

Great opportunities for STEM majors interested in teaching

Learning Assistant Program

Become a **Learning Assistant** in a Black Hawk College biology, chemistry, mathematics or physics class.

- Gain real **experience** working in a classroom.
- Assist instructors with the **classroom discussions**.
- Collaborate **with faculty** and program coordinators to promote the success of other **future teachers**.

NOYCE Teacher Scholarship

BHC students who commit to completing one of the secondary education options in biology, chemistry, mathematics or physics at Western Illinois University may apply for a NOYCE Teacher Scholarship.

- Covers the full cost of tuition, room and board.
- Renewable for qualified applicants.
- BHC students get preference over other non-BHC/non-WIU applicants.

Why teach?

Behind every advance in medicine or technology is a teacher who left a lasting impression.

Teachers also enjoy:

- Flexible summers
- Work/life balance
- Relationships with students and colleagues
- Competitive pay

About the BHC and WIU partnership

These opportunities are made possible through a \$1.4 million National Science Foundation NOYCE STEM Teacher Scholarship Track I grant that Western Illinois University received in partnership with Black Hawk College. The goal of this grant is to produce more highly-qualified STEM teachers for our area high schools.

This material is based upon the work supported by the National Science Foundation under Award No. 2243323.
