Academic Club of Engineering

Meeting Agenda:

- Discuss job shadowing options
- Discuss the drone project

Meeting Attendees: Ryan, Noah, Aaliyah, Alex, Calvin, Taitum, Jack,, Najeh, AJ

Meeting Minutes:

- Ryan said that moving forward, meetings will be held every other week. Therefore, the next ACE meeting will be Wednesday 20 September.
- Aalliyah told members about an electrical engineering meeting that will be held later in the semester. She also mentioned that Dr. Shin will be sending out emails concerning this meeting once the date has been finalized. Dr. Shin also mentioned that it would be a good opportunity for ACE to attend the meeting to introduce more students to the club and hopefully recruit more members.
- Noah and Alex mentioned that the SGA meetings will be held every week from now on
- Ryan said that he got positive feedback from Shive Hattery and the US Army Corps of Engineers concerning job shadowing. These establishments said that they would be interested in having ACE members job shadow.
- Other places of interest for job shadowing suggested by the group include Elliott Aviation and John Deere.
- A snapchat group was created for the members interested in building the drone.
- Taitum suggested that it would be a good idea to have someone demonstrate how to make parts for the drone.
- Ryan mentioned that at the next meeting, we will be touring the Makerspace

The meeting adjourned at 1:00pm
