Western Illinois University

IBHE Program Review Data Resources

Institutional Research will provide departments with a minimum of 5 years of program data (reflecting the most recent fall term) by July 1 of every year. New fall term data will be available by mid-October. Data is available on the Institutional Research website. Examples of data a program may need include the following:

- Enrollment by location, sex, race/ethnicity, new student count, and second major.
- Degrees conferred by race/ethnicity.
- New freshmen profile (standardized test scores, high school rank, and high school grade point average.
- Fall enrollment at Illinois Public Universities for programs with the same six-digit Classification of Instructional Program (CIP) code.
- Fiscal year degrees conferred at Illinois Public Universities for programs with the same six-digit Classification of Instructional Program (CIP) code.
- Fiscal year cost per credit hour.
- Fiscal year credit hours per staff year.
- Academic program data by term (summer, fall, and spring).
- Student credit hour production (fiscal year by location).
- Retention and graduation rates.
- Faculty and staff data by college.
- Course data by college.
- Student credit hour production by college and department (5 fiscal years).
- Archived course offerings
