I'll find a place inside a laugh. David Crosby

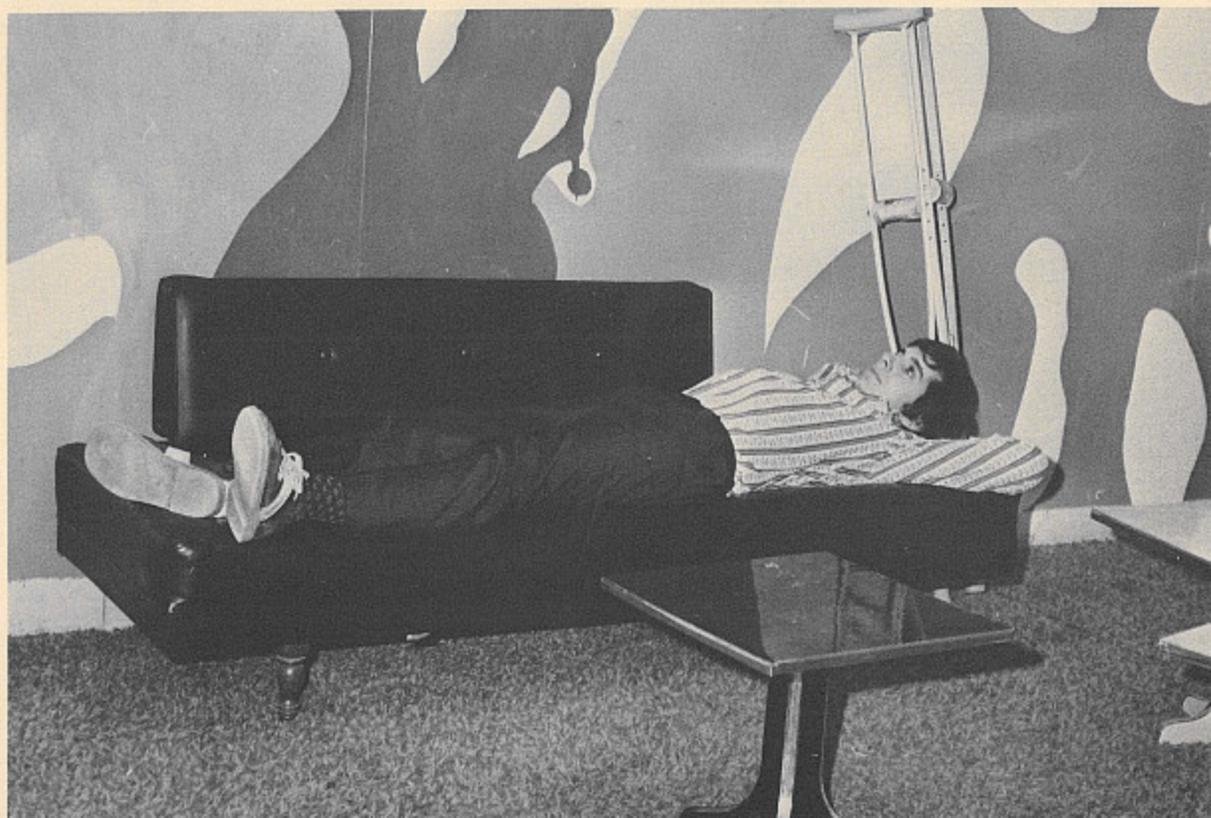

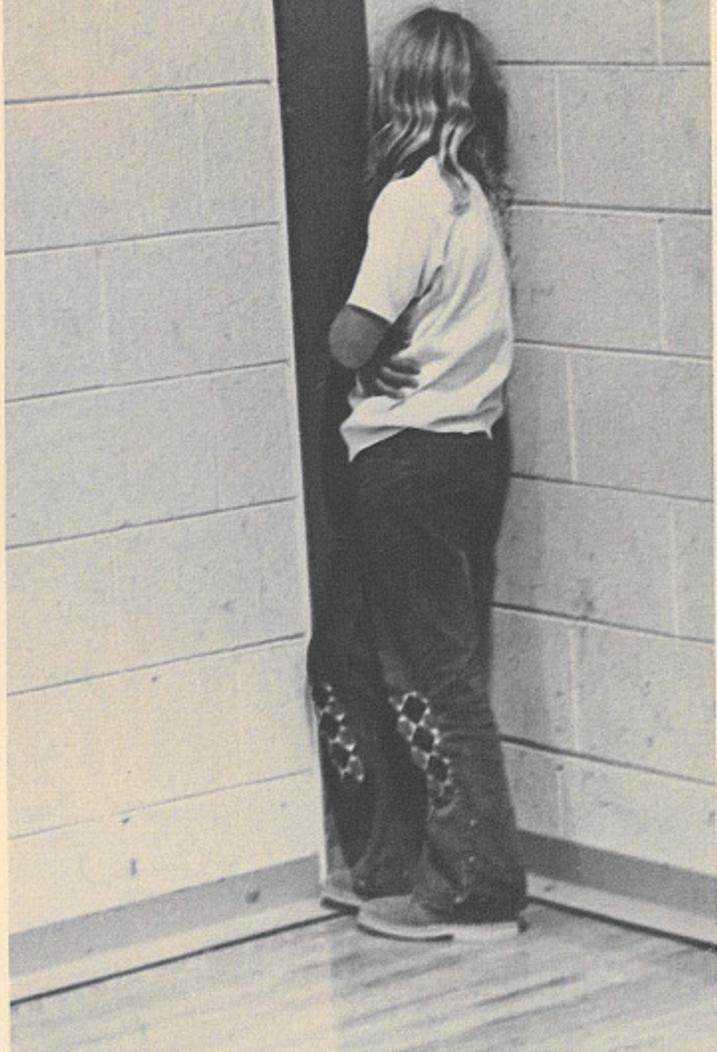

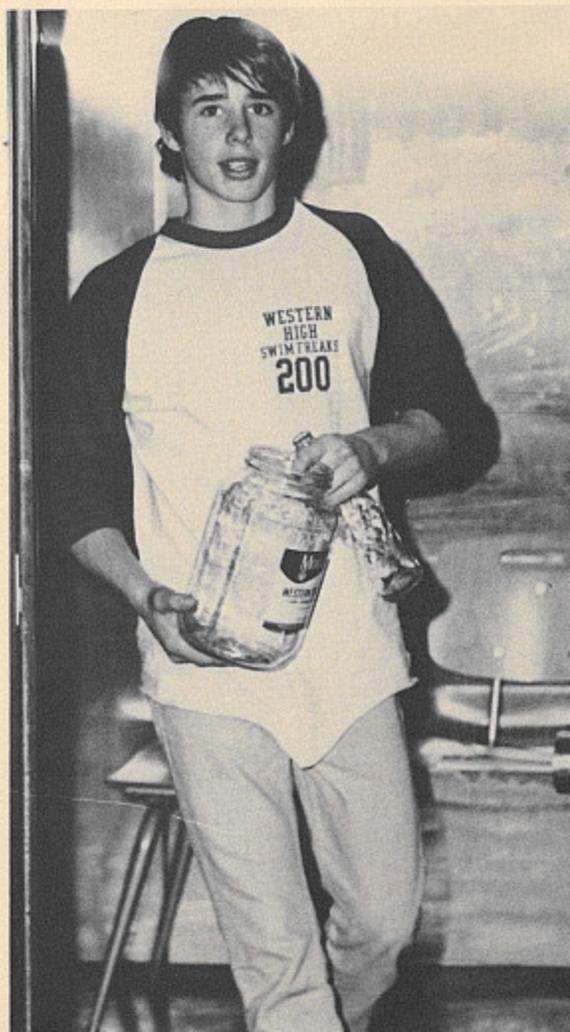

A true friend is one soul in two bodies. Aristotle

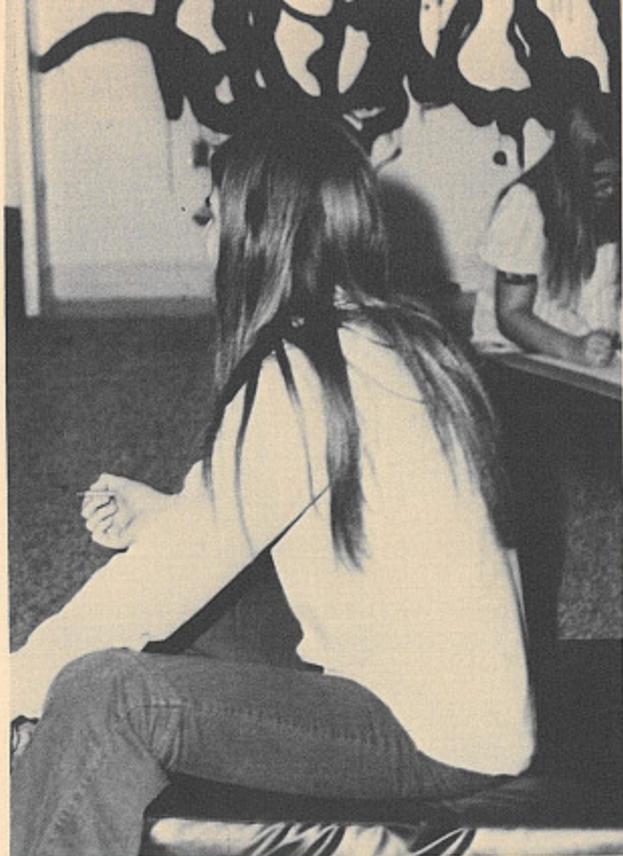

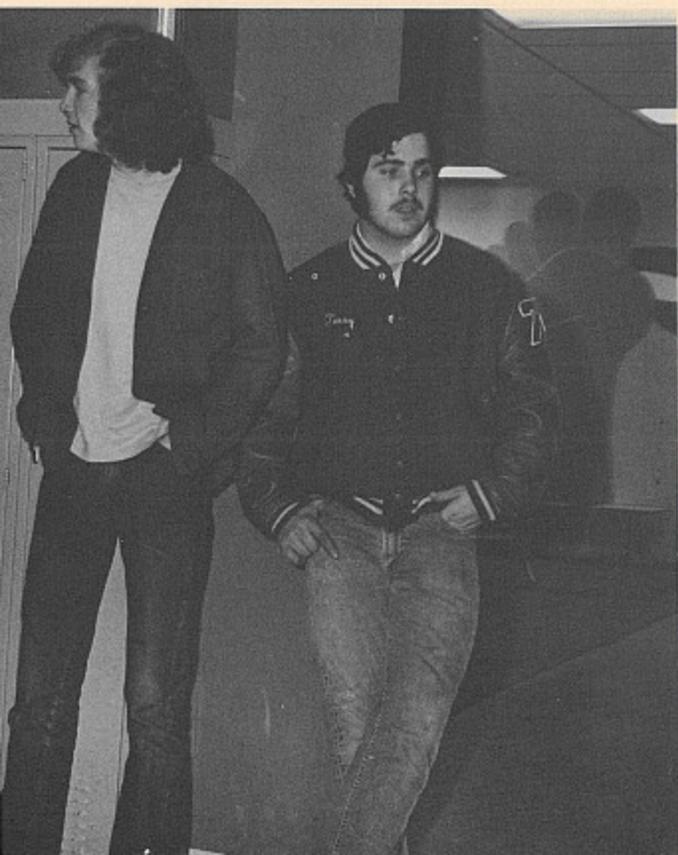

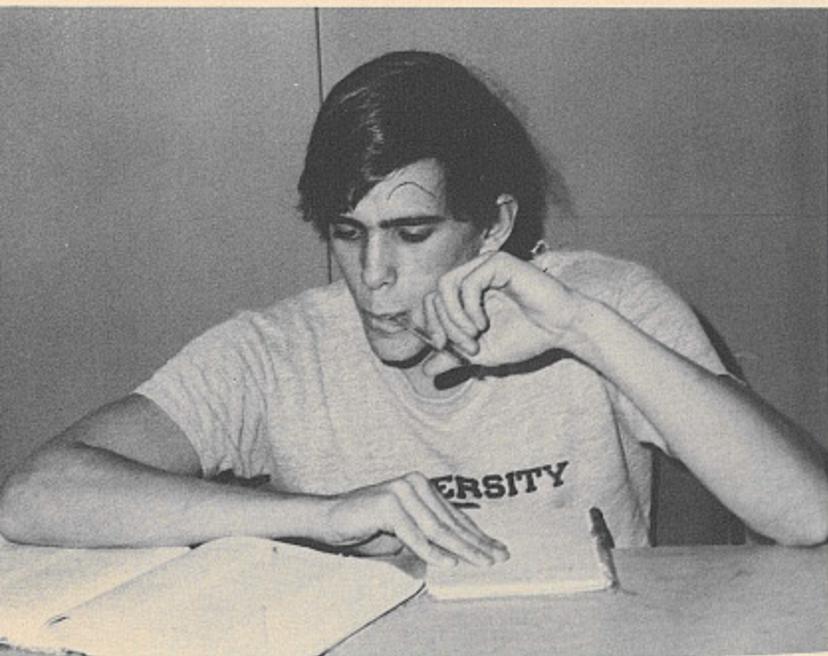

Gone---glimmering through the dream of things that were. Lord Byron

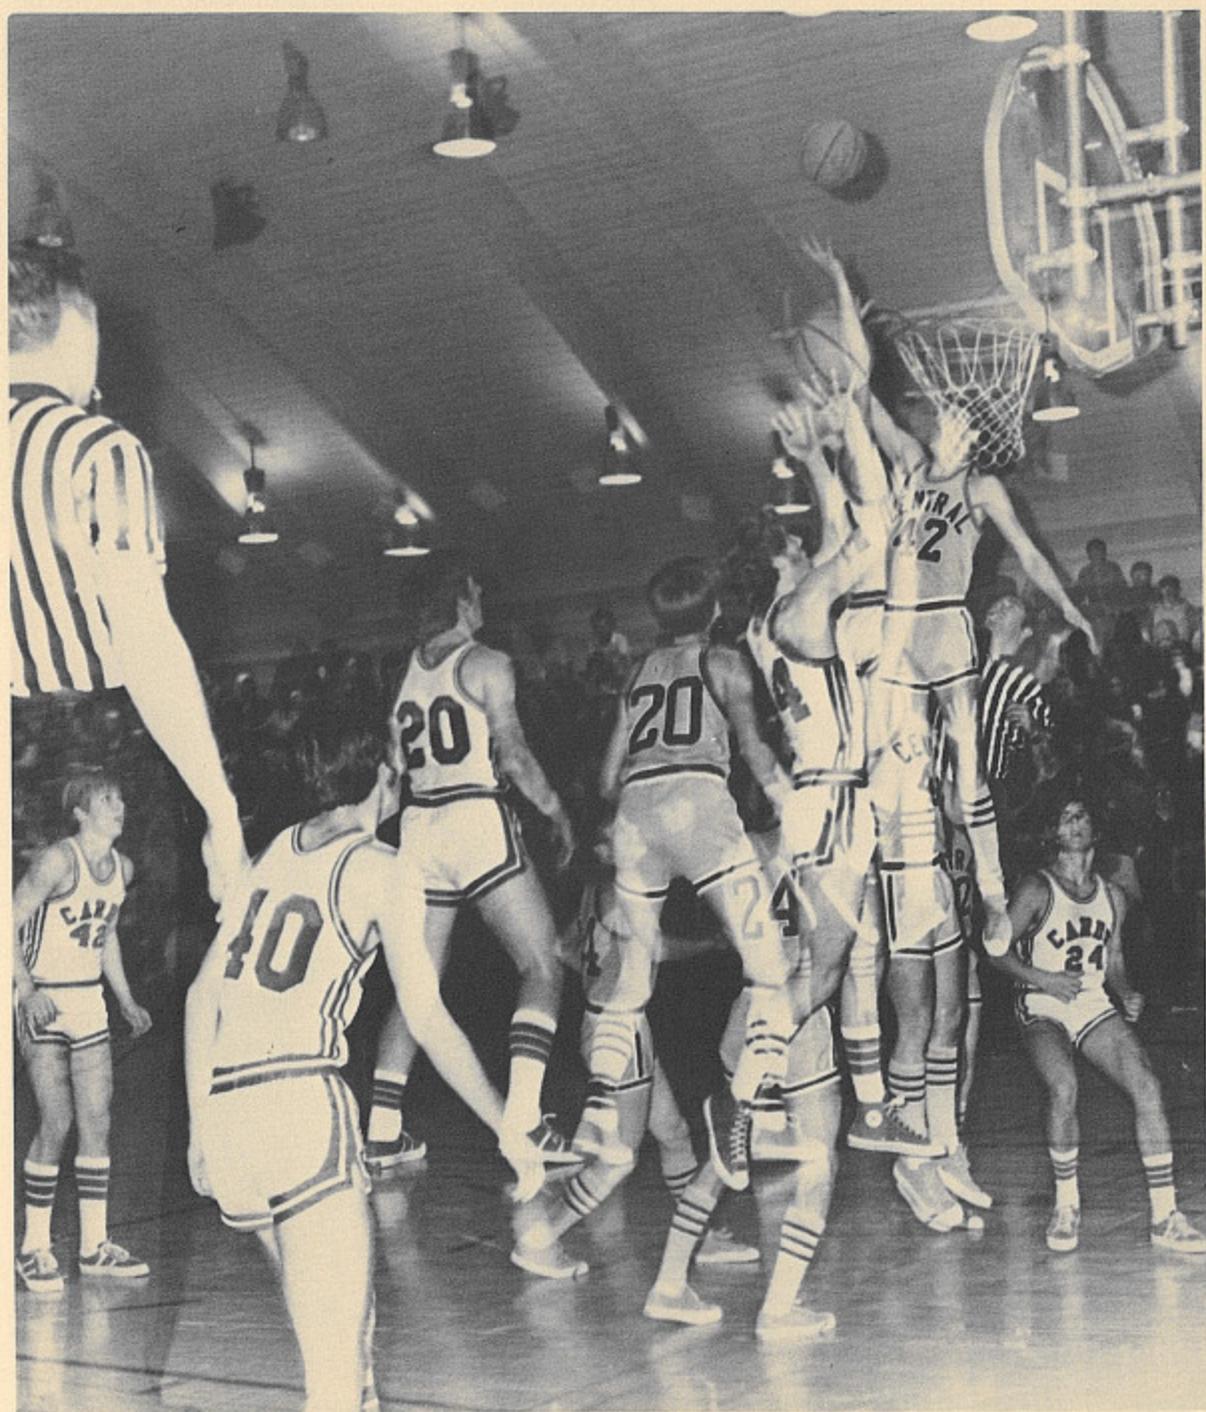

*In one drop of water
are found the secrets of
all the endless oceans.* Kahlil Gibran

*To fly as fast as thought
to anywhere that is
you must begin by knowing that
you have already arrived ... Richard Bach*

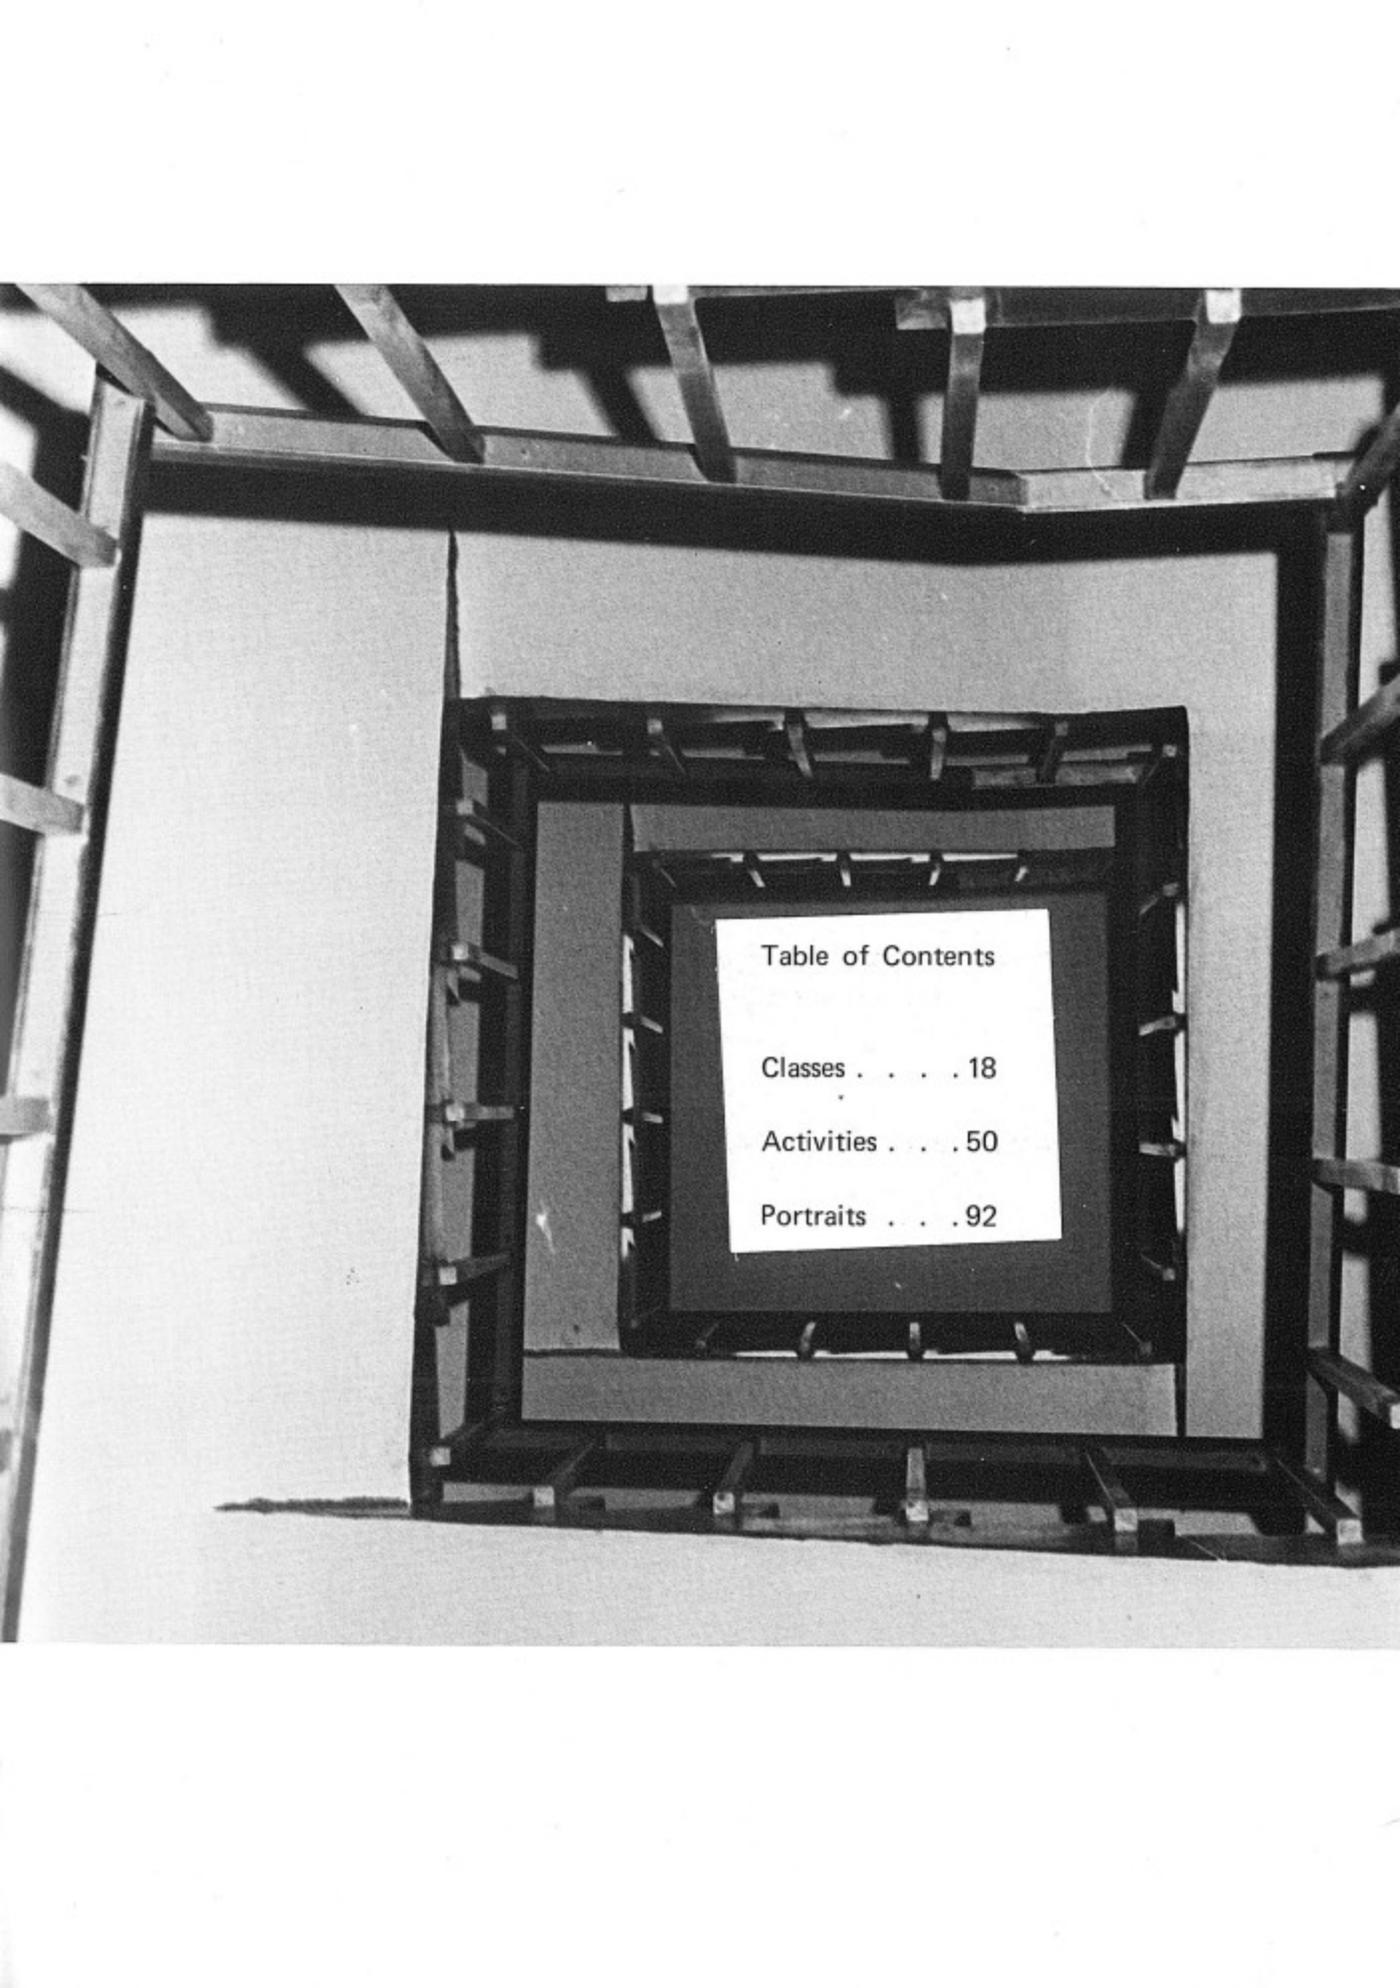

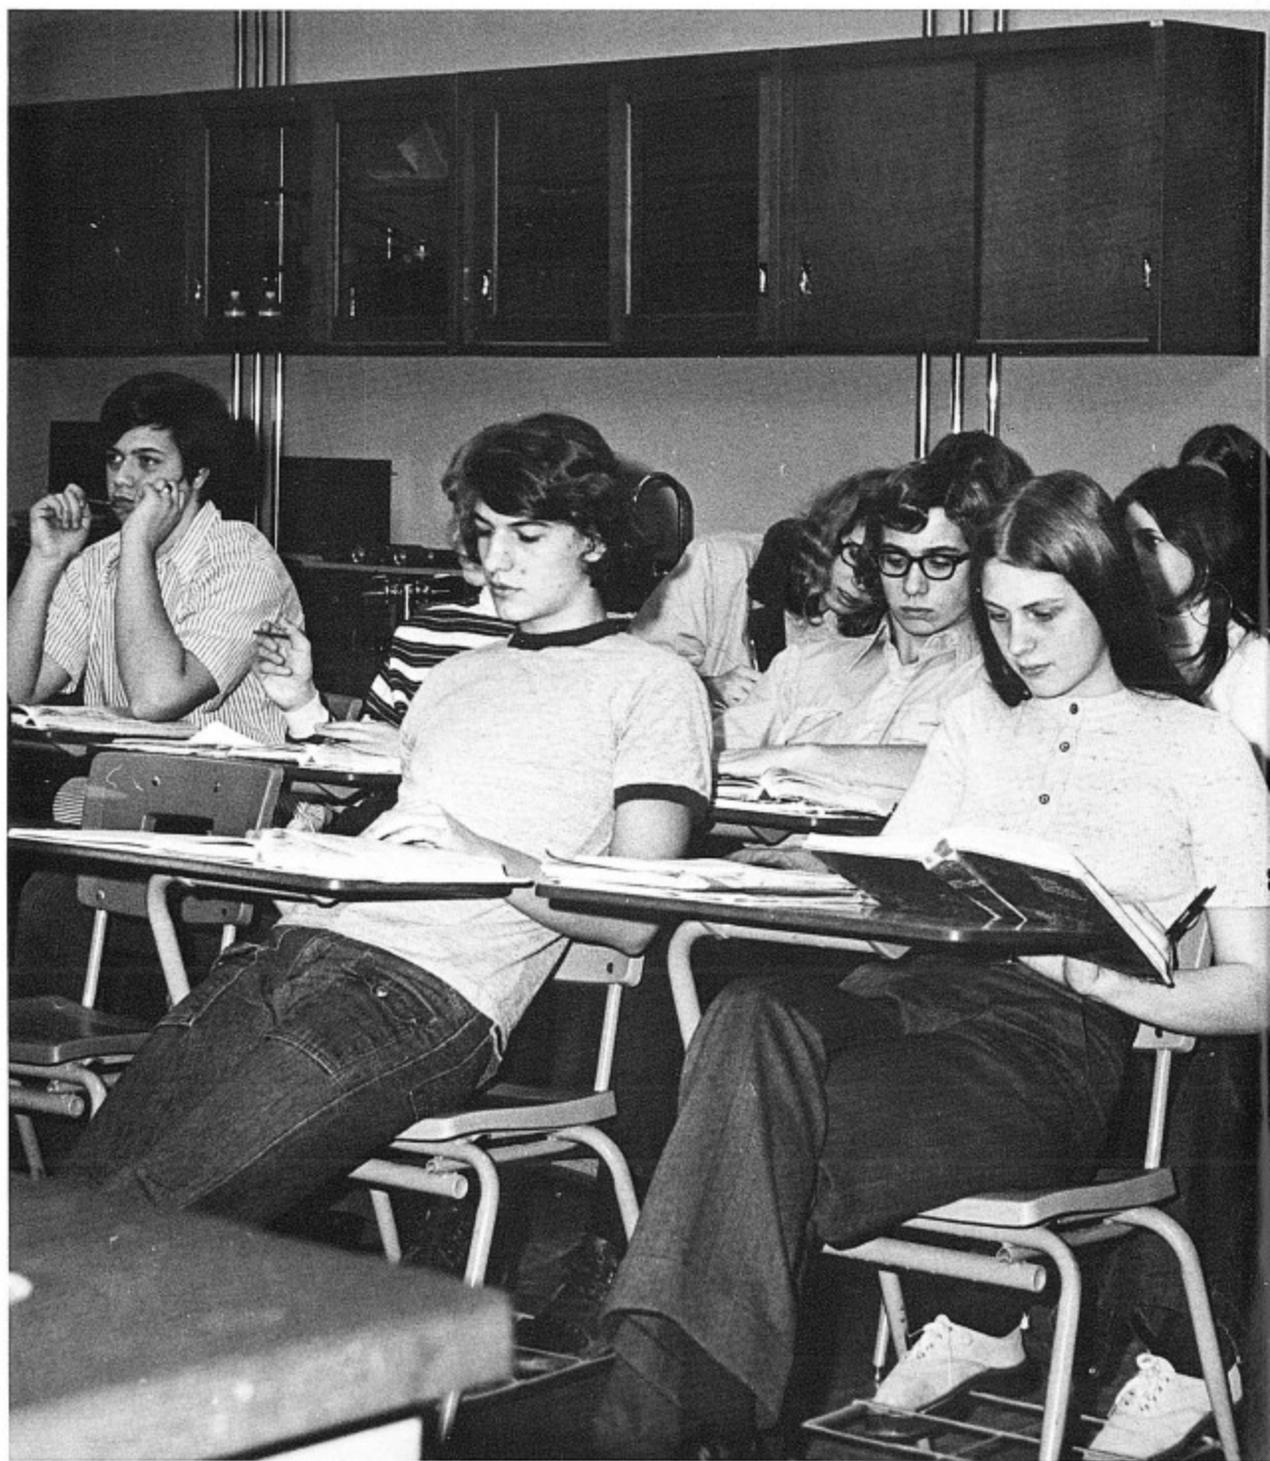

A black and white photograph of a spiral staircase. The staircase is viewed from above, showing the wooden railings and the central shaft. In the center of the shaft, a white sign is attached to the wall. The sign contains the text: "Table of Contents", "Classes 18", "Activities 50", and "Portraits 92".

CLASSES

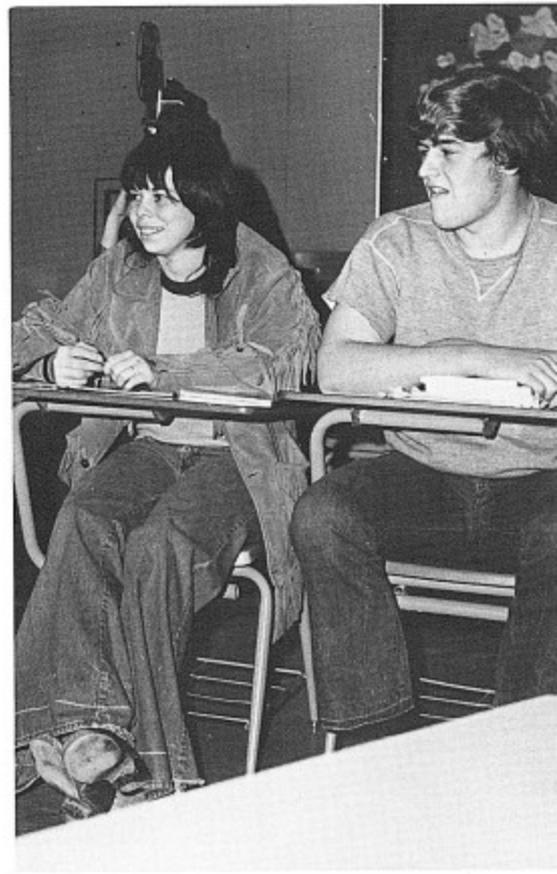

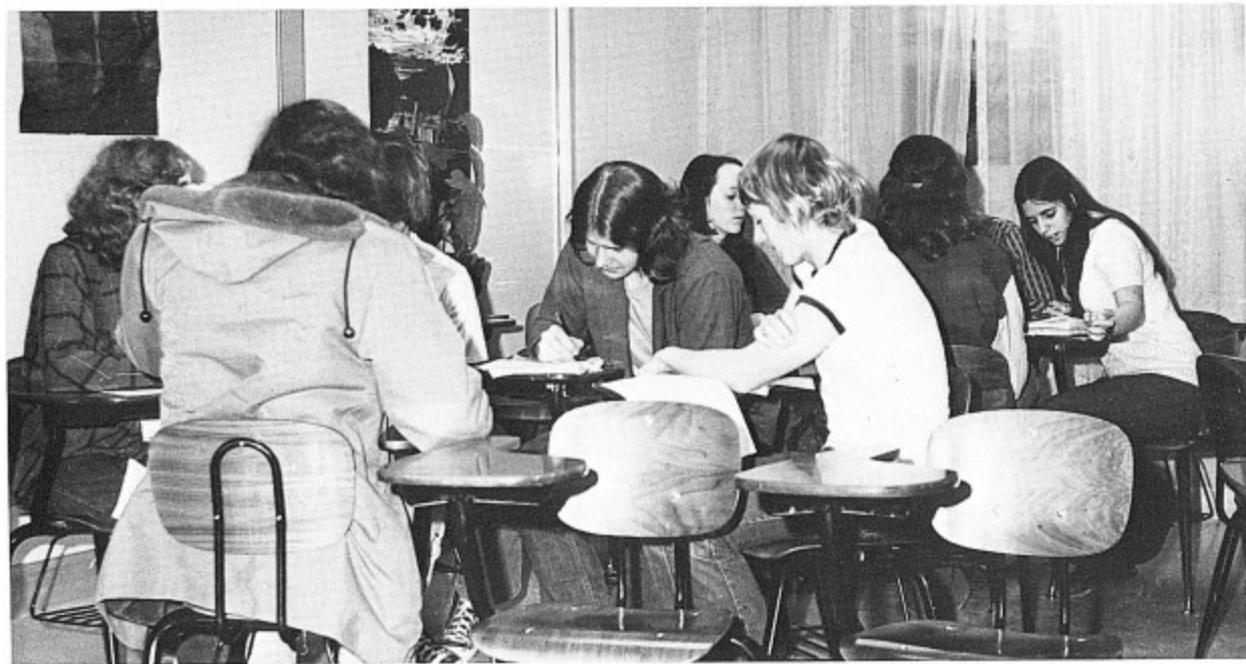

Simple, scientific experiments often turn out as simple unexplainable disasters.

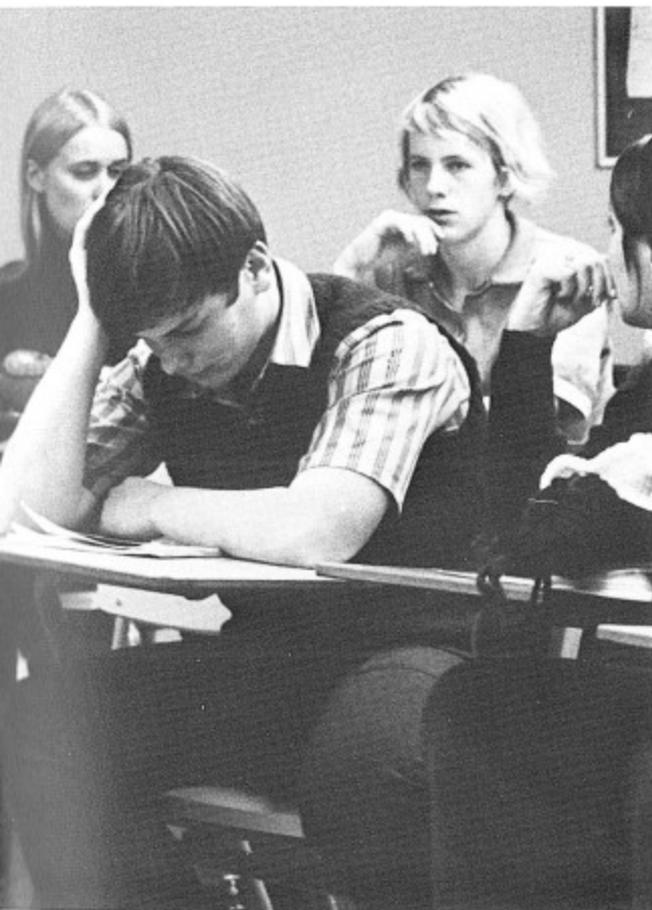

Exploration into ancient civilizations
is contrasted by discussions on the social
problems of abortion, drugs, and women's lib.

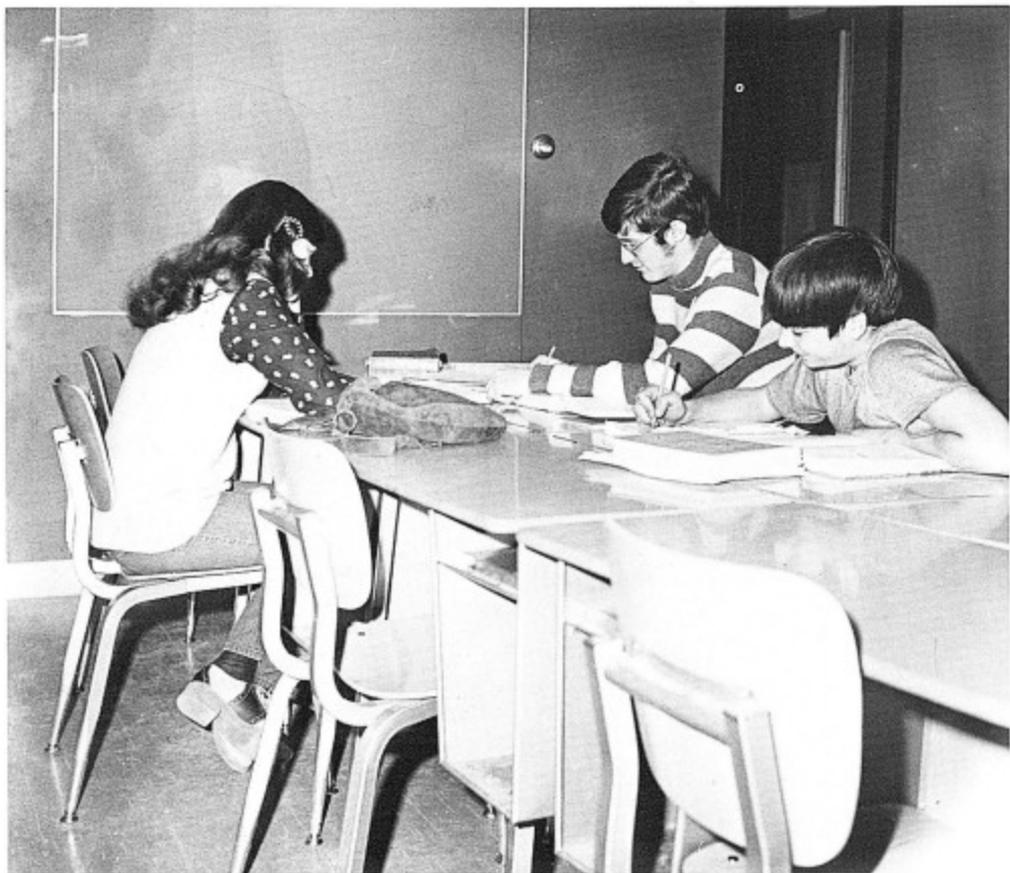

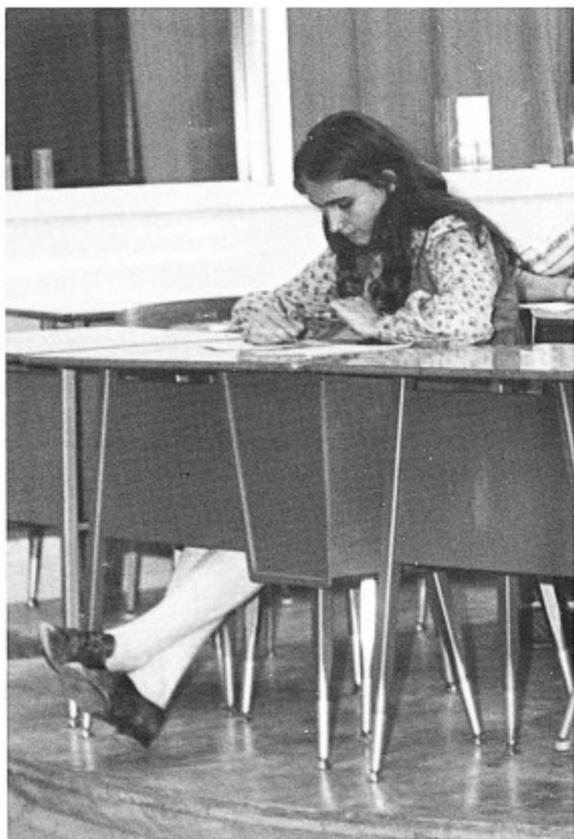

Reach out—

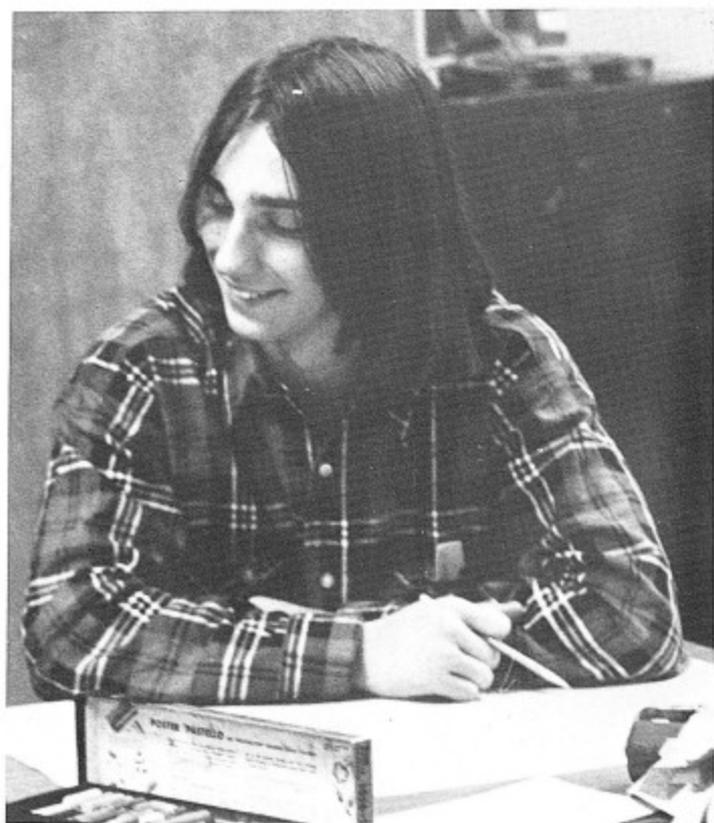

To communicate is the first step in understanding,
and through our language courses at WHS,
our goal is the deeper insight into others.

Math is the only class
that reaches beyond the study of numbers
and into the fields of social studies,
science and conversation.

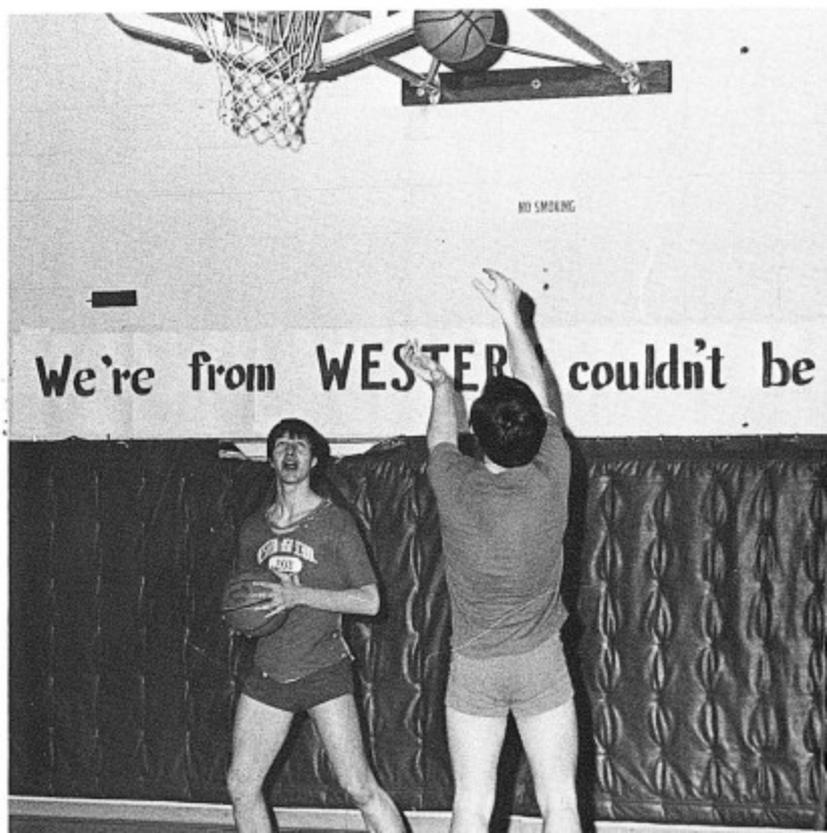

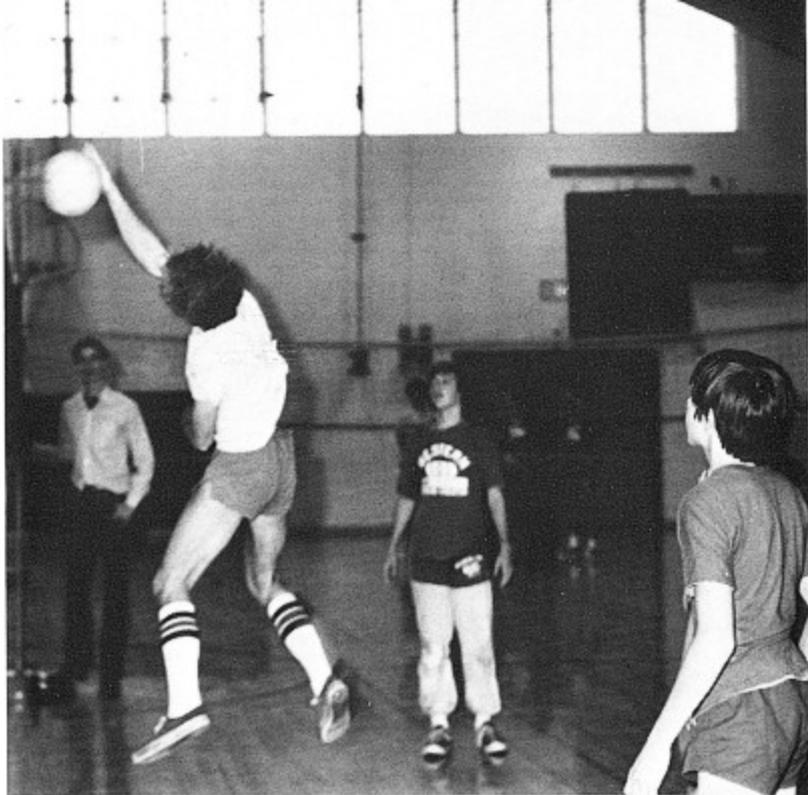

Art is a way of expression. We expose a bit of ourselves when we create.

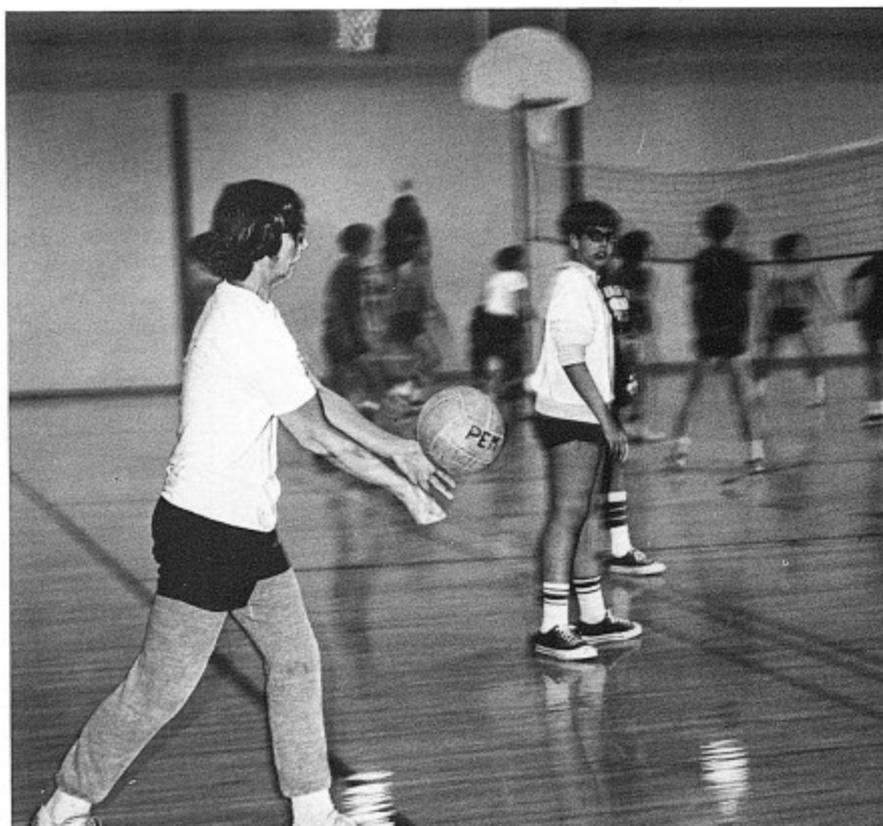

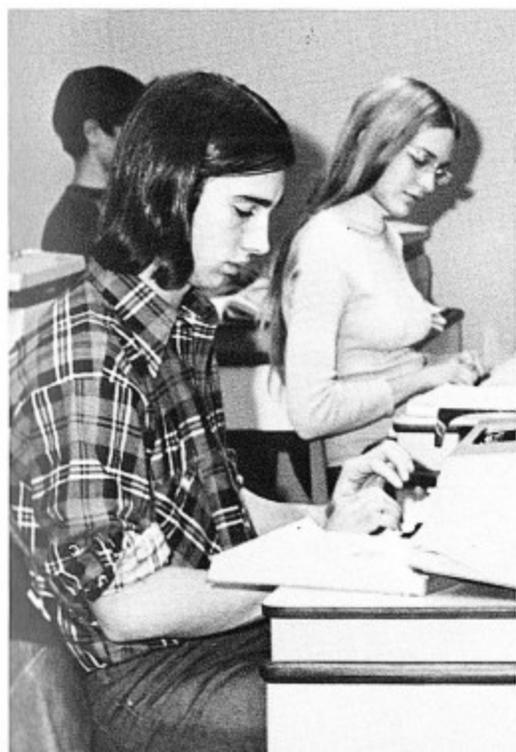

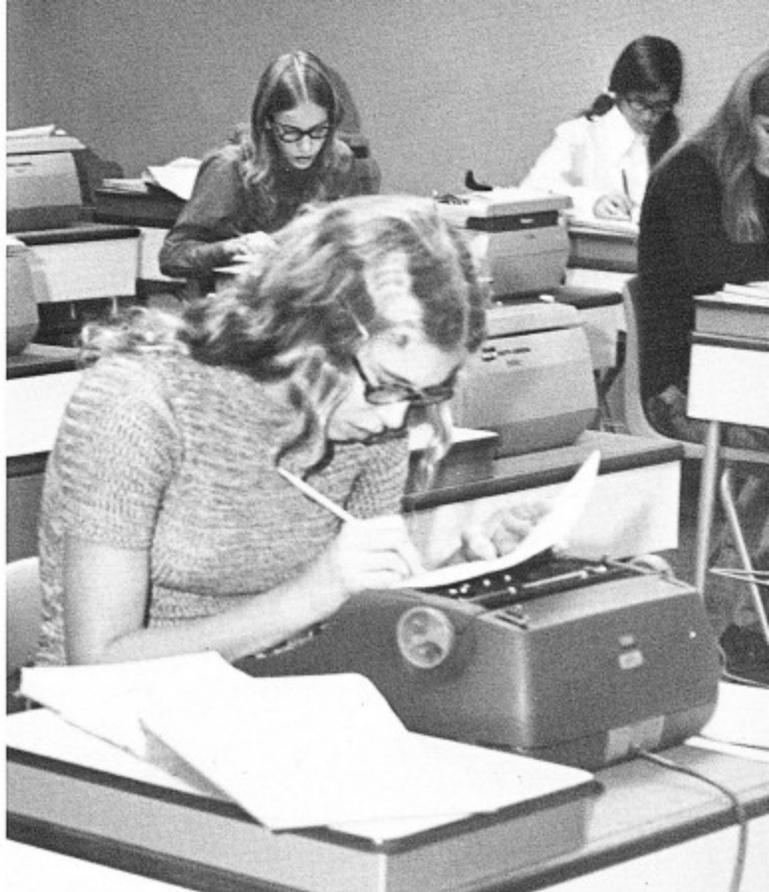

After locking away the smelly t-shirts and stiff socks—
a sigh of relief.

prouder!

"Time and return...
Ready for ANOTHER
five-minute timed writing?"

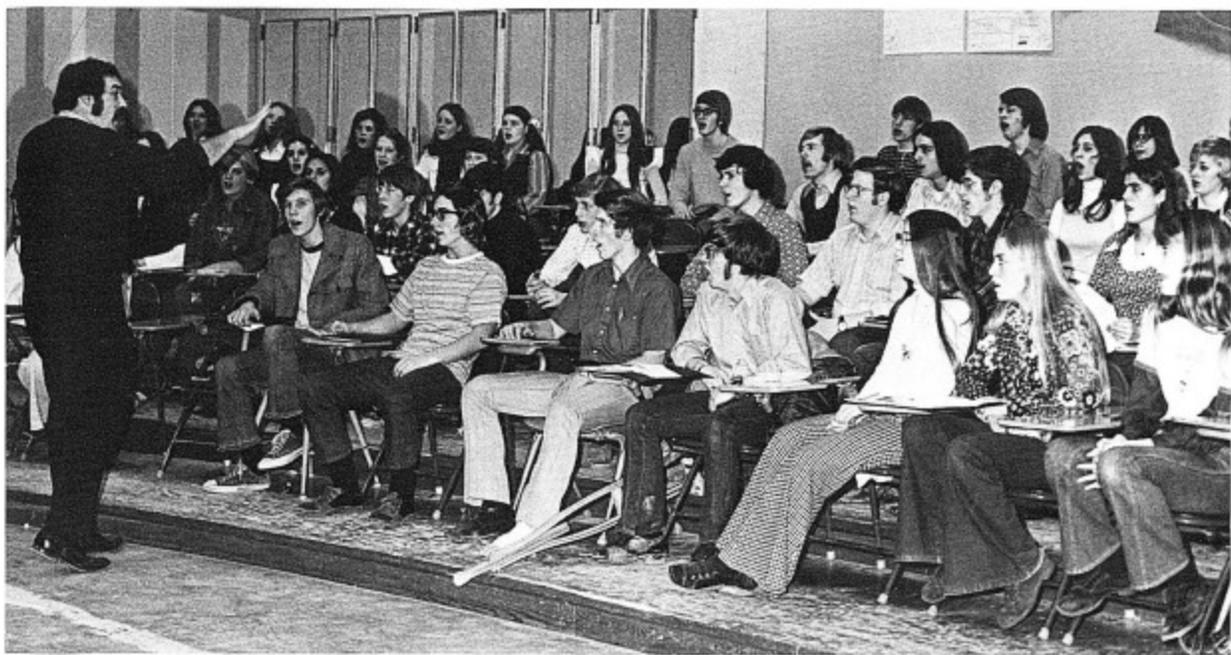

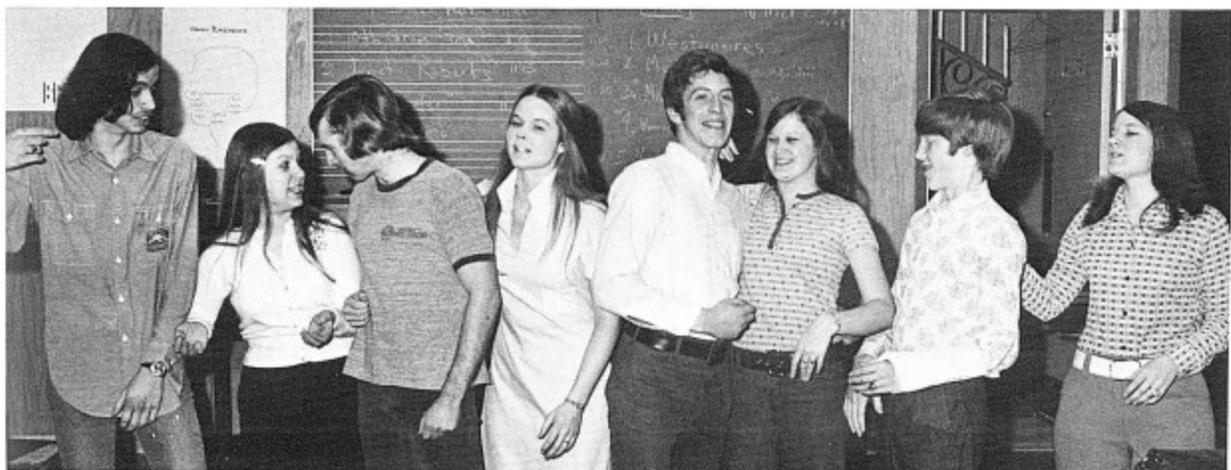

Fashion shows and hospitality meals take careful planning. A trip to Chicago was one of their rewards.

Music is the voice of our soul.

Through our song, we communicate life.

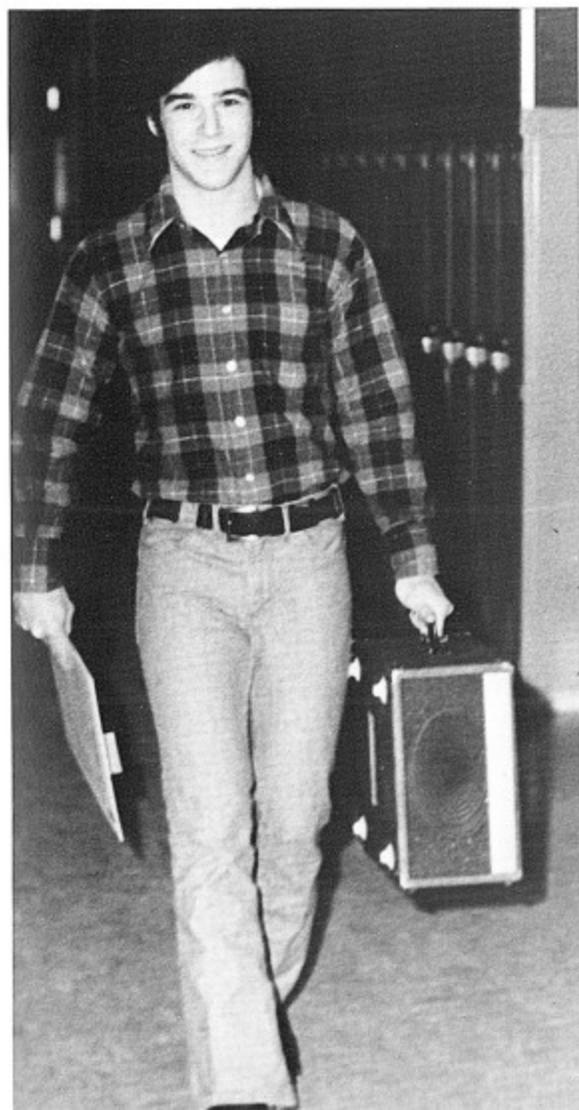

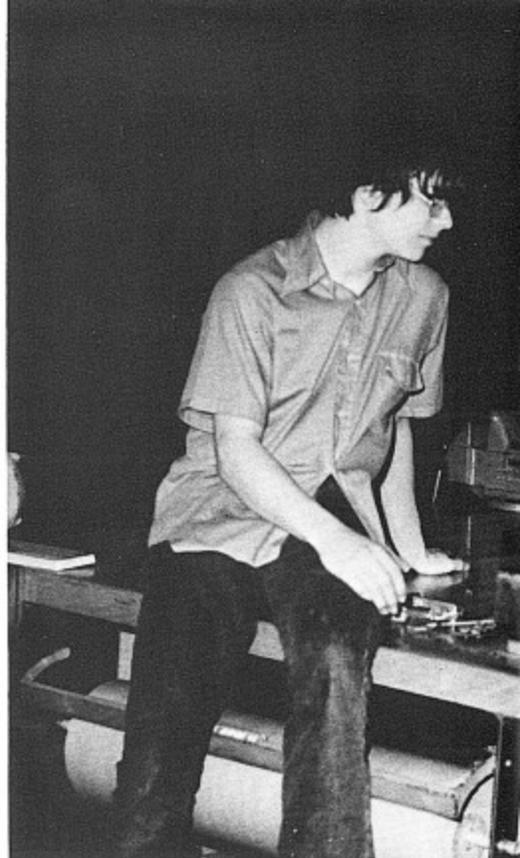

Valuable moments are captured in pictures, movies, music and slides by the AV team and add a special touch to various classes and projects.

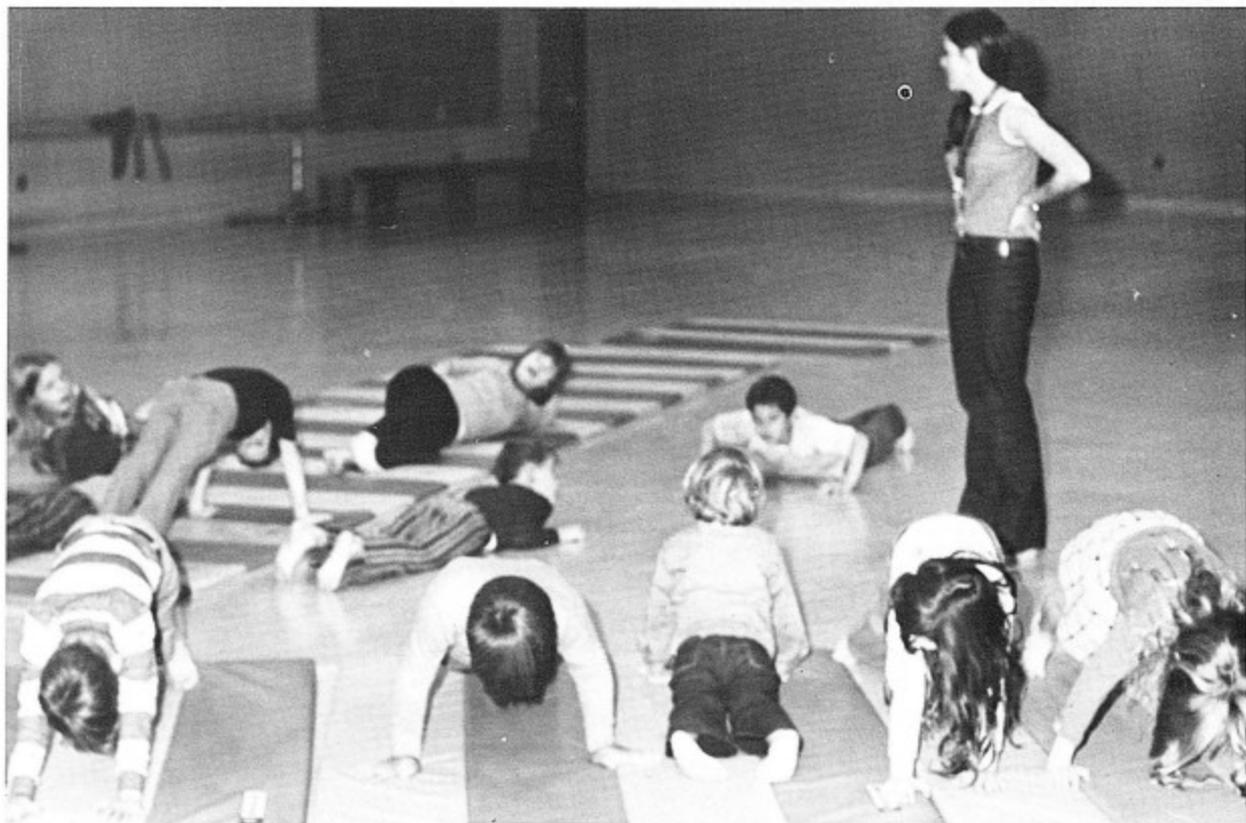

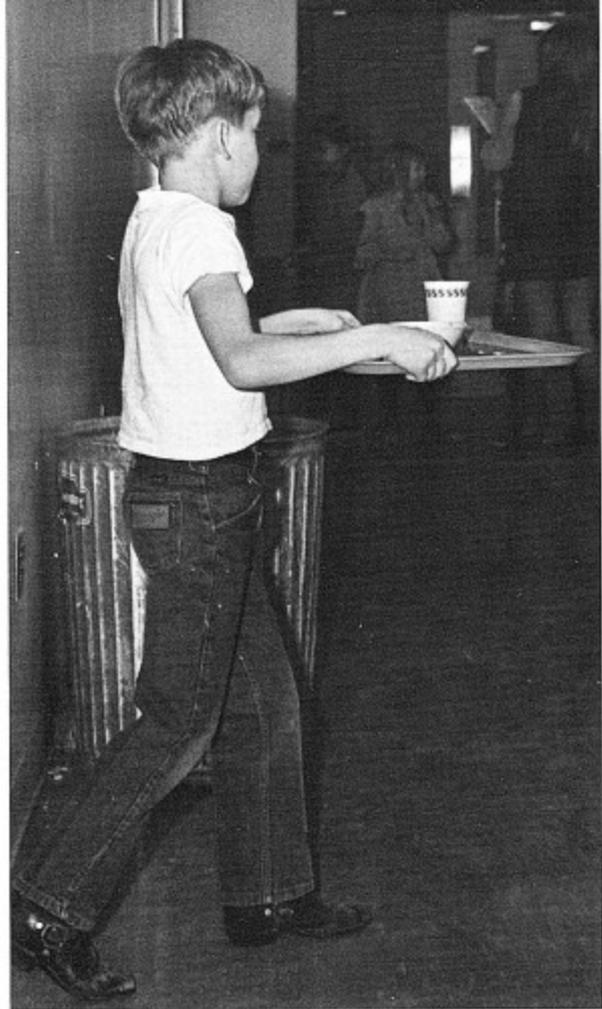

Equality enters into IA,
as the boys and girls work together.

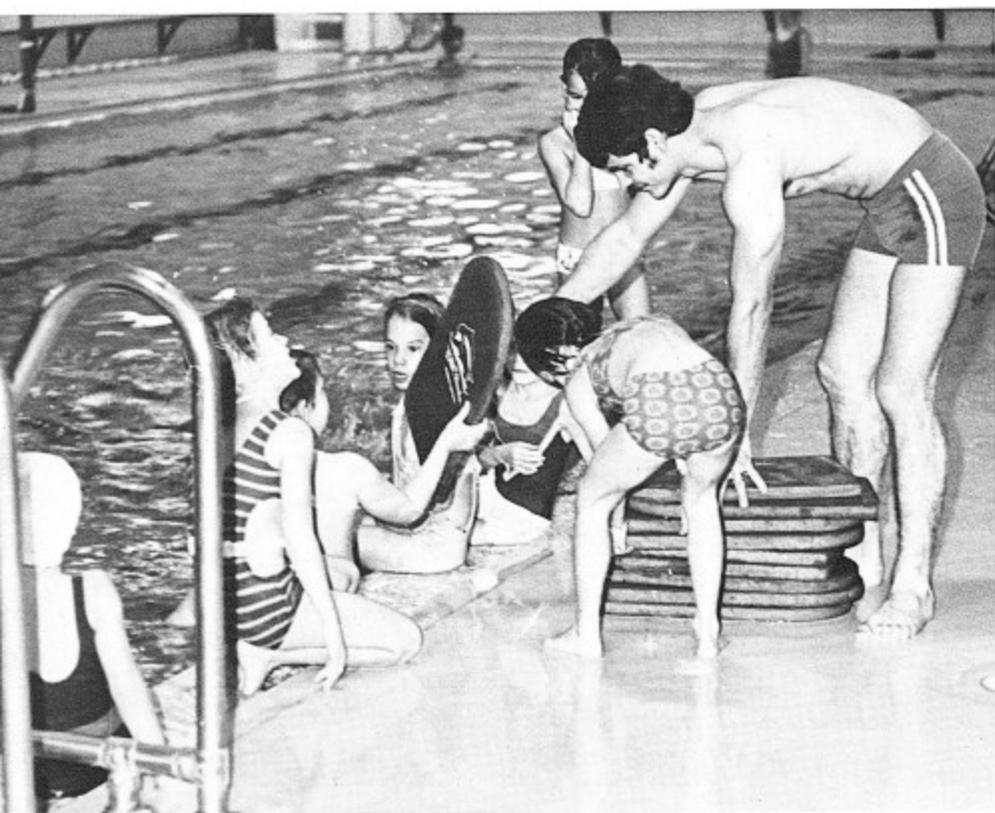

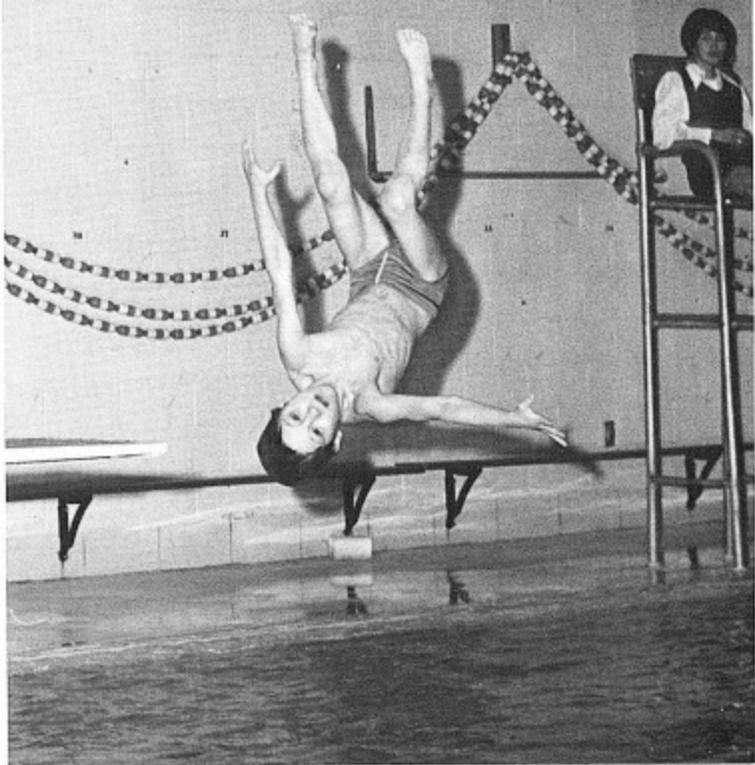

Involvement with elementary students makes Western unique. The fun they find in learning is contagious to everyone.

From taking that first
daring jump off the diving board
to sharing a biology club popsicle,
they explore, create, and probe
into excitement.

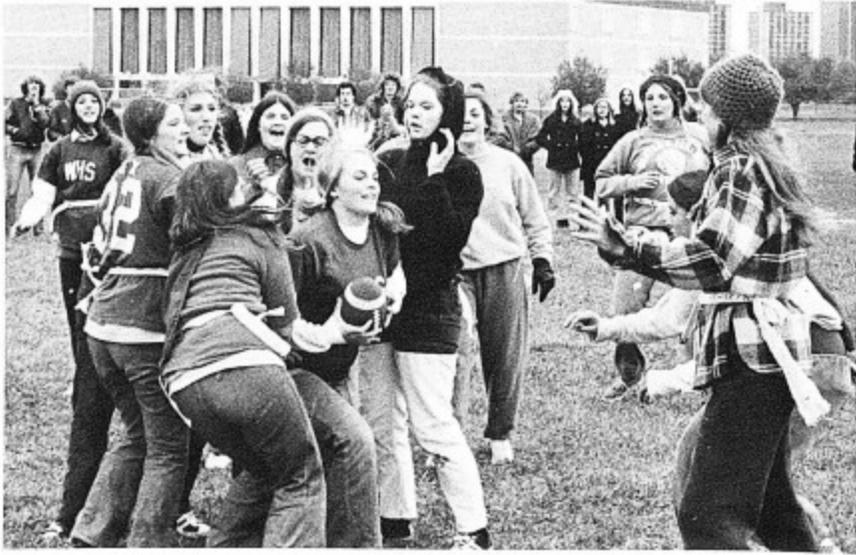

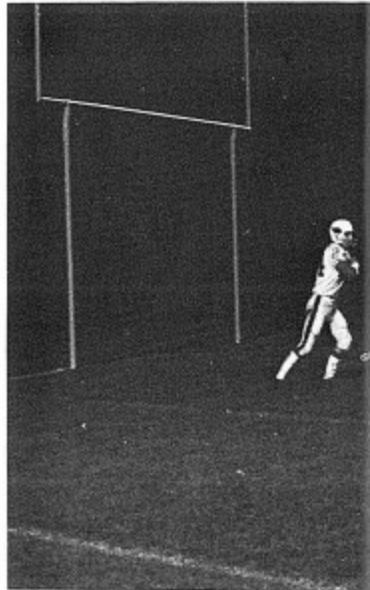

ACTIVITIES

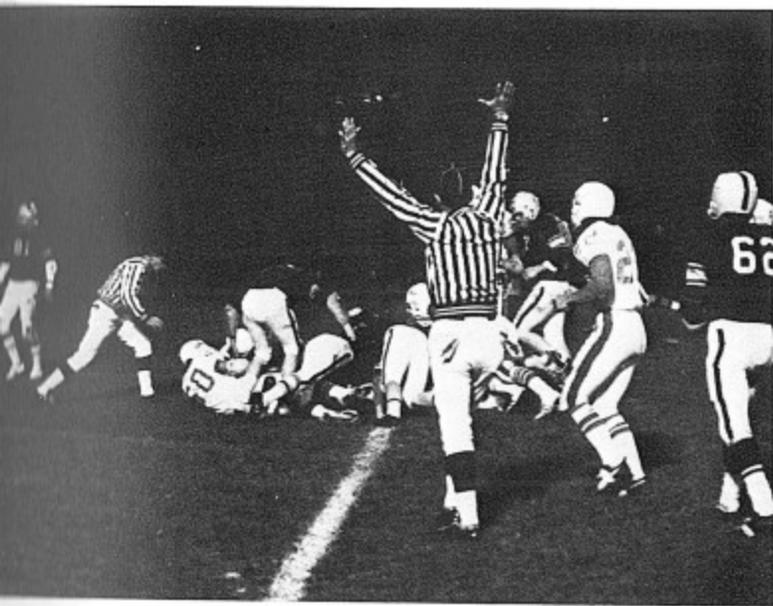

a reunion of memories
a carnival of time
our friends are together
and we all keep on tryin

keep your red rose
wilted to brown
keep all your friends
times on its way round

little one keep dancin
little one don't cry
our world will be changin
someday we'll say goodbye

A universe of infinite moods was
Homecoming 1972.

"DIRTY WORKS AT THE CROSSROADS"

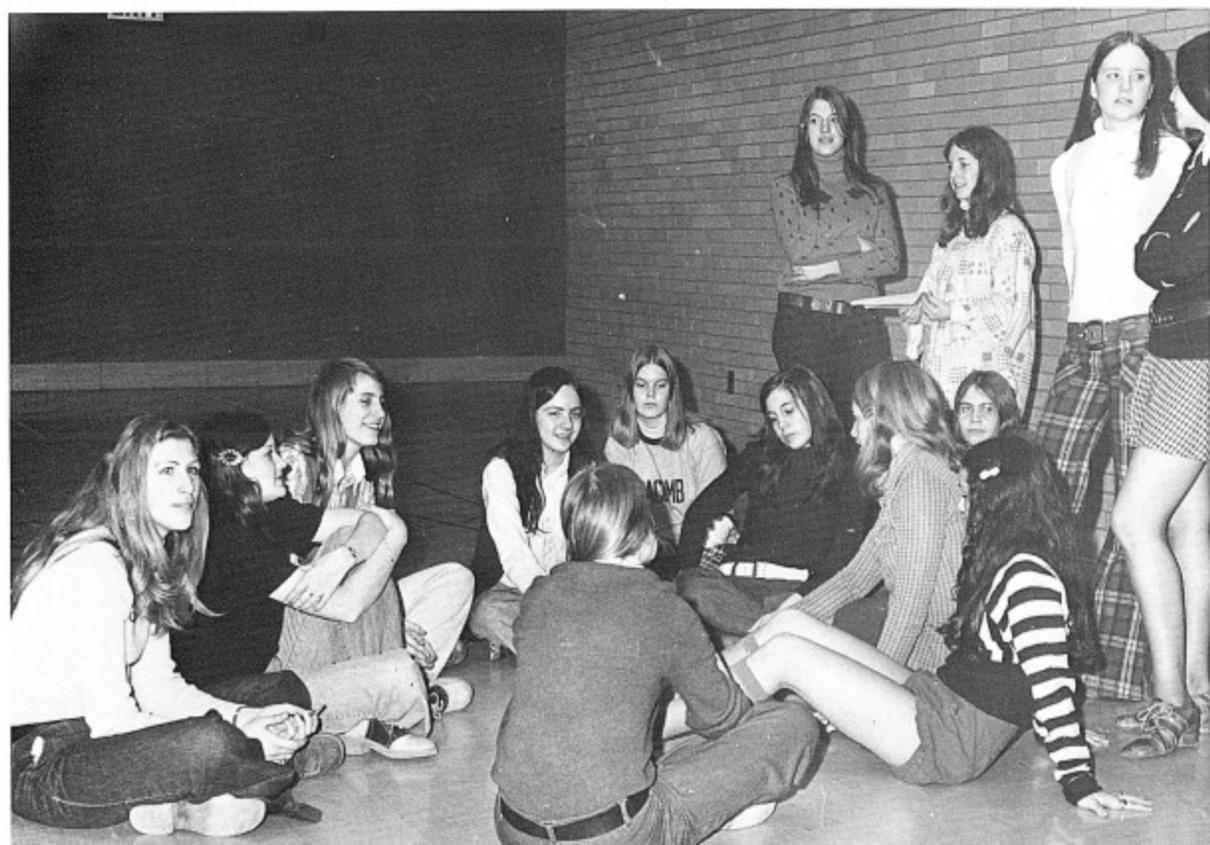

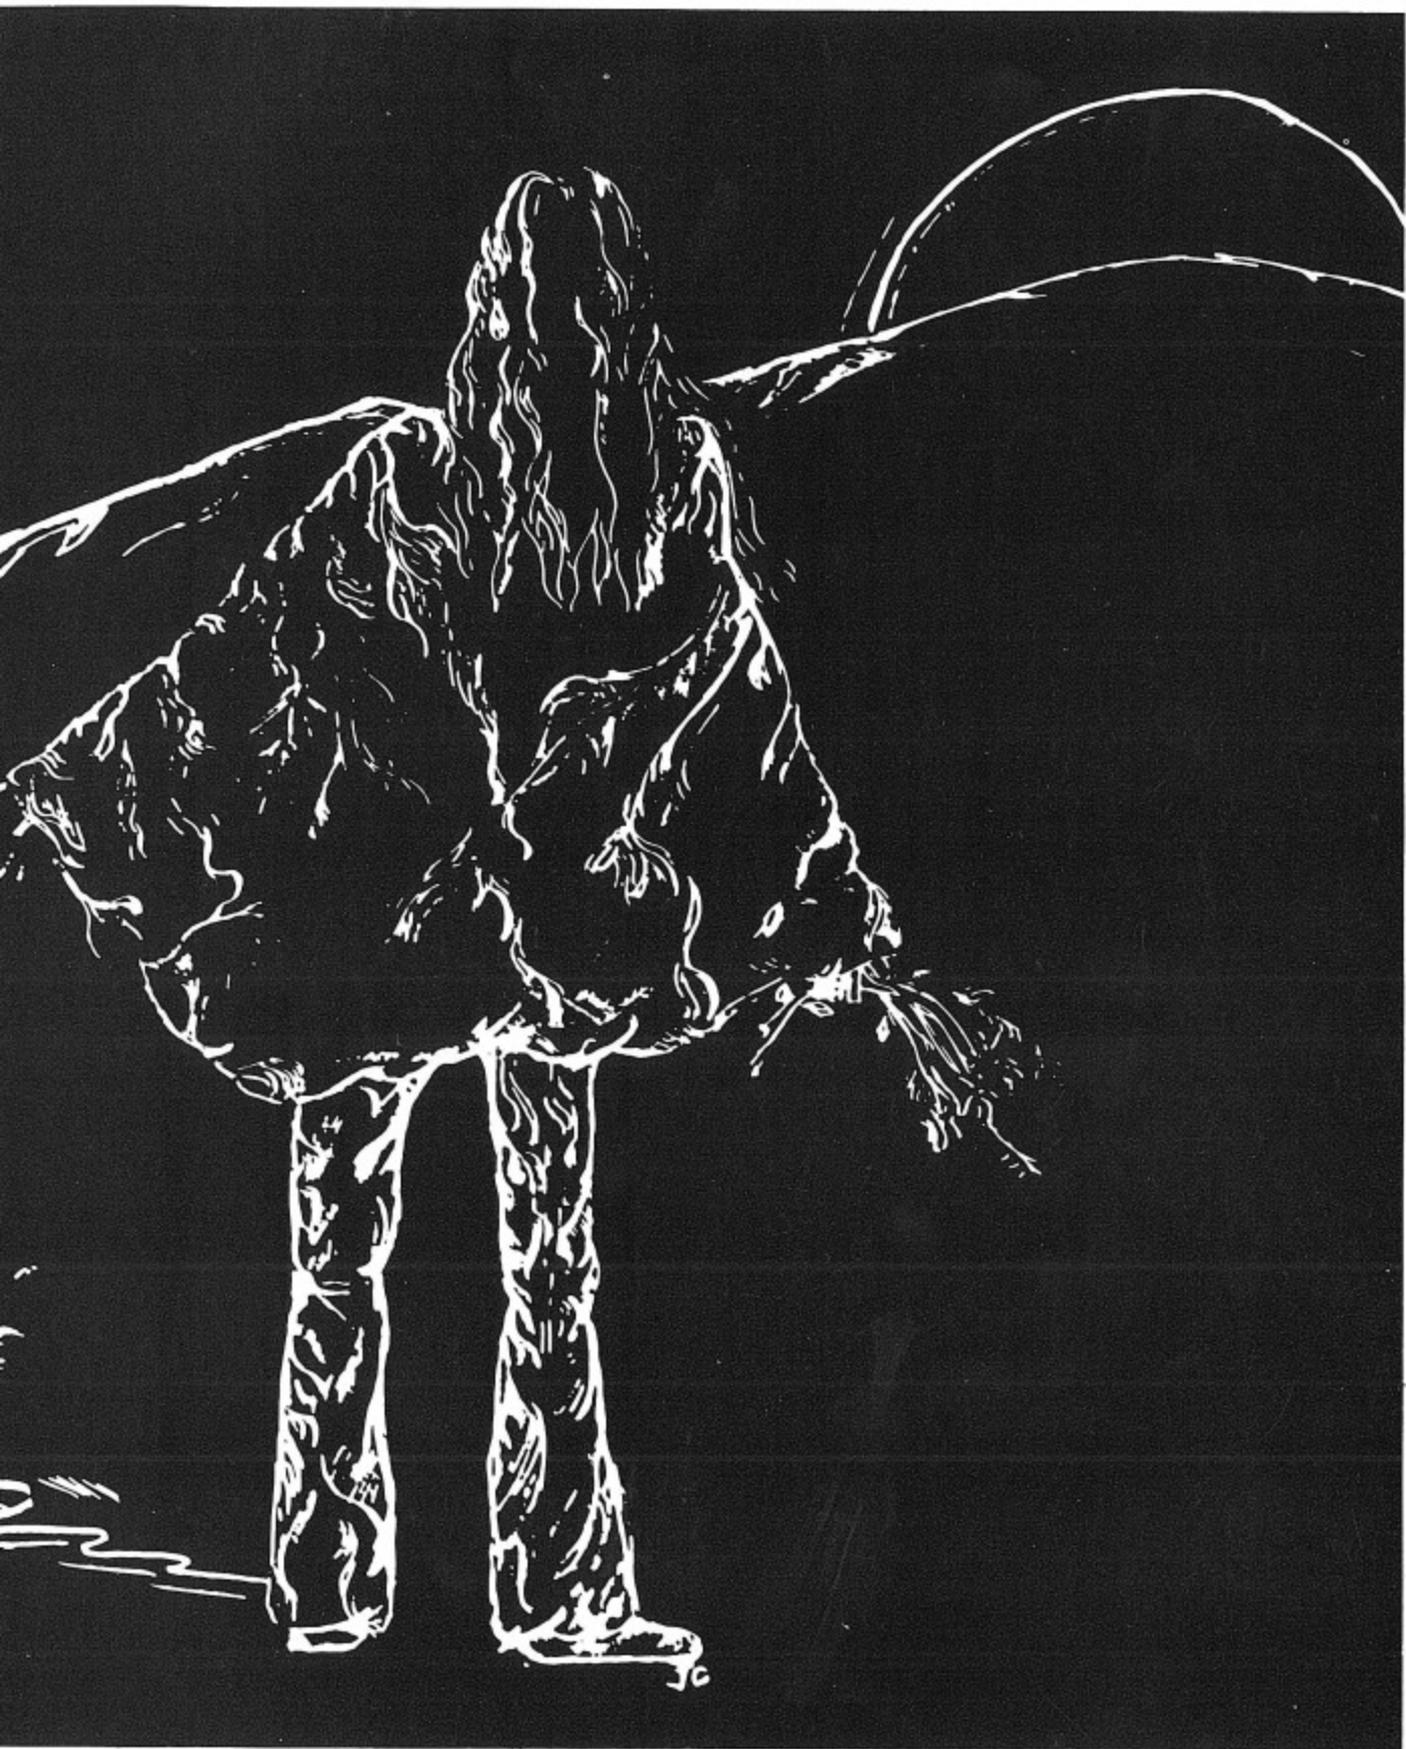

Quill and Scroll Society is the
one organization that is non-active.
It exists for honor only.

Turnabout and Bioblast break the monotony of school into a week of chaotic fun.

SILENT SUNLIGHT

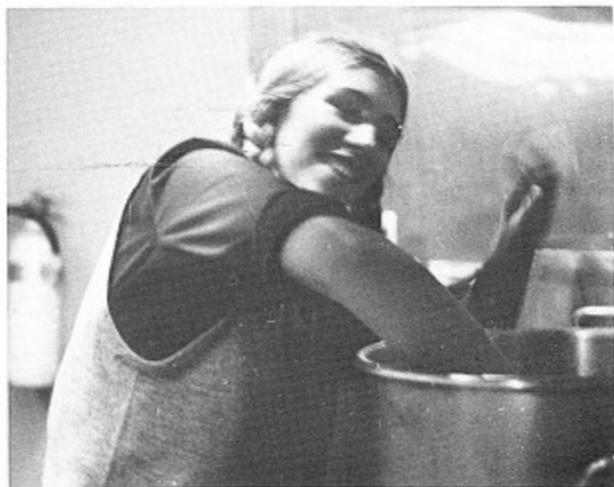

*Silent sunlight welcome in
There is work I must now begin
All my dreams have blown away
And the children wait to play
They'll soon remember things to do
When the heart is young
And the night is done
And the sky is blue
Morning Songbird, sing away
Lend a tune to another day*

*Bring your wings and choose a roof
Sing a song of love and truth
We'll soon remember if you do
When all things were tall
And our friends were small
And the world was new
Sleepy horses, heave away
Put your backs to the golden hay
Don't ever look behind at the work you've done
For your work has just begun
There'll be the evening in the end
But till that time arrives
You can rest your eyes
And begin again*

Cat Stevens

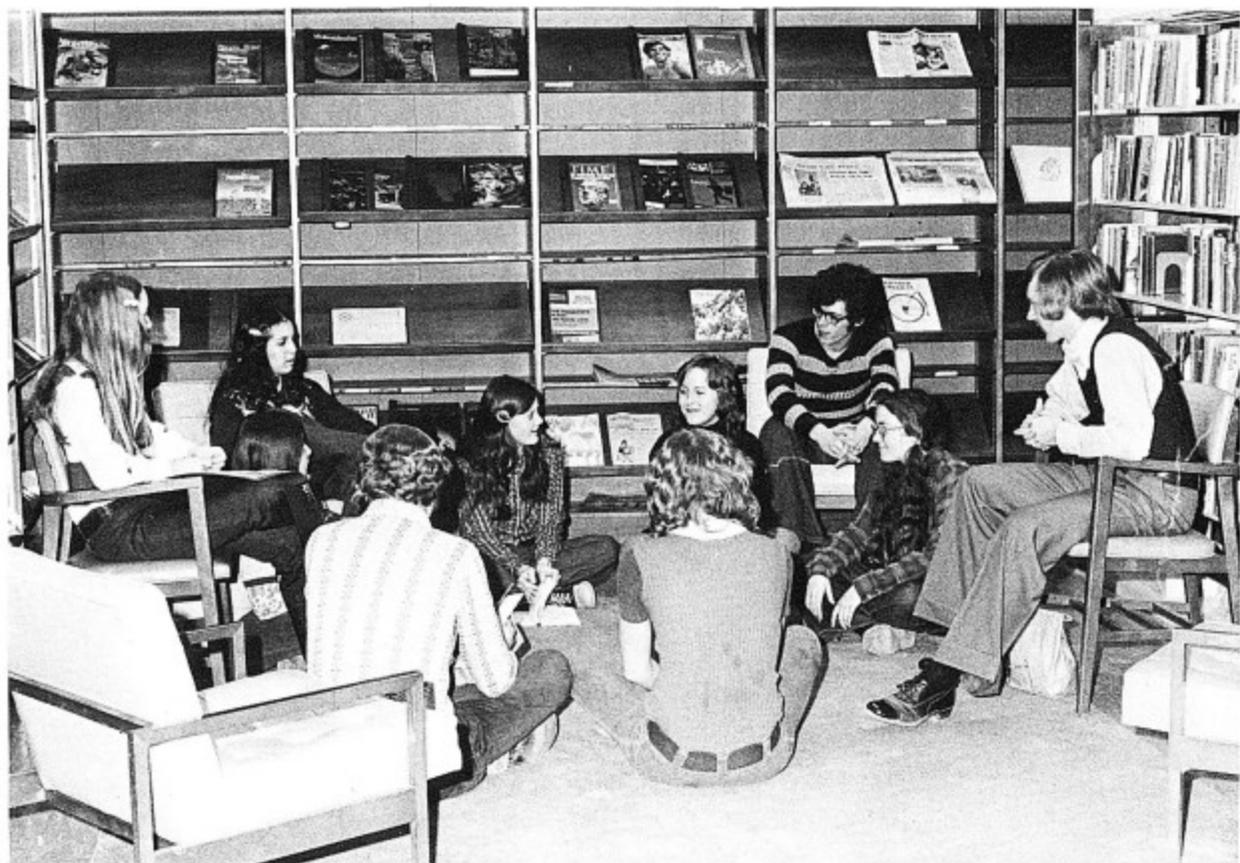

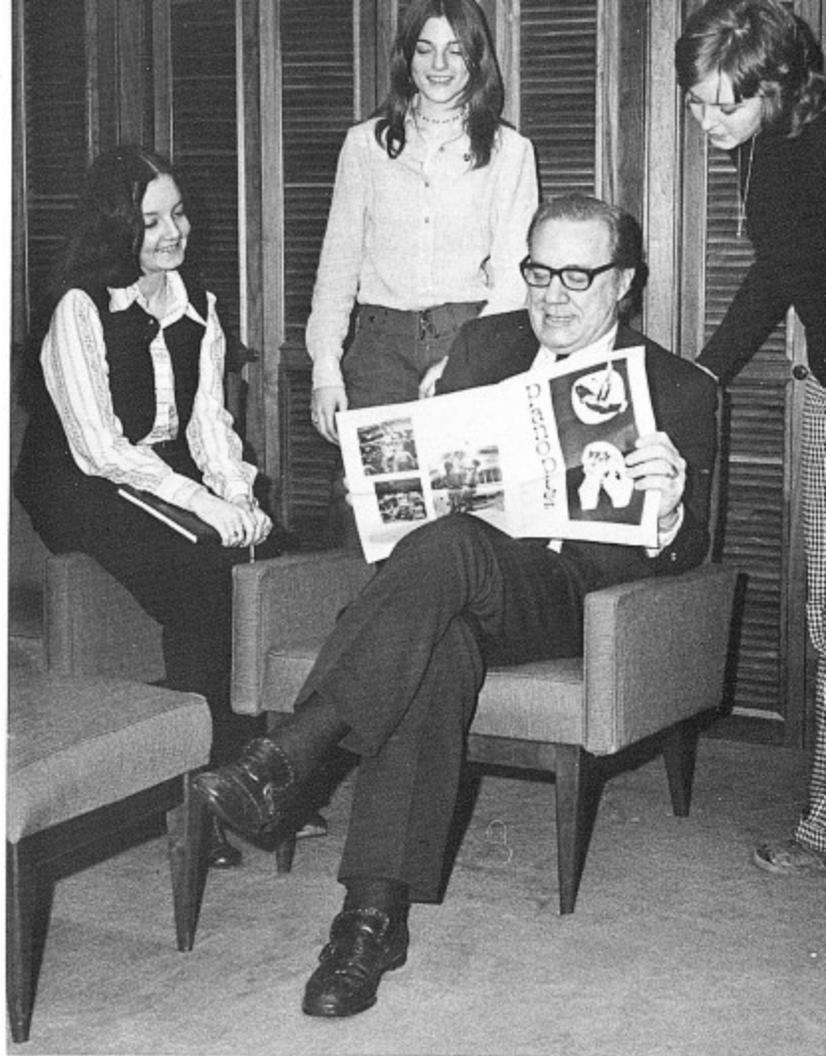

With a name like Biology Club, you would wonder what kind of lunches they would prepare, but their renowned success proved that idea wrong, as they earned their way to the annual canoe trip.

Much of the Council year was spent in joint sessions with Macomb High and Bardolph, discussing the problems of uniting three schools.

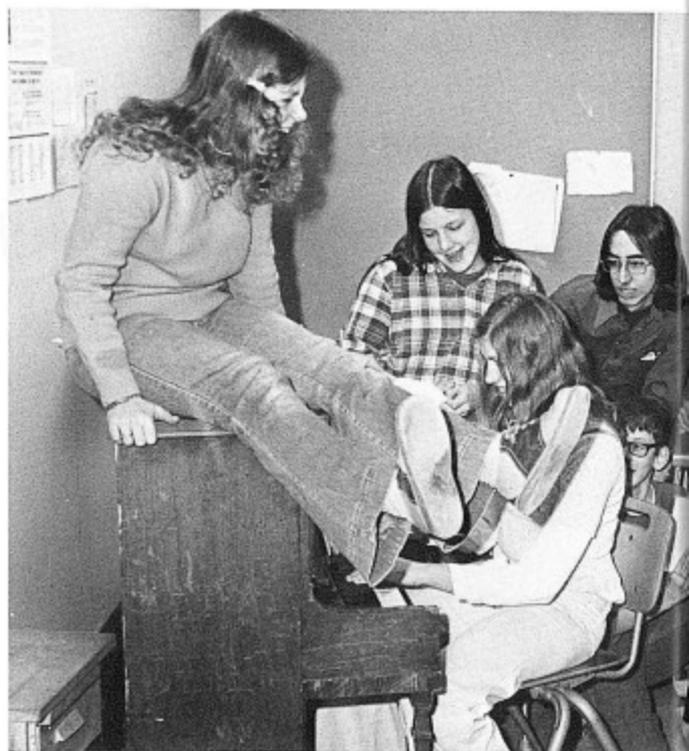

There are so many things

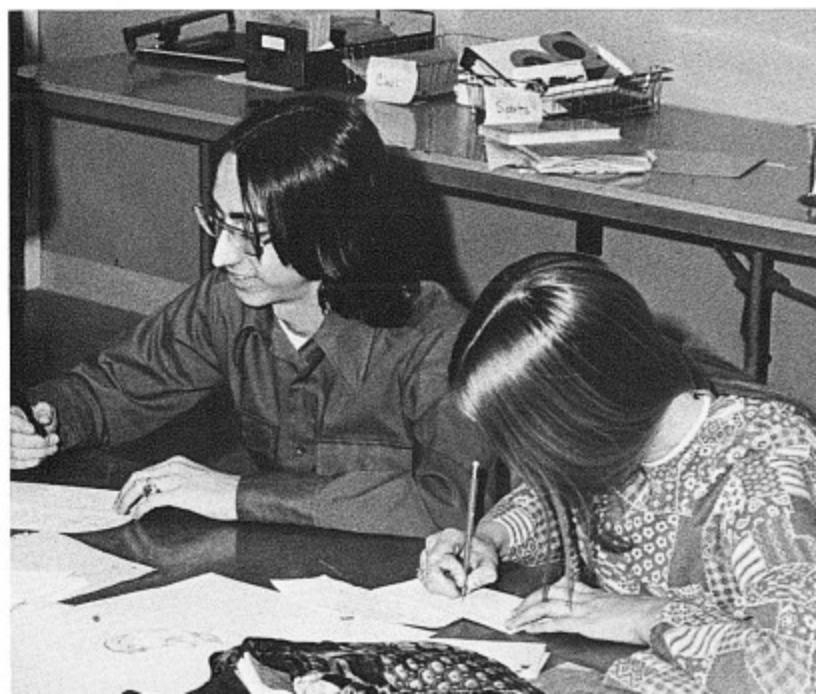

we could say about the Administration, but ...

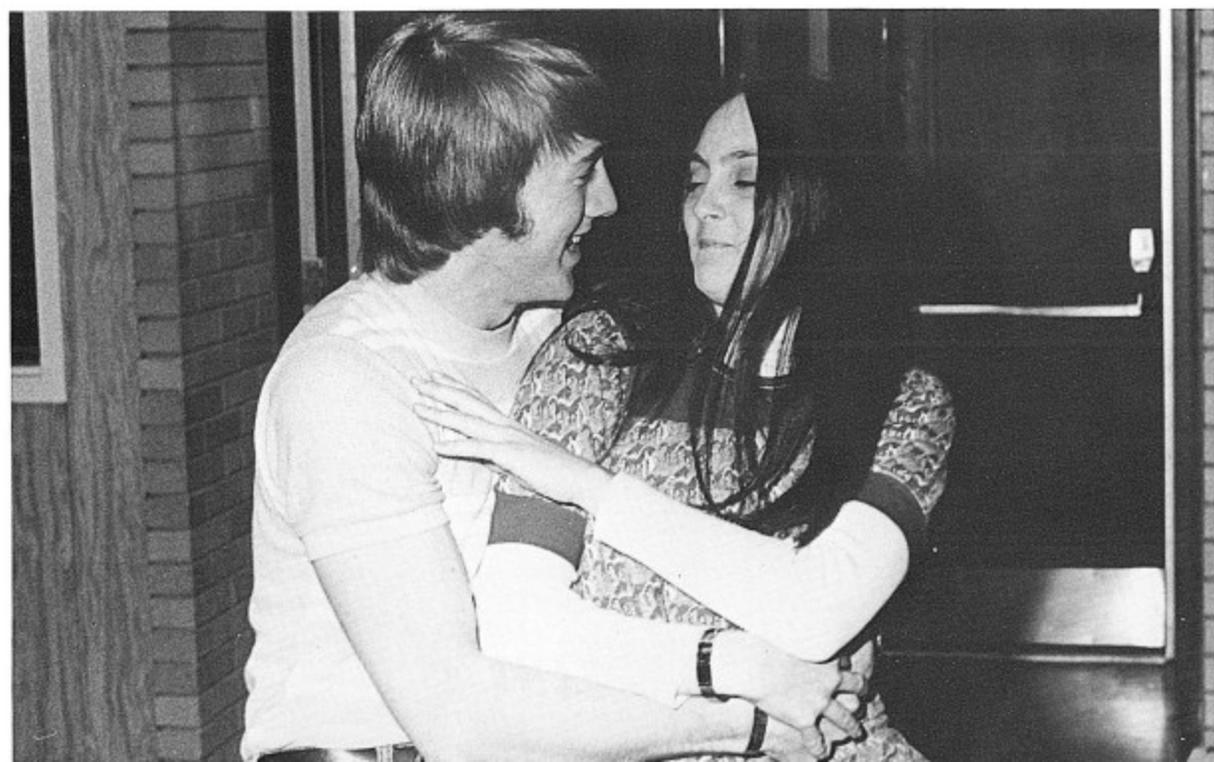

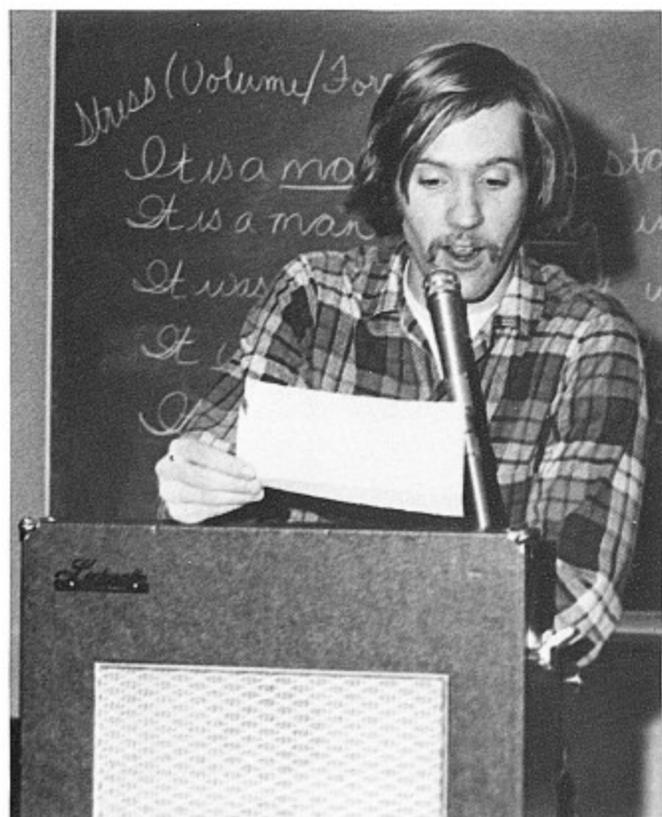

Once a month, these creative minds piece together our school newspaper, a product of mass concentration and skill.

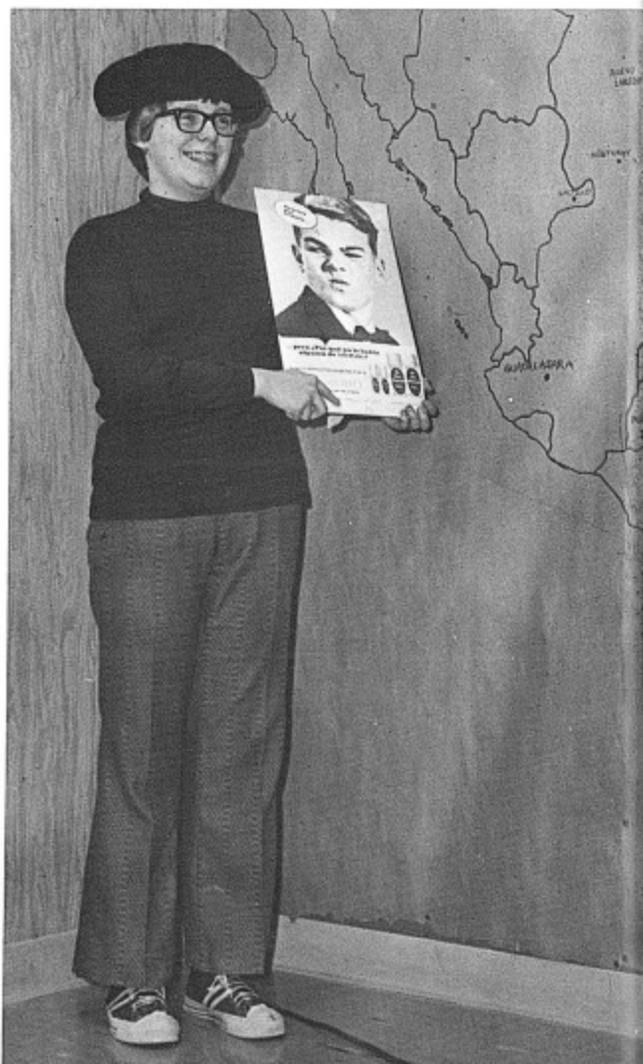

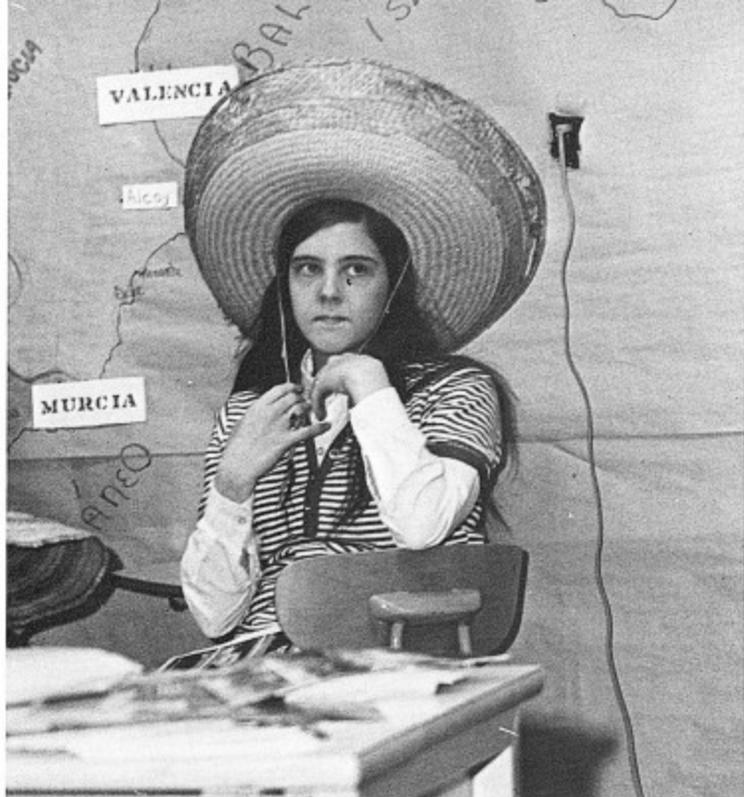

If a man is unable to express
his emotions,
he is not truly alive.

He is a victim of the
"lie of life."

Spanish Club
spent the year sending
members to flamenco shows,
Spanish dinners,
and Spain!

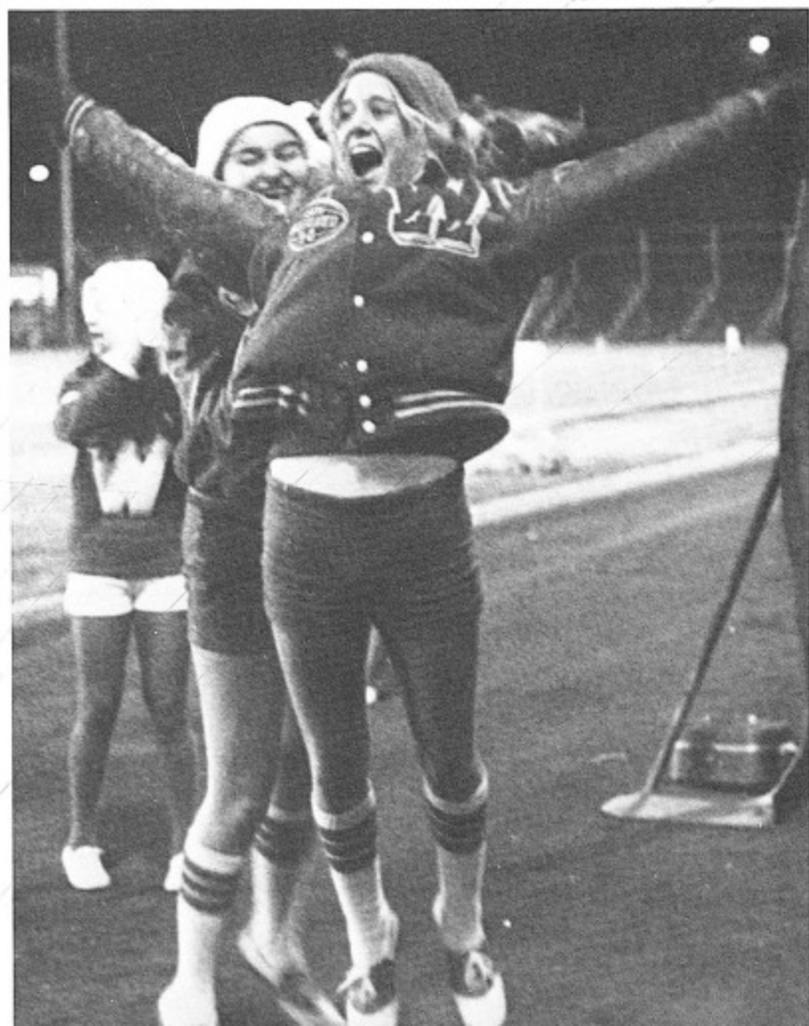

Epilogue decided that the only things
we could say were better left unsaid.

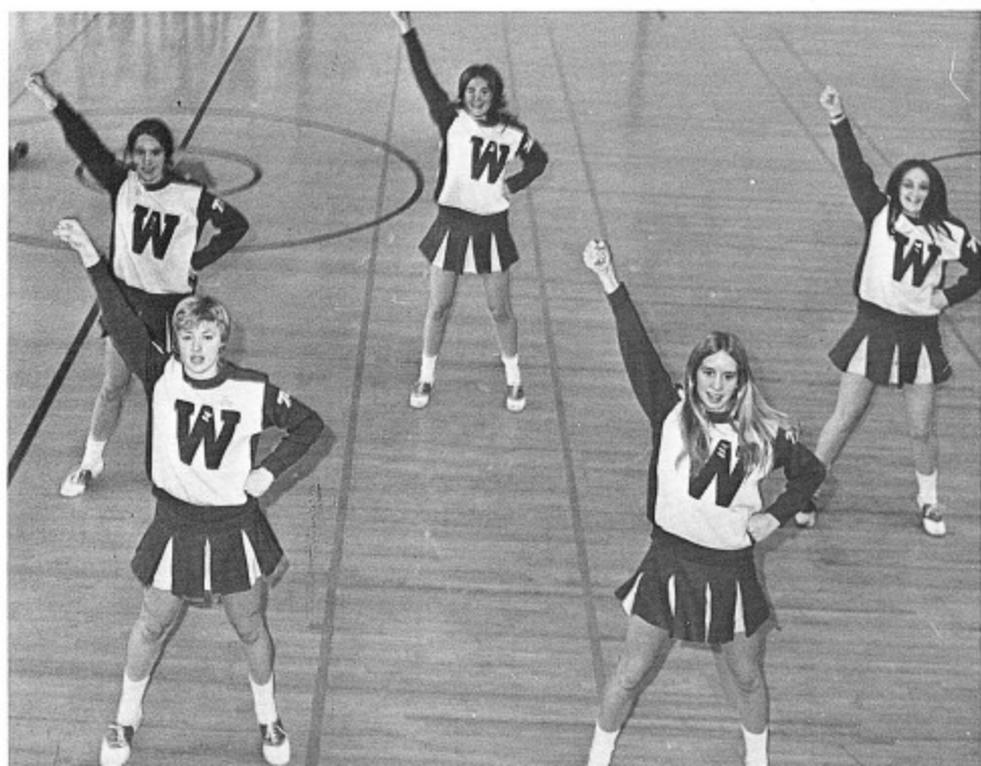

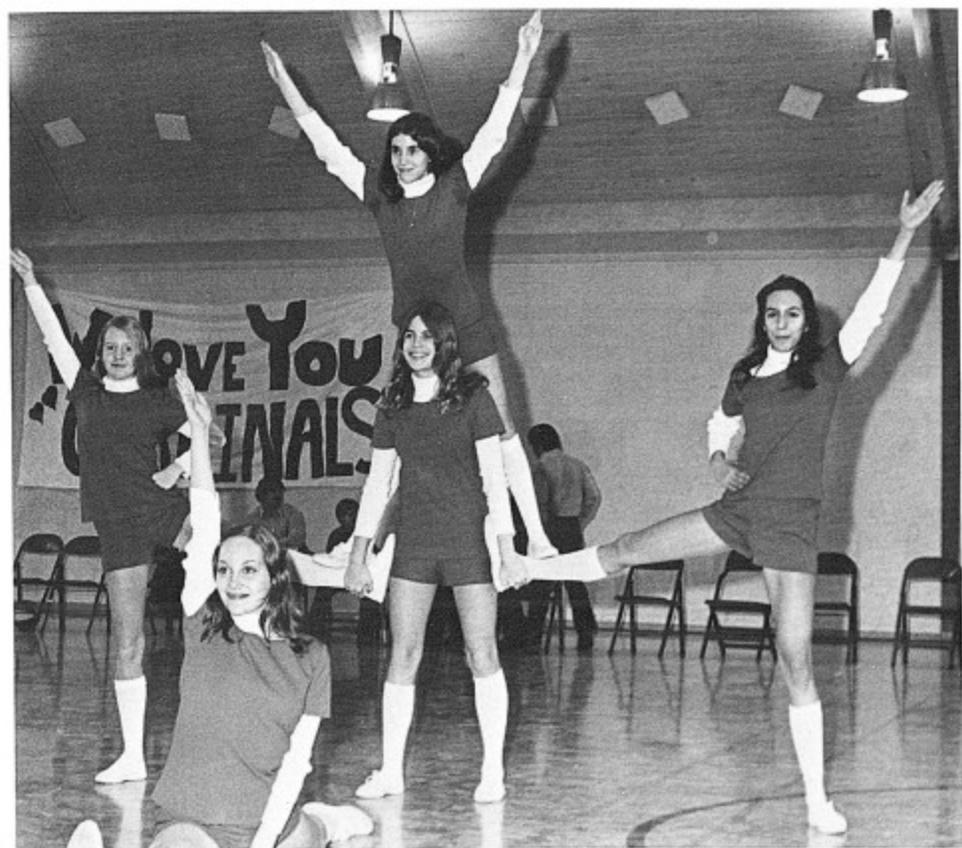

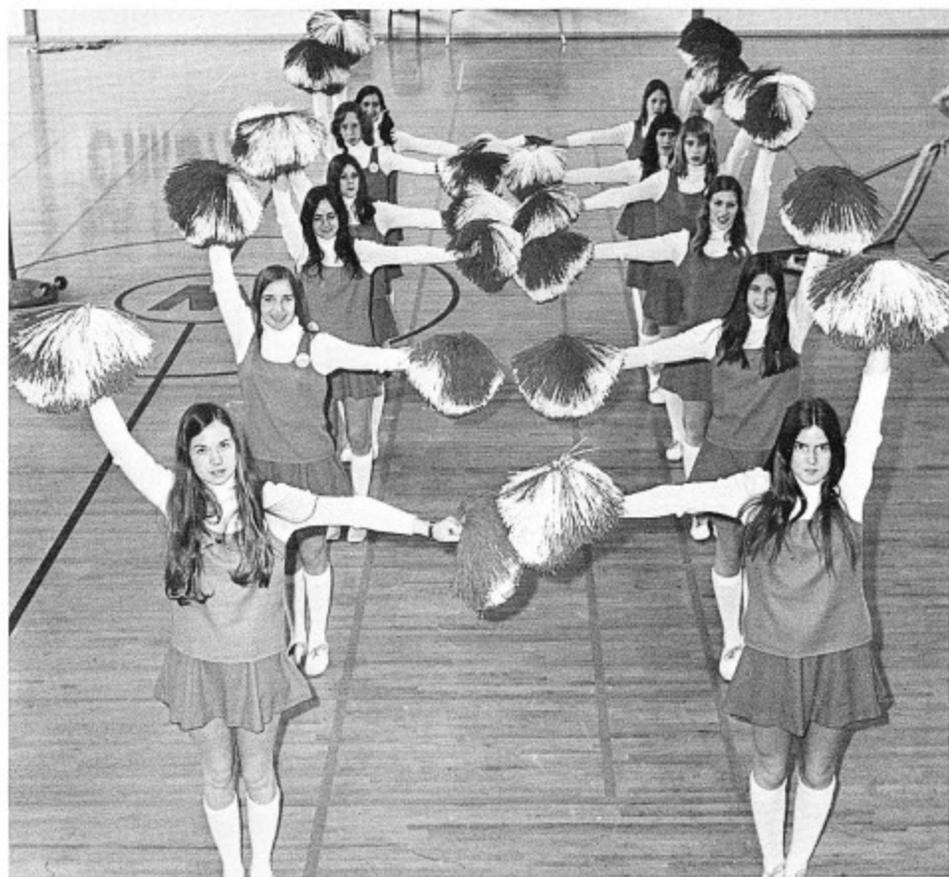

"We're loyal to you Western High..."

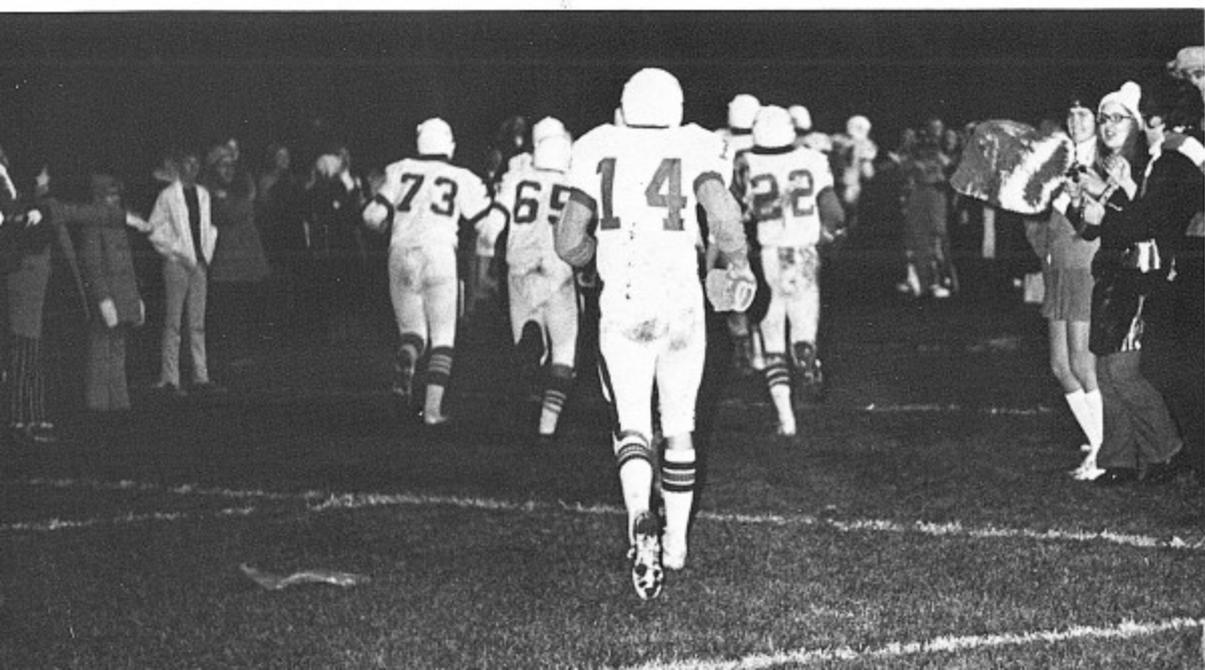

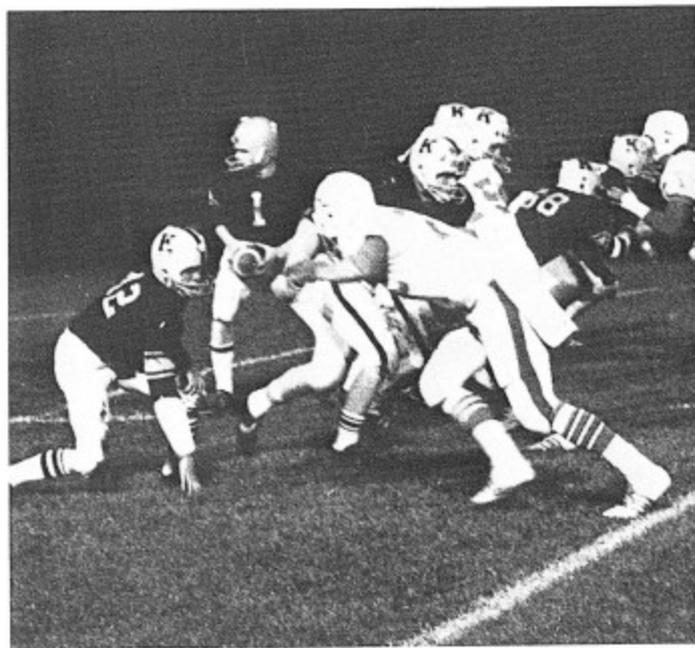

For the first time, a squad of twelve girls entertained crowds during half-time, adding their energy and enthusiasm to the football and basketball games.

While at the swim meets, the Timerettes helped with split-second decisions.

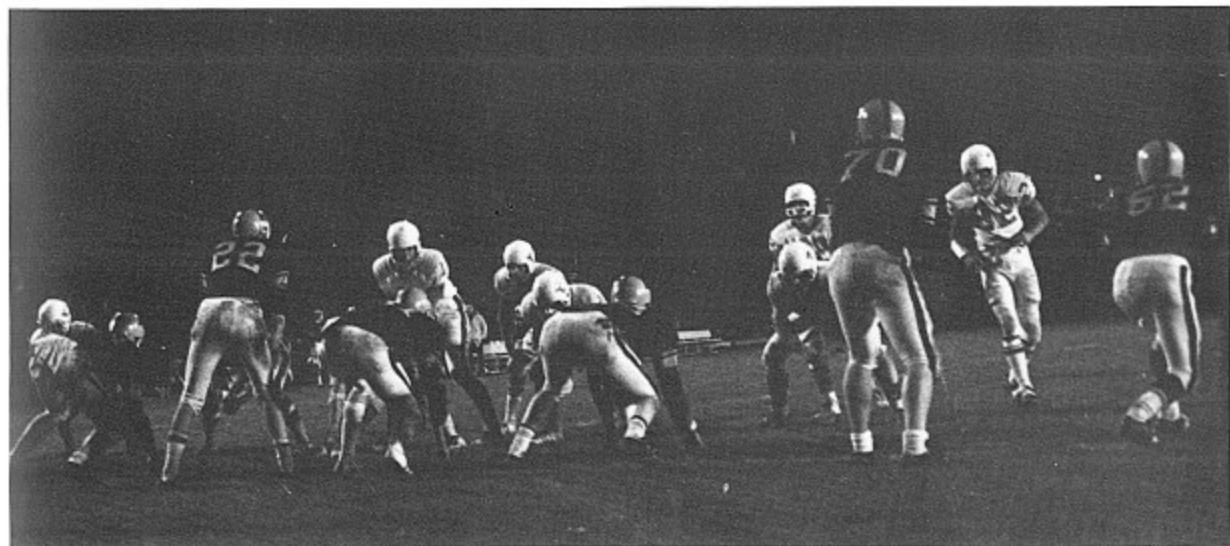

Western High football tradition is one
of pride and team unity.

This year, the Cardinals, drilled through
the grueling heat of the summer to develop into
a team never to be forgotten.
