

EXAMPLES OF APPROPRIATE CSAF REQUESTS

- 1 | Tabling supplies** are considered appropriate because they help orgs serve the student body more effectively
- 2 | Food** is appropriate when it makes sense for the organization and event it's being requested for. For instance, a cultural event where food is a major part of it is appropriate while ordering for an ordinary org meeting would be inappropriate
- 3 | Prizes** are generally considered appropriate, however, the expected number of attendees is taken into consideration when determining the appropriate quantity and cost of prizes
- 4 | Decorations and supplies** are considered appropriate when they enhance or are critical to the aesthetic of an org-specific event which is open to the campus community
