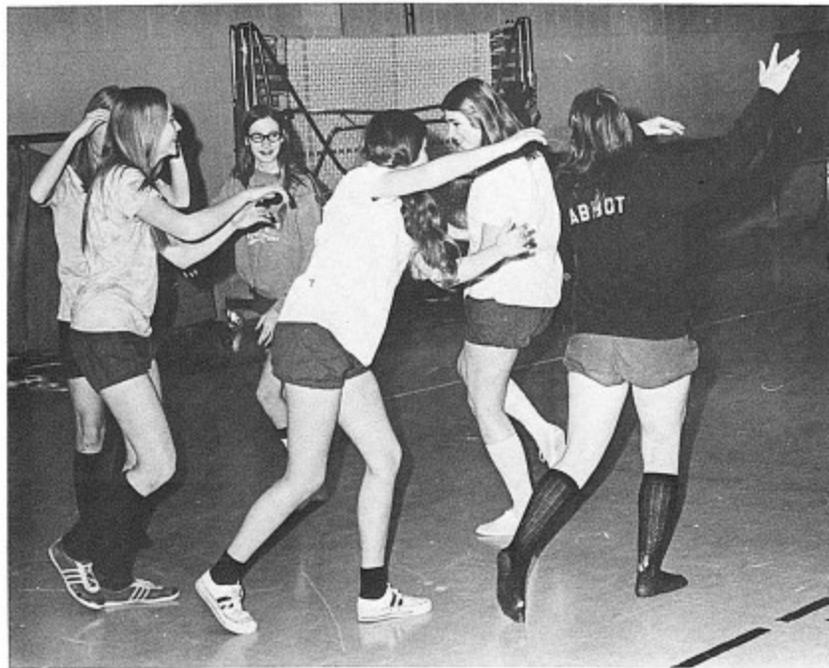

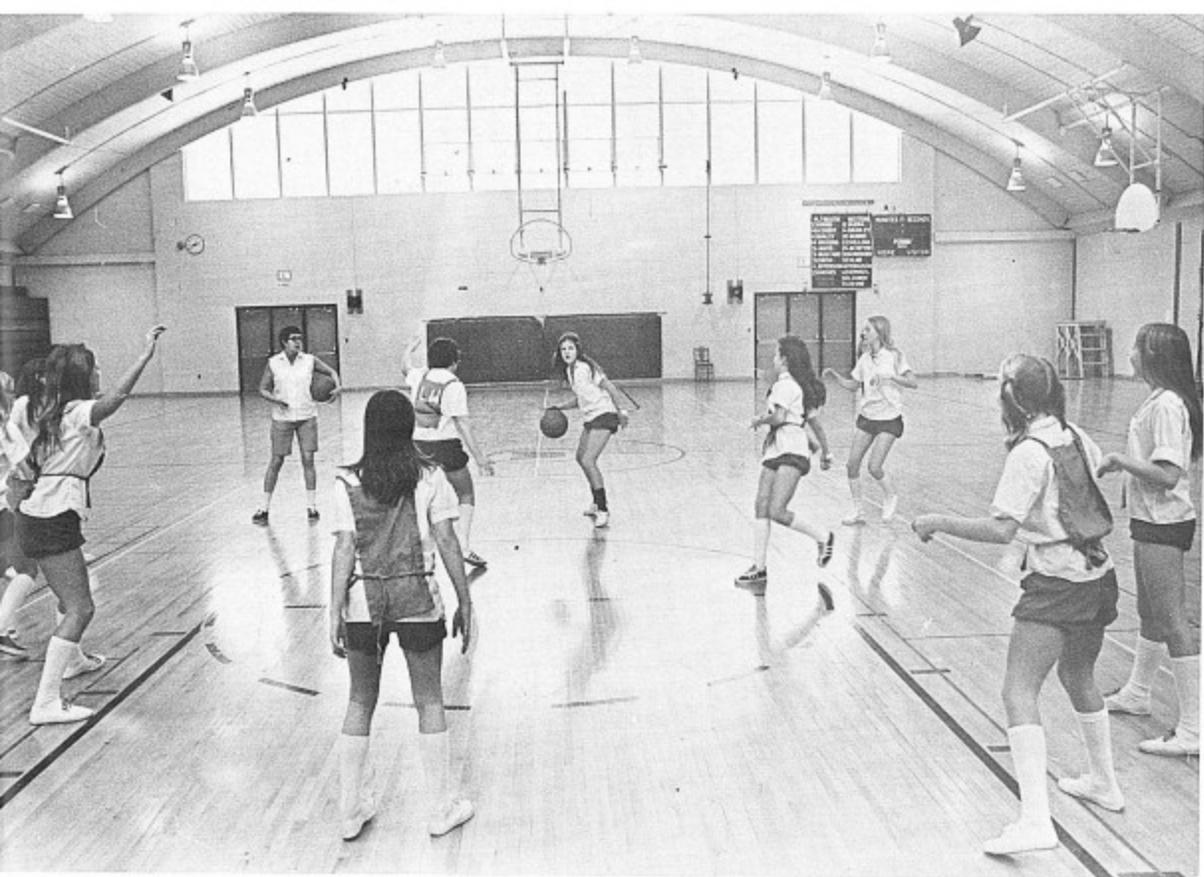

The band and the orchestra produced varied harmonies during fourth hour.

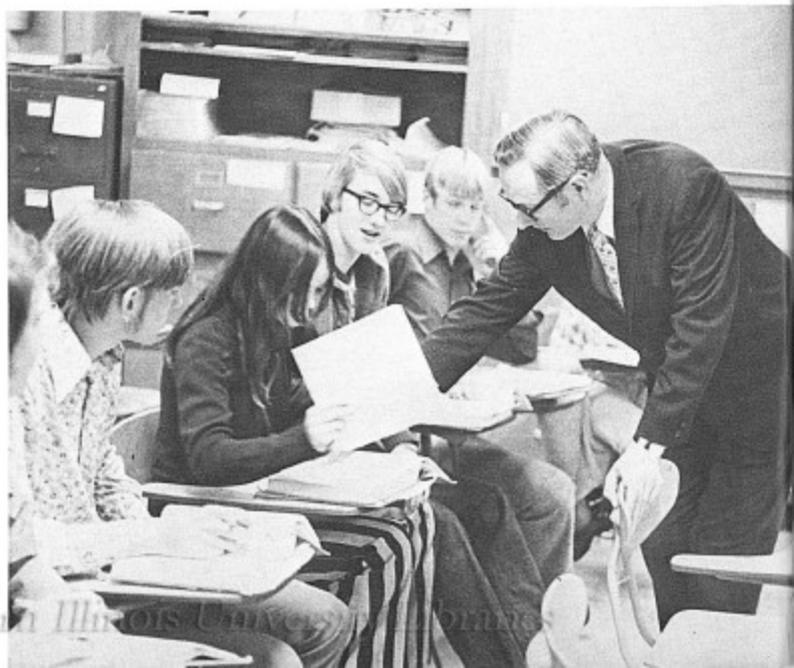

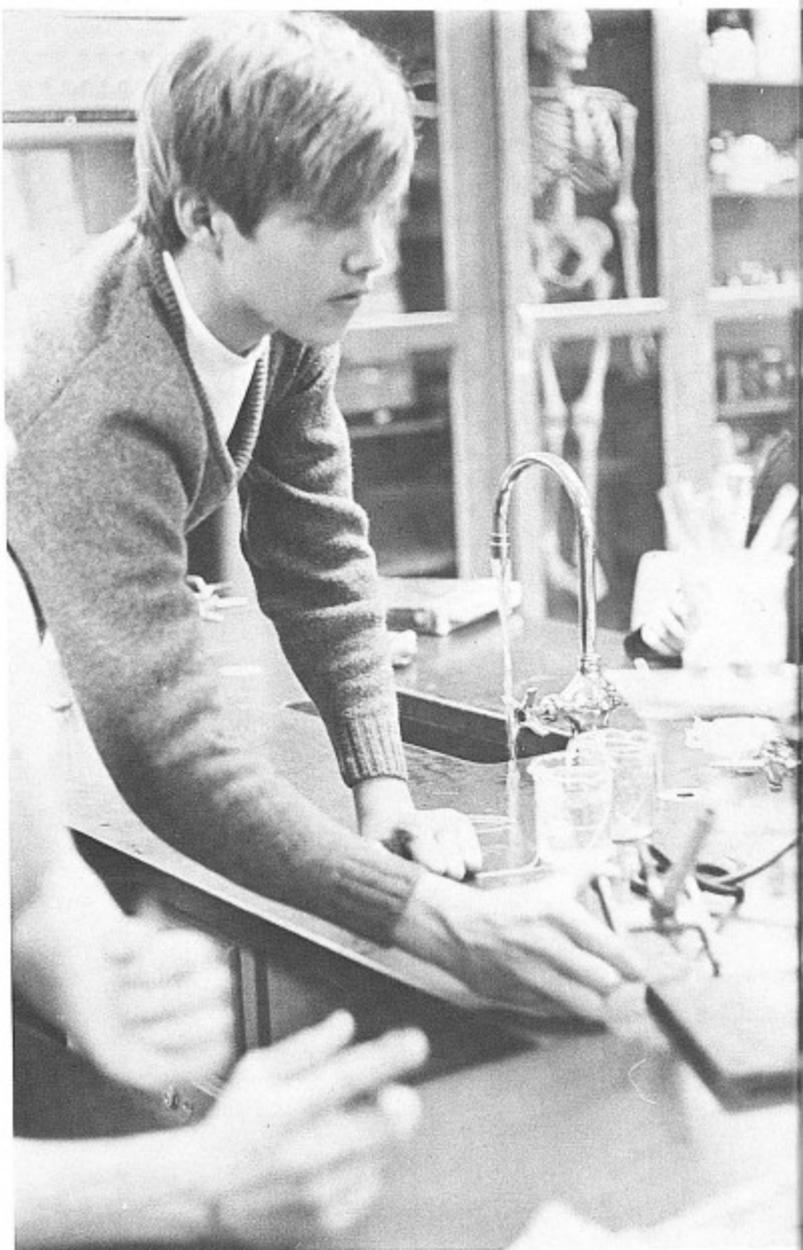

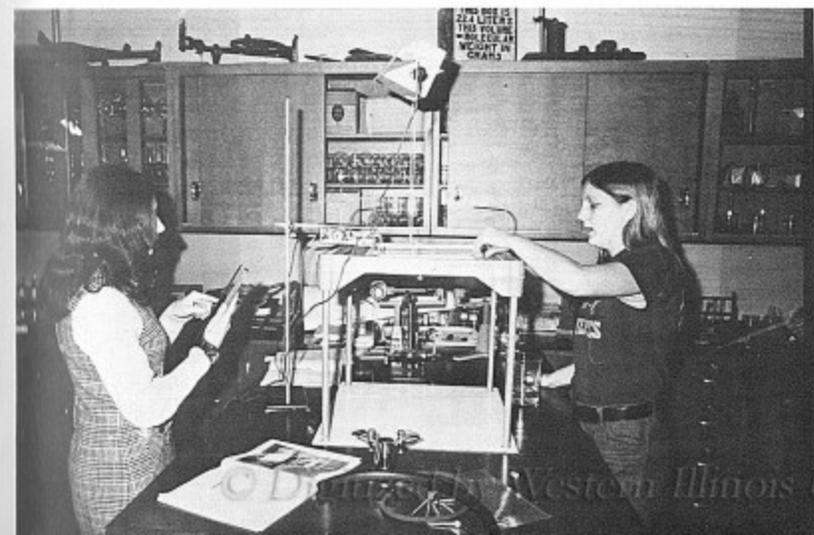

Go! You chicken fat, go!

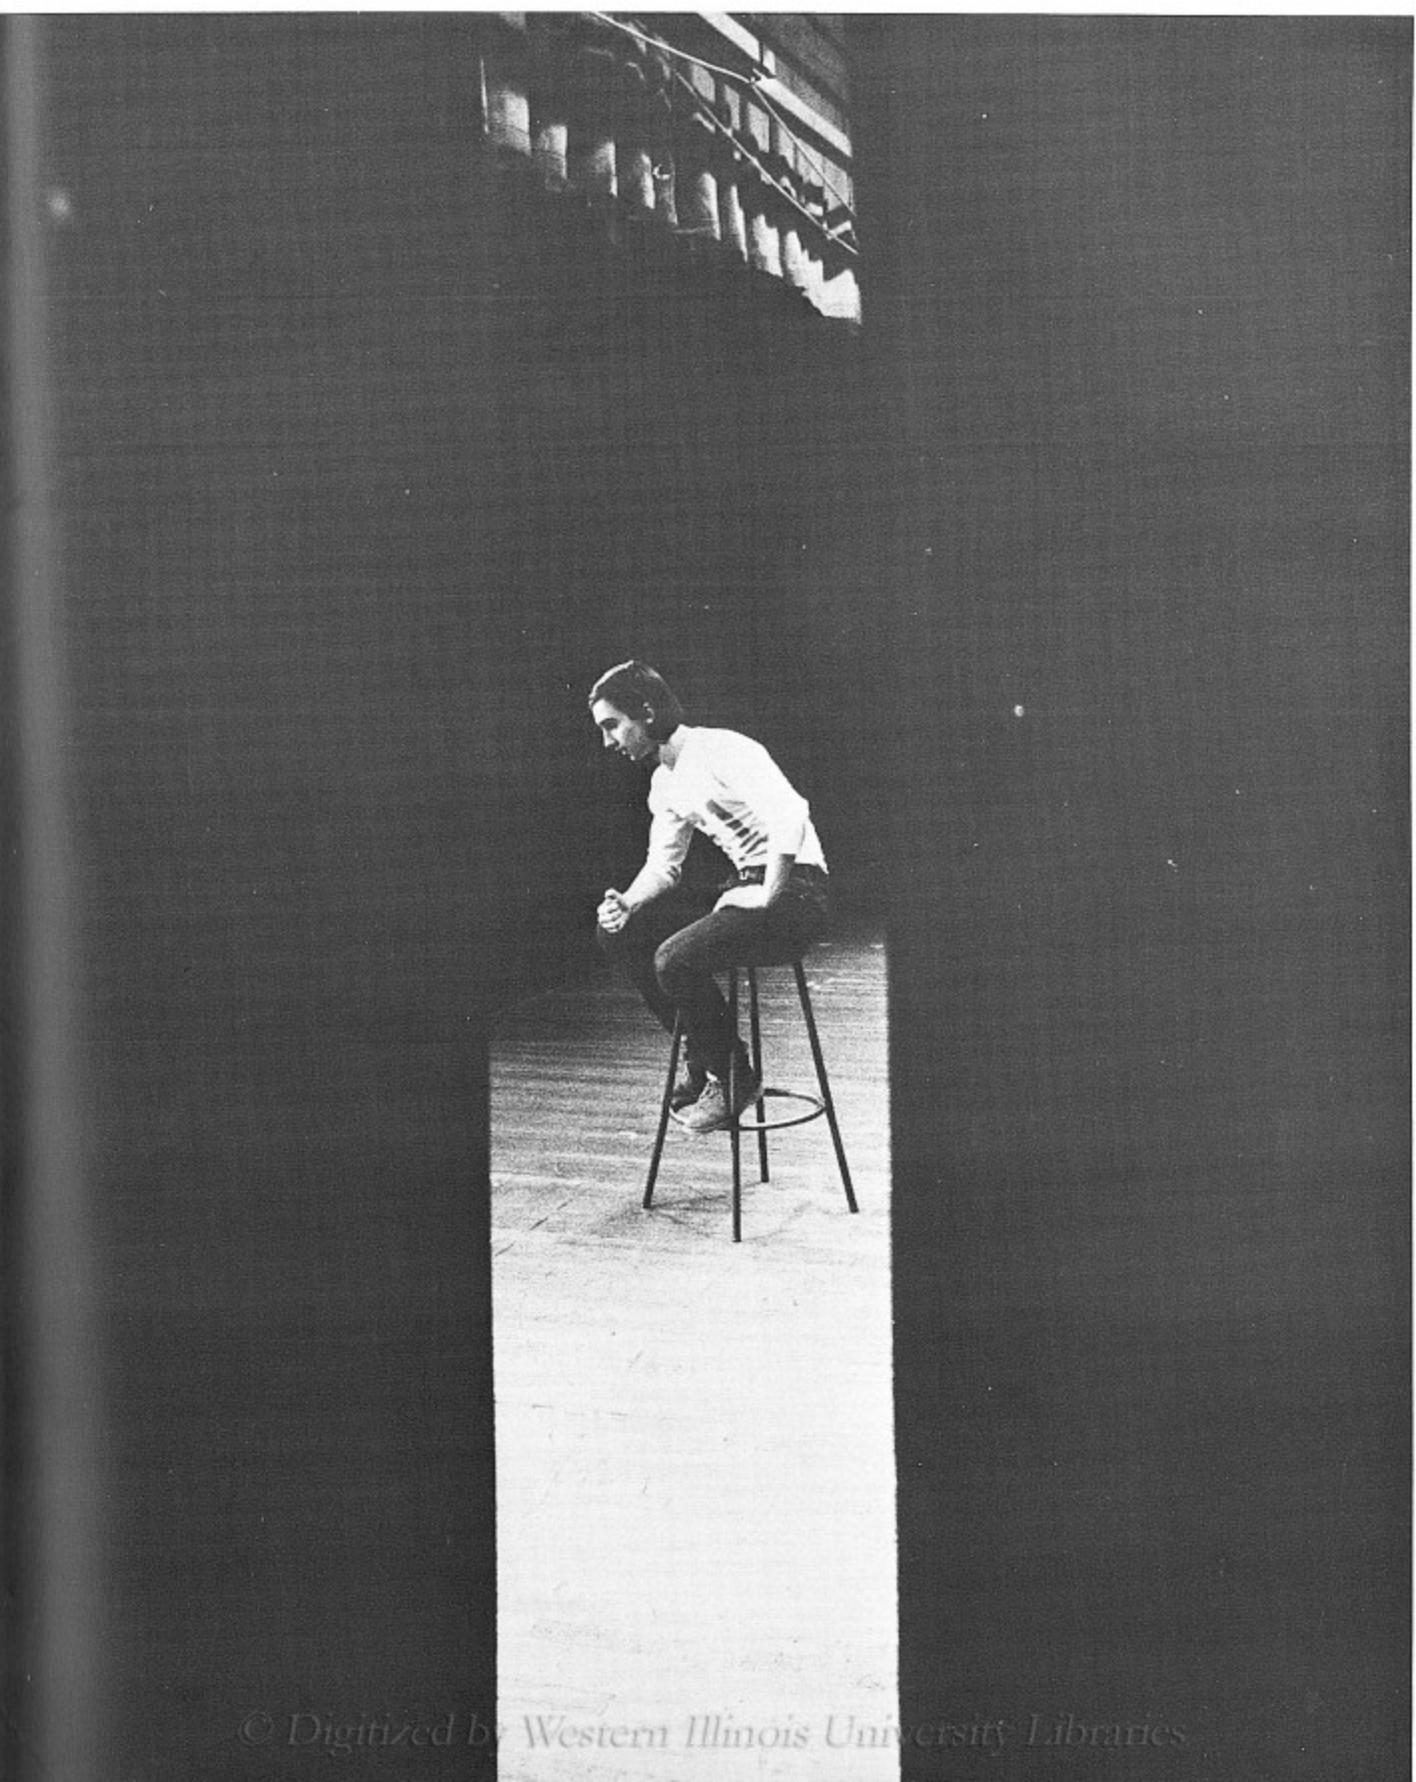

If Newton can do it, so can we!

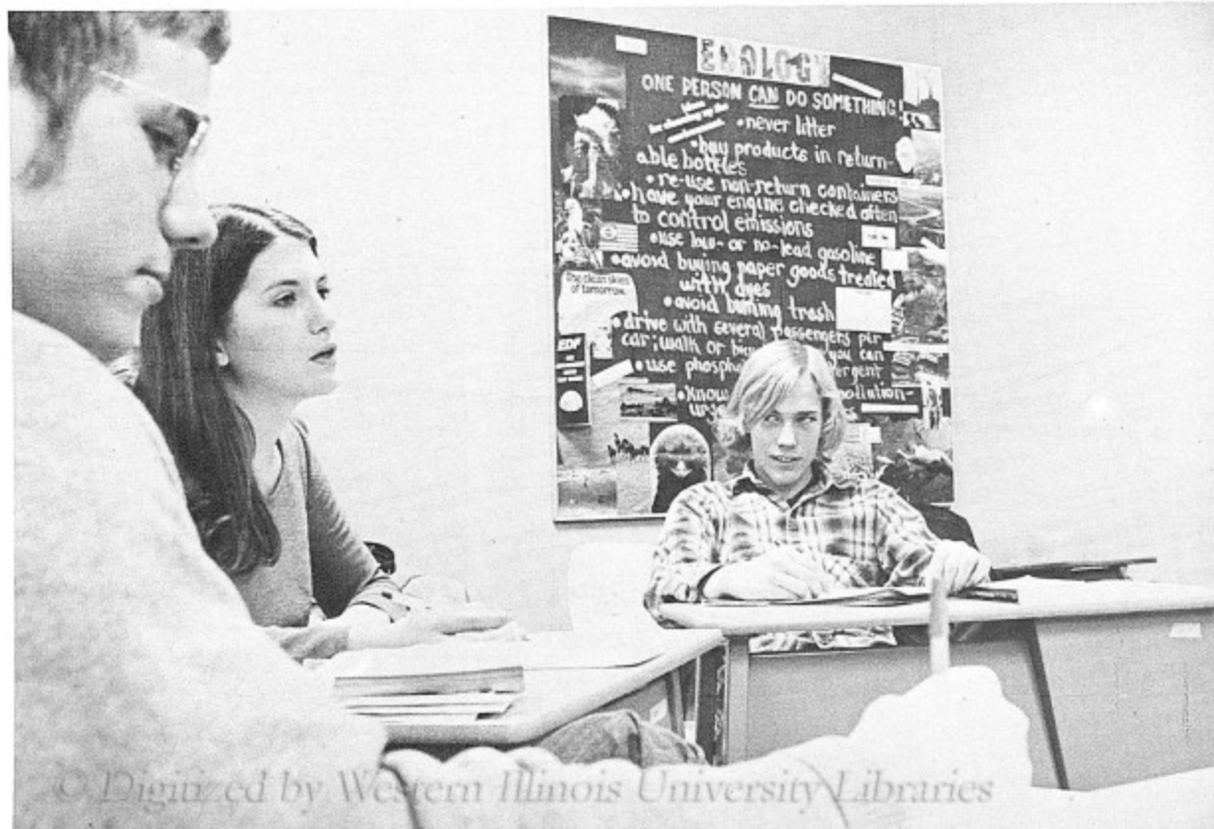

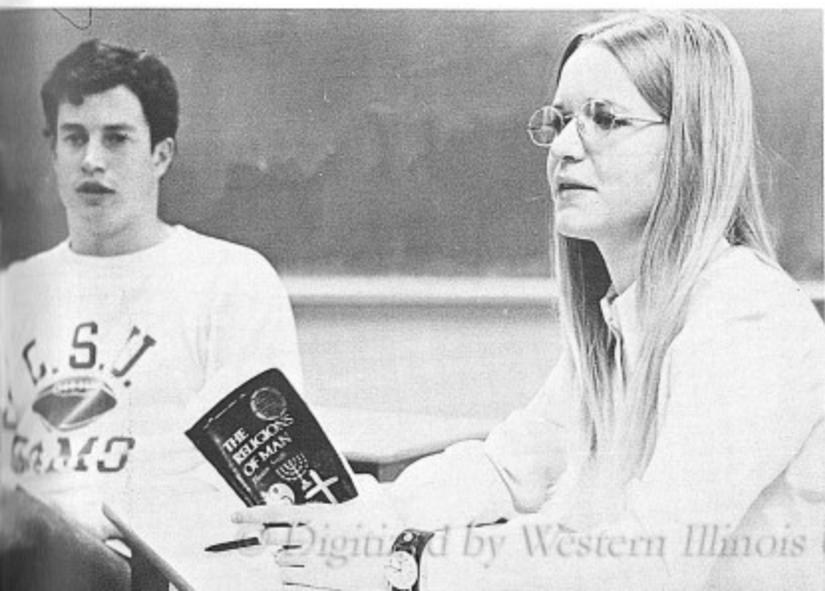

Speech and Dramatics classes teach students how to give speeches, be parts of a sewing machine, and win sweepstakes at speech contests.

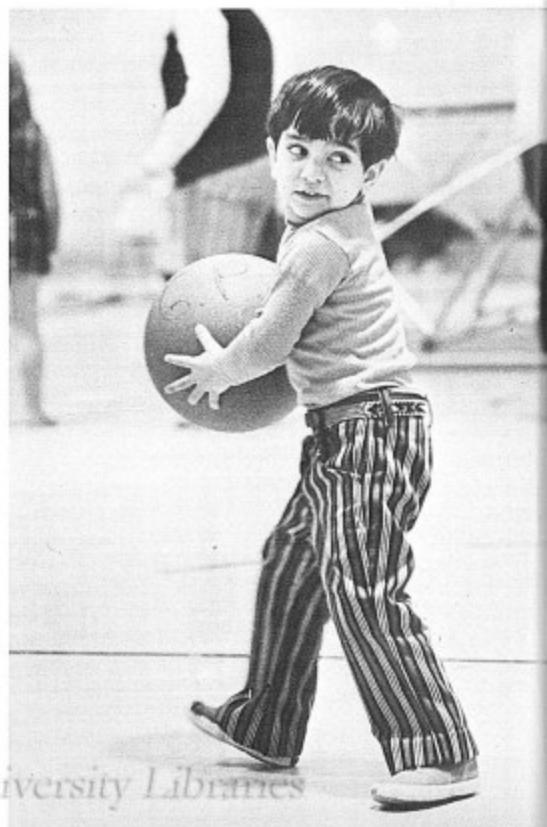

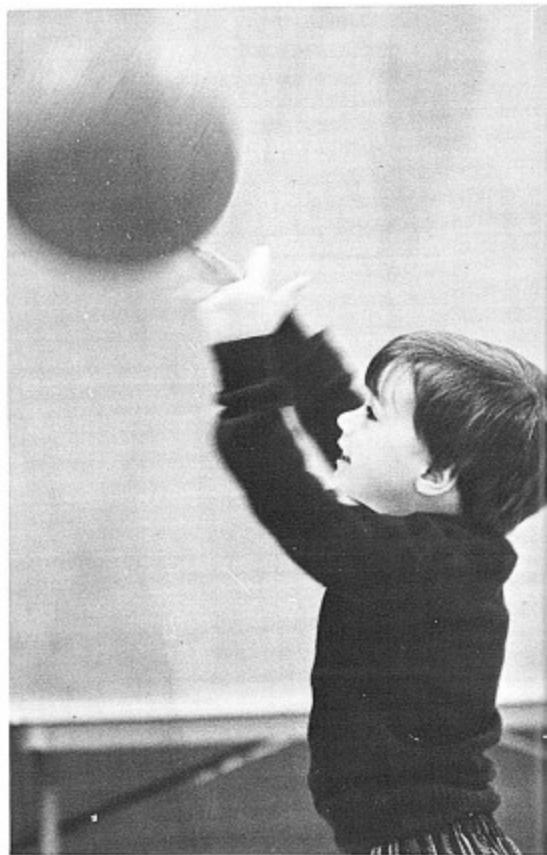

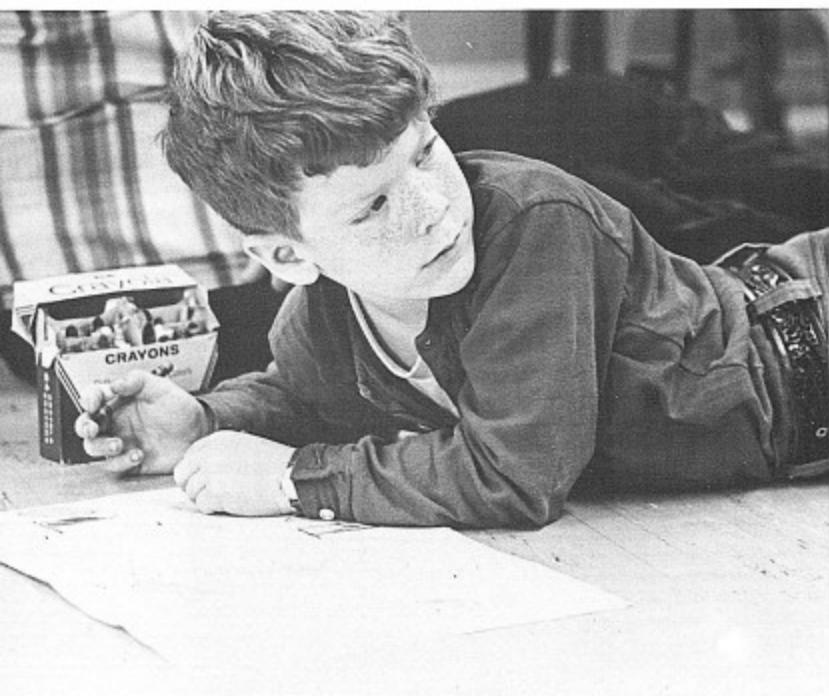

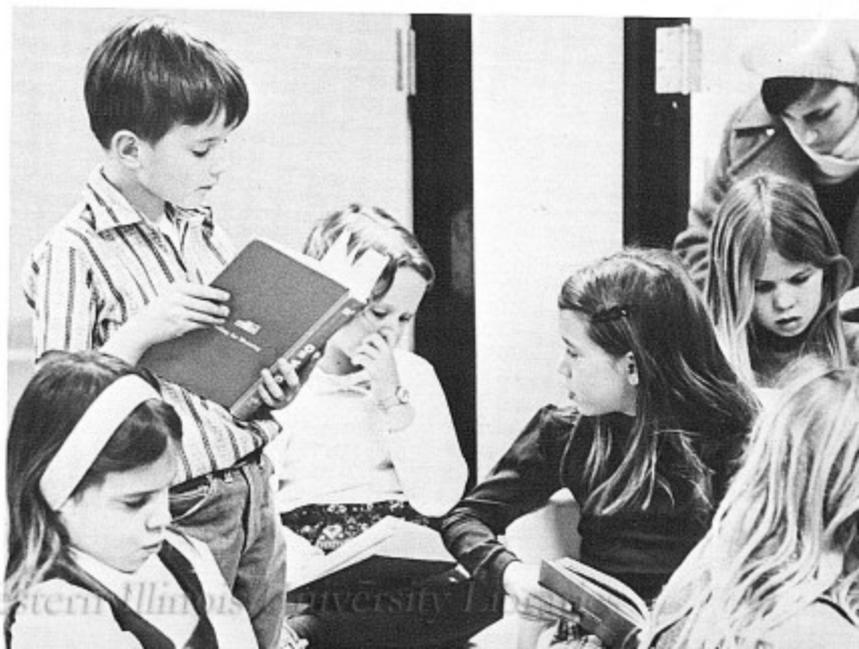

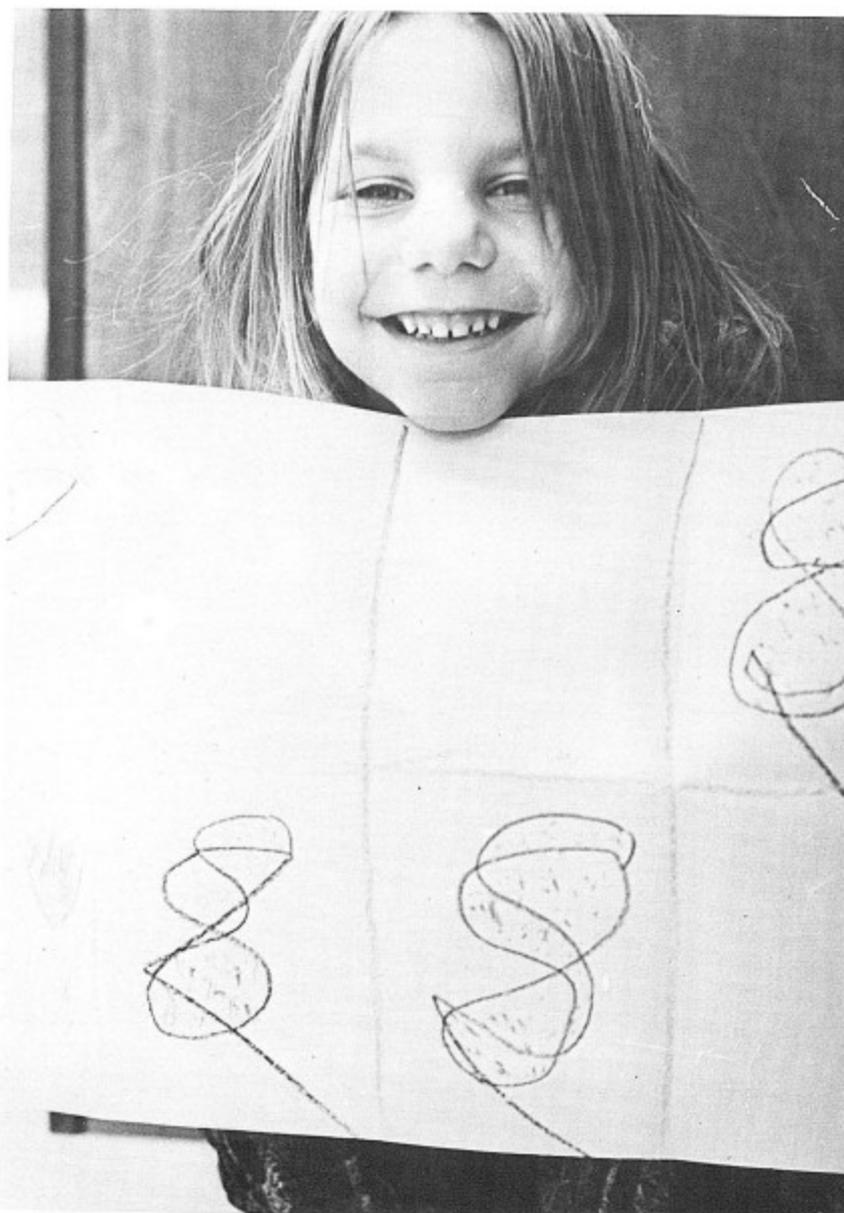

Through the science of social studies, students delve into the problems of man.

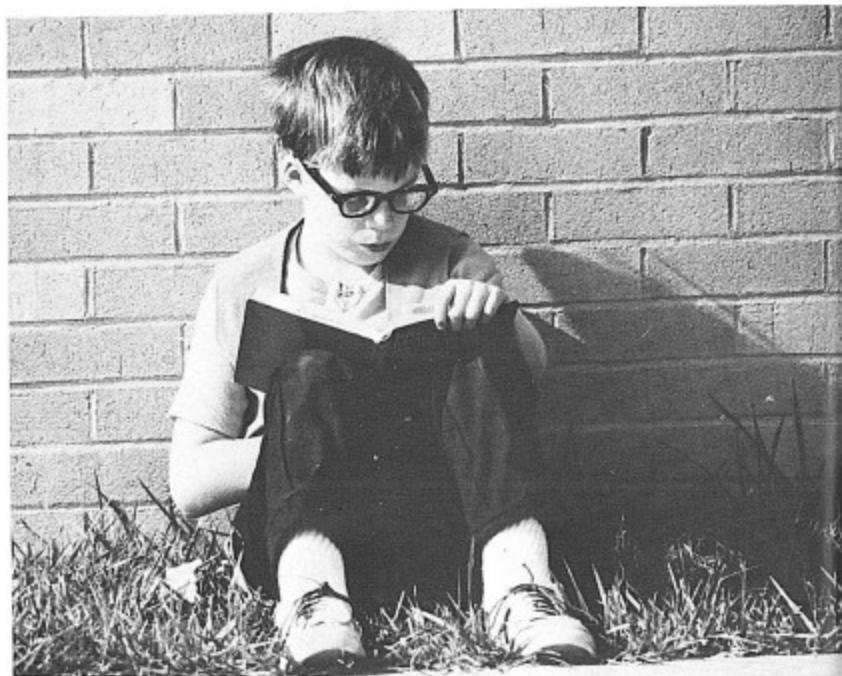

The ABC's of elementary education have been rearranged this year with all seven grades in four groups. Now children learn not only from the teacher but from kids of other ages.

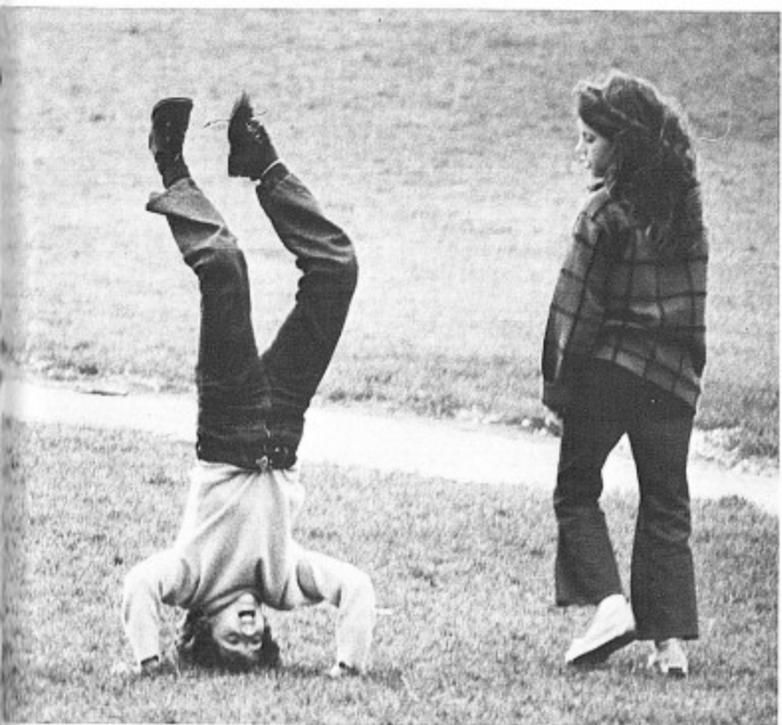

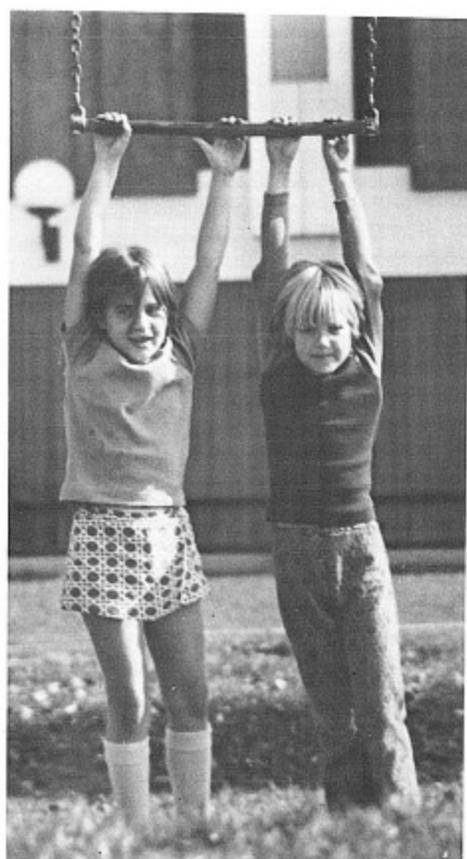

Studying is fun for younger kids.

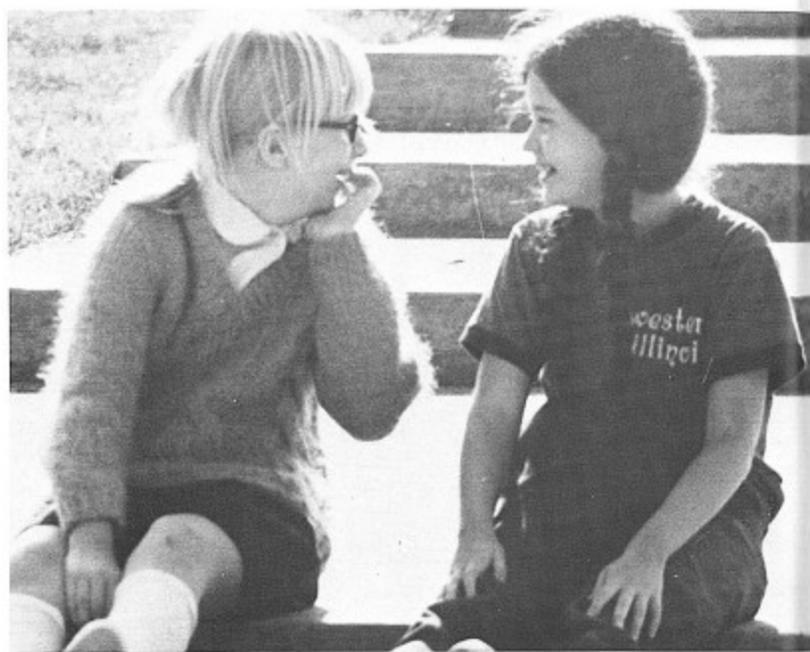

. . . where swings can be Sopwith camels and a jungle gym is a whole castle.

Looking for fun...

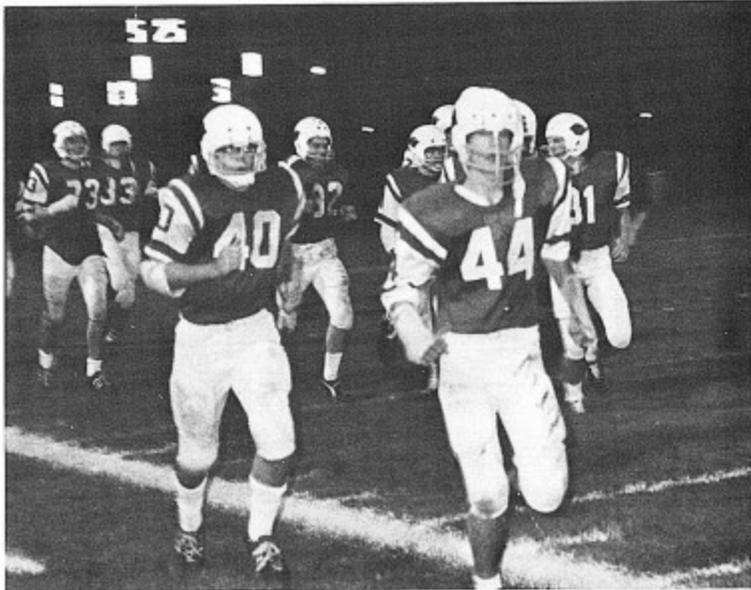

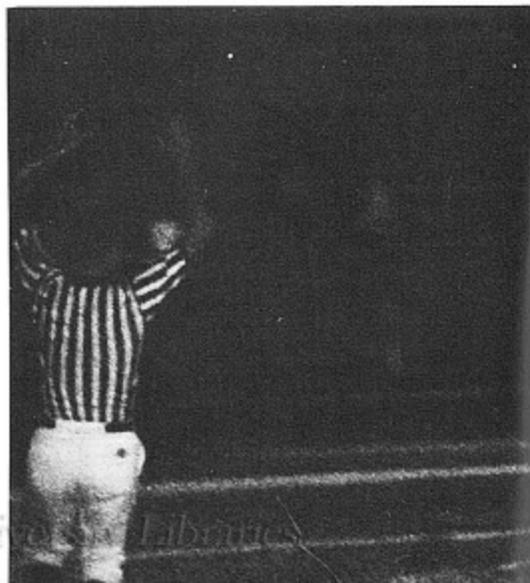

and feeling groovy!

There Is a Place in the Sun for all the many faces of Homecoming.
